| INTERIOR

TAKE COMFORT IN A HERITAGE OF CRAFTSMANSHIP

The XTS interior features the latest in modern amenities. The spacious cabin boasts clean lines, exquisite materials and an unmatched attention to detail. For truly remarkable comfort, step inside.

XTS Premium Luxury interior in Kona Brown with Jet Black accents. Shown with available equipment.

OFFERED FEATURES: CURATED INTERIOR TRIM OPTIONS • HEATED & VENTILATED FRONT SEATS • 22-WAY ADJUSTABLE FRONT SEATS • REAR-PASSENGER COMFORTS • MEMORY PACKAGE • BOSE® PREMIUM SOUND

Finishes reminiscent of fine tailoring

Interior trim options are curated, so no matter what you choose all will work together beautifully. The materials themselves are also quite special. Available Semi-Aniline leathers are both supple and strong, for superior wear resistance. And wood trims like Nutella Sapele are selected for both durability and delight.

Preferred seating

Available front seats that both heat and ventilate quickly become something you cannot imagine doing without.

The lap of leisure

Available 22-way adjustable front seats offer both leather and Semi-Aniline leather and feature power-adjustable seatback bolsters and manual thigh support for true indulgence.

Comfort at your control

The available Tri-Zone Climate System allows the driver, as well as front and rear passengers, to precisely control their personal comfort, while enjoying uninterrupted leg room.

A true welcome

An available memory package automatically recalls the preferred positions of the driver seat, power telescoping steering wheel and outside mirrors, moving these features accordingly.

Sound worthy of its venue

The available 14-speaker Bose® Studio Surround Sound system is optimized specifically for the XTS.

| EXTERIOR

DISTINCTIVE AND CHISELED LINES MAKE A POINT

Modern elegance and timeless style cannot be ignored. From the striking lines of its steel skin to a powerful stance, the XTS presents a bold presence.

OFFERED FEATURES: INNOVATIVE LIGHTING • ENHANCED GRILLE & BODY •
20" WHEELS

Shining a light on design details

High-Intensity Discharge (HID) headlamps emit a crisp, white light providing illumination superior to traditional lighting. The available Intellibeam system automatically switches between high and low beams, while available illuminated outside mirrors and welcoming door handles create a beacon as you approach the vehicle.

Innovation you can see

Intellibeam headlamps automatically turn high beams on or off, according to outside conditions. The system also disengages high beams when approaching headlights or taillights are within range.

A stunning conclusion

The signature LED taillamps showcase the dramatically sculpted rear profile.

Style comes full circle

Available 20" wheels make a powerful statement where the XTS meets the road.

| SAFETY

SAFETY IS A JOURNEY THAT IS NEVER REALLY FINISHED

It is one where Cadillac has traveled a great distance, with a heritage of innovative safety that is directing the way forward. The XTS offers a variety of systems that are at the cutting edge of safety technology.

OFFERED FEATURES: SURROUND VISION • SAFETY ALERT SEAT • SIDE BLIND ZONE ALERT • REAR CROSS TRAFFIC ALERT • FORWARD COLLISION ALERT • LANE KEEP ASSIST WITH LANE DEPARTURE WARNING • HEAD-UP DISPLAY • AUTO-DRY BRAKES • FRONT & REAR AUTOMATIC BRAKING

Surrounded by safety innovation

FRONT

Truly forward thinking

Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent.

Windshield wipers and brakes work together

Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever wipers are activated, Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

REAR

Hindsight is 20/20

When backing out of a parking space, Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle.

SIDE

Travel the straight and smart

Lane Keep Assist with Lane Departure Warning uses technology that gently adjusts the steering wheel to help you keep the vehicle within the detected lane markings. With Lane Departure Warning, you're alerted if you drift into another lane without using a signal.

All clear

Side Blind Zone Alert monitors your blind spots, so if a vehicle is in the adjacent lane, and you've activated your turn signal, an icon in the side mirror illuminates to alert you.

INSIDE

Gain precious time

Up to certain speeds, Front and Rear Automatic Braking can sense imminent front and rear collisions and automatically engage the brakes, if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

Safe space

Adaptive Cruise Control uses both radar and cameras to maintain a set distance between you and the vehicle ahead.

