

**1976 AMC passenger cars...** Built with you in mind

Special AUTO SHOW Edition

# Pacer

*Pacer, the first wide small car, has more of everything for everybody. That's a big order. But Pacer fills it beautifully.*

*Being the first wide small car gives Pacer a years-ahead look. Styling to stay in style . . . beautifully functional. A low, easy-to-see-over hood. Broad expanses of glass for virtually 360-degree visibility. A passenger side door nearly four inches wider to make getting in and out easier, front and rear.*

*Inside, Pacer's greater width pays off in more room than you thought possible in a small car. Try it for size. Even with a full complement of four passengers, there's more room all around.*

*And out on the road, Pacer's wide firm stance gives it a solid feel that's like nothing in its class. Rack and pinion steering provides handling that's a pure delight.*

*Economy, of course, is another Pacer strong point. Its 6-cylinder engine means more miles per gallon; its 22-gallon gas tank means more miles between fill-ups.*

*And there's another benefit to being the first wide small car—the wider coverage provided by AMC's exclusive BUYER PROTECTION PLAN.®*

## Gremlin

*Gremlin has always meant economy. And for '76, there's a Gremlin model among the lowest-priced cars built in America. Add to these savings Gremlin's happy, care-free way of going places, and you've got quite a car.*

*There's more. Sensible styling with a look all Gremlin's own. It's functional styling, too, with built-in versatility: whenever you need more carrying capacity (for luggage, groceries, other things), the rear seat folds down to lengthen the cargo deck. And, inherent in Gremlin's design is a wide, road-hugging stance that gives you a smooth, stable ride.*

*Behind the wheel, Gremlin's easy handling adds up to real driving fun. Gremlin with its thrifty Six and its big 21-gallon gas tank lets you go a long, long way between fill-ups!*

*Gremlin's high resale value—among the best in its class—says a lot for this subcompact. The exclusive AMC BUYER PROTECTION PLAN® says even more.*

*If you're in the market for an economy car this year, look into the '76 Gremlin. Treat yourself to some fun along with big helpings of savings and value.*

# Hornet

*Hornets come in four different versions—all of them sporty, fun, economical.*

*Hornet Sportabout is as much wagon as most people need. Four big, wide-opening doors. Cargo space (rear seat down) measuring 56 cu. ft. There's generous room for a full load of passengers, too.*

*Hornet Hatchback is a roomy, comfortable 5-passenger coupe. Yet when you need cargo space, you've got it like magic. Fold down the rear seat, open the big "third door" and—presto!—you've got 30½ cu. ft. of space just like that.*

*Hornet Sedans are available in both a 4-door and 2-door (not shown). Compare them with any other compact for room, ride, handling, workmanship. You'll be pleased with what you find.*

*All Hornets have economy in common (a great gas-saving Six is standard, optional overdrive saves even more!). And the BUYER PROTECTION PLAN® means additional savings in upkeep.*

*Hornets for 1976: economy cars with a sporty touch you didn't bargain for.*

## AND NOW A WORD FROM THE PEOPLE WHO BUILD AND STAND BEHIND THE CARS YOU'VE JUST SEEN.

At American Motors and at your local AMC dealership, your needs as a consumer and your satisfaction as a customer always come first. In the big, busy, impersonal world of today that may seem rather different. It is. But we don't ask you simply to take our word for it.

Take our cars, for example. Each one from Pacer right up to Matador is designed to give you full value and longer-lasting satisfaction. Each is a quality-built product that provides outstanding, all-around economy—a car that is economical to buy, own and operate.

Whether it's your first car or your 15th... whether you're single, newly wed, have a family or your family is grown... our Pacers, Gremlins, Hornets and Matadors offer alternatives you'll appreciate. Our differences in design, features and equipment add up to a big difference in car choice. Within the full AMC line you'll find the model that more exactly suits your needs as it fills all the needs of today's driving.

Take our exclusive BUYER PROTECTION PLAN®. It's always been the plan with a difference—protection for both your AMC car and you. And for a nominal sum, you get our DOUBLE BUYER PROTECTION PLAN which extends the protection up to two years or 24,000 miles.

Take our invitation. Now that you've read about our new cars, look them over closely. Try them out on the road. And be sure to ask a salesman to explain in full each of the benefits of the BUYER PROTECTION PLAN®, which we've highlighted for you here. You'll find in all of our differences a new kind of dedication to your satisfaction as a customer. You'll also find every reason why this Bicentennial Year is the best one yet to go with the Economy Experts!

### AMC BUYER PROTECTION PLAN.®

#### 1. A simple, strong, full 12,000-mile/12-month warranty:

When you buy a new 1976 AMC car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship. This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first. All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada and that guaranteed repairs or replacements be made by an American Motors dealer.

#### 2. A free loaner car from almost every one of our dealers if guaranteed repairs take overnight.

#### 3. Special Trip Interruption Protection.

#### 4. And a toll-free hot line to AMC Headquarters.