Strong enough to crumple

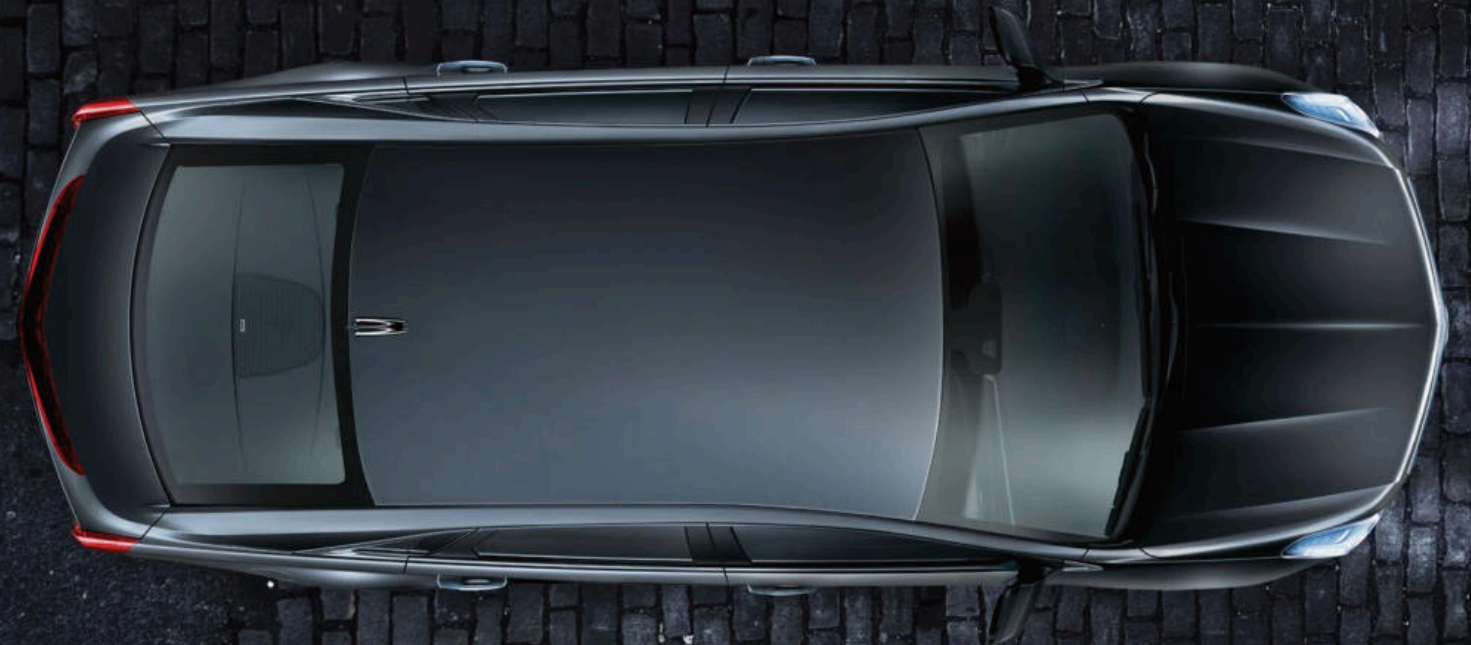

The ultra-high-strength-steel safety cage features strategically placed crumple zones that absorb and manage the energy from a collision, helping preserve occupant space.

A higher vision of safety

Available Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected on the Cadillac CUE[®] screen, helps increase your awareness when parking or in Reverse.

Danger, detected

Cadillac's patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat — left, right or front.

| TECHNOLOGY

INNOVATION THAT TRANSPORTS YOU

A cabin you can speak to gives voice to a particular point of view about convenience and connectivity. No matter where you sit — front, rear, driver or passenger — XTS technological advancements reward.

XTS Platinum interior in Jet Black with Light Wheat accents.

OFFERED FEATURES: CADILLAC CUE® • PHONE INTEGRATION • ENHANCED STEERING WHEEL • AVAILABLE ONSTAR 4G LTE AND BUILT-IN WI-FI® HOTSPOT • WIRELESS CHARGING • RECONFIGURABLE GAUGE CLUSTER

More than a connection at your fingertips

Cadillac CUE¹ puts a suite of information and entertainment offerings at your command, including climate control, audio and system preferences, plus available 3-D GPS navigation.²

Your phone, even smarter

Cadillac CUE Phone Integration with Apple CarPlay™³ compatibility allows you to access your contacts, Apple Music™ and other information from your iPhone® with a touch of the screen, as shown below. You can also access Siri®, so features are easily accessible to you or your front-seat passenger.

Phone Integration also offers support for Android™ Auto³ compatibility.

Driving perfectly in place

Enjoy the ease of a power tilt-and-telescoping steering wheel that is wrapped in leather. The steering wheel is handstitched and is available with heat controls as well.

¹ Cadillac CUE functionality varies by model. Full functionality requires compatible Bluetooth and Smartphone. Some devices require USB connectivity. ² Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ³ Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply.

Stay connected and charged

OnStar 4G LTE and built-in Wi-Fi™ hotspot allows you to connect up to seven devices at the same time, up to 50 feet away from the XTS. And just as convenient, compatible devices can be powered with Wireless Charging⁵ anytime the vehicle is running.

⁴ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage, map, details and system limitations. ⁵ The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see mycadillac.com.

Gauge what you'd like to see

An available reconfigurable instrument cluster lets you display driving, entertainment, communications and, if equipped, with navigation information. And the enhanced 12.3" diagonal display, staying informed feels effortless.

XTS Premium Luxury interior in Kona Brown with Jet Black accents. Shown with Apple CarPlay³ and other available equipment.

| PERFORMANCE

POISE AND POTENCY

The XTS offers a ride as controlled and confident as those who drive it. Inspired acceleration, assured braking and responsive handling that engages both road and driver makes every trip a pleasure.

XTS Platinum in Dark Adriatic Blue Metallic. Shown with available equipment.

OFFERED FEATURES: POWERFUL V6 ENGINE CHOICES • MAGNETIC RIDE CONTROL • BREMBO® FRONT BRAKES

Choose power

Consider two remarkable powerplants. The standard 304-hp, 3.6L V6 engine features direct injection for power and efficiency. V-Sport Premium Luxury and V-Sport Platinum models are equipped with a 410-hp, Twin Turbo V6 engine. Each option is paired with an advanced 6-speed automatic transmission.

Reading the road 1000 times a second

Cadillac's Magnetic Ride Control reads the road up to 1000 times a second, automatically adjusting the suspension to road quality and weather conditions. The result is a highly responsive, smooth drive regardless of road conditions.

Race-proven. Full stop.

Utilizing lightweight aluminum calipers, Brembo front brakes offer a host of advantages including smooth, responsive stopping power and fade resistance.

XTS Platinum in Graphite Metallic. Shown with available equipment.

STANDARD FEATURES

2017 XTS Features

DRIVETRAIN

Engine 3.6L V6 CVVT Direct-Injection with 304 hp @ 6800 rpm and 264 lb-ft of torque @ 5300 rpm
Transmission 6-Speed Automatic includes steering wheel-mounted paddle shifting

OnStar acts as a link to existing emergency service providers. **8.** Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. **9.** Before making a lane change, always check the Side Blind Zone Alert display and the side and inside rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal. **10.** Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

OWNER BENEFITS

Our owners deserve it all. That's why 2017 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit: cadillac.com/XTSownerbenefits

ONSTAR

With available OnStar,¹ you can get immediate help, outsmart and avoid vehicle theft, reach destinations, stay connected, even manage your vehicle's health. To learn more, visit: cadillac.com/onstar

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

¹ Visit onstar.com for coverage map, details and system limitations. Services vary by model. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Available Wi-Fi requires compatible mobile device, active OnStar service and data plan. Data plans provided by AT&T. ² Roadside Assistance Program and Courtesy Transportation Program are not part of the New Vehicle Limited Warranty. A separate booklet titled, "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.

UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-782-4356 or by visiting www.helminc.com.

NEW VEHICLE LIMITED WARRANTY

World-class coverage comes standard on every 2017 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)

Powertrain limited warranty with no deductible, Roadside Assistance Program² and Courtesy Transportation Program²

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.
