

VOLT 2019

CHEVROLET

Volt Premier in Pacific Blue Metallic.

¹ Based on recognized industry awards for 2016–2018 model years. ² EPA-estimated 53-mile EV range based on 106 MPGe combined city/highway (electric); 367-mile extended range based on 42 MPG combined city/highway (gas). Your actual range will vary based on several factors including temperature, terrain and driving conditions. ³ Based on data from 2016–2018 model year owners. ⁴ Based on vehicle registrations: December 2010–July 2018.

TAKE CHARGE AND SEE HOW FAR YOU CAN GO.

The 2019 Chevrolet Volt helps get you where you want to go, and gives you the confidence to explore places you didn't know existed.

An impressive vehicle in the award-winning Chevrolet electric lineup! the 2019 Volt offers up to 53 pure electric miles² and up to 420 miles² with a full charge and a full tank of gas. On average, new owners of the Volt travel 1,100 miles between fill-ups with regular charging³, making gas stations a distant memory.

Sporty style and advanced EV technologies like Regen on Demand™ and Location-Based Charging make it easy to see why Volt continues to be America's best-selling plug-in⁴

CHARGING

¹ Charging rate varies based on output of the charge unit, vehicle settings and outside temperature.

Volt Premier in
Green Mist Metallic.

BASIC – 120-VOLT

UP TO 4 MILES PER HOUR OF CHARGE¹

HOME + PUBLIC STATIONS

CHARGE ON A DAILY BASIS

- 120-volt charging capability comes standard.
- 120-volt portable charge cord comes standard with the vehicle.

BENEFITS

- Gives owners the opportunity to top off their charge.
- Charge anywhere there's a 120-volt 3-prong outlet.
- You can fully recharge a depleted battery in as little as 13 hours!

FAST – 240-VOLT

UP TO 22 MILES PER HOUR OF CHARGE¹

HOME + PUBLIC STATIONS

CHARGE WHENEVER YOU WANT

- 240-volt charging capability comes standard.
- The recommended 240-volt charging unit (professional installation required) is available for purchase through your Chevrolet dealer or GM Accessories.
- 240-volt charging is available at most public charging stations.

BENEFITS

- Charge at home quickly and conveniently.
- Easily top off your charge at any time.
- If you deplete the battery, the standard 3.6 kW onboard charger can fully replenish the battery in as little as 4.5 hours!
- The available 7.2 kW onboard charger can fully replenish the battery in as little as 2-1/4 hours!

THERE'S A SCREEN FOR EVERYTHING. Want to know how much power you're using? Volt has a screen for that. The Energy Usage Score screen shows how well you use energy. Plus, get quick access to valuable data such as your battery level, charge settings, range estimation and more.

LOCATION-BASED CHARGING. Volt makes charging efficient, with home and away settings for recharging. By designating your home location, you can delay charging to take advantage of off-peak electricity rates when you're at home and begin charging immediately when you're away.

REGEN ON DEMAND. This feature allows Volt to convert kinetic energy into electricity and transfer it back to the battery. A simple pull and hold of the Regen on Demand paddle on your steering wheel will decelerate your vehicle!

LITHIUM-ION BATTERY The advanced 18.4 kWh lithium-ion battery was designed to be lightweight, powerful and efficient.

GENERATOR When the battery is depleted, the gas-powered generator kicks in to extend the range up to 367 miles on a full tank of gas.¹

REGENERATION Volt empowers you to put energy back into your battery through regenerative braking and a steering wheel-mounted Regen on Demand paddle.²

ELECTRIC DRIVE UNIT The Electric Drive Unit in Volt propels the vehicle with energy either from the vehicle's battery or its range-extending gas-powered generator, making it the electric vehicle with a backup plan.

¹ EPA-estimated 53-mile EV range based on 106 MPGe combined city/highway (electric); 367-mile extended range based on 42 MPG combined city/highway (gas). Your actual range will vary based on several factors including temperature, terrain and driving conditions. ² Feature unavailable in very cold weather and at or near full charge. Visit chevrolet.com for details.

EXTERIOR DESIGN

A MODERN-DAY BEAUTY. The athletic shape, along with dramatic upper and lower grille pads, gives Volt an identity all its own. From the finely tuned exterior to the LED signature daytime running lamps, there's brilliance in every detail.

DYNAMICALLY AERODYNAMIC. Deliberate contours and expressive proportions form a bold, confident stance. So staring is understandable, but get inside and you'll find the journey is even more rewarding.

THE COMPLETE PACKAGE. With Volt, you get a sporty look without sacrificing intelligent features. Advanced EV technologies include Regen on Demand¹ which helps convert kinetic energy into electrical energy and transfers it back to the battery, and the Power Flow screen, which helps keep you aware of whether you're using electricity or gas.

¹ Feature unavailable in very cold weather and at or near full charge. Visit chevrolet.com for details.

1. EVERY CHOICE IS A GOOD ONE.

Volt offers two trim levels with unique wheels and multiple color options. So it's easy to make Volt match your own unique personality.

2. BRIGHT ROADS AHEAD.

LED low beam headlamps combine with signature LED daytime running lamps to enhance the eye-catching design with illuminating detail.

3. IMPRESSIVE, FROM ALL ANGLES.

Volt was expertly carved and shaped with diligence and precision, all in the name of performance and efficiency.

INTERIOR DESIGN

Volt Premier interior in Jet Black with available features.

A WARM WELCOME. Inside, everything about Volt is inviting. Within the beautifully crafted interior, available heated front and rear outboard leather-appointed seats offer comfort, while twin-needle stitching provides luxurious appeal. A refined driving experience is achieved before you even take off.

INVITINGLY INNOVATIVE. Volt was built around you, with thoughtfully designed features that are both intuitive and ingenious. In every respect, Volt welcomes you with comfort.

NO ROOM FOR COMPROMISE. You'll have room for everything that fills your life with functional cargo space and seating for five passengers.

YOUR ALL-ACCESS PASS. A color touchscreen in the center of the console puts everything you need within reach. Energy screens, certain features from your compatible phone, music, infotainment and other controls – it's all right here, and easily accessible.

TECHNOLOGY

1. myChevrolet Mobile App.¹ Download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or turn off your engine, lock or unlock your doors² (requires paid subscription after trial), send destinations to your available navigation³ system, view key vehicle diagnostic information, set parking reminders and more. Requires available Remote Access Plan⁴

2. MONITOR CHARGE IN REAL TIME.

Want to know where you're using the most energy or how much charge you have left in the battery? All of that valuable real-time information is housed on the color touch-screen and Driver Information Center behind the steering wheel.

3. ANDROID AUTO COMPATIBILITY.⁵

You can quickly and intuitively interact with select smartphone apps with support for Android Auto.⁵ This system takes some of your compatible AndroidTM phone's features and lets you access them on the Chevrolet Infotainment 3 System⁶ display. You can access your phone, text messages, music, navigation and more.

¹ Available on select Apple and Android devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. Device data connection required. Visit onstar.com for coverage map, details and system limitations. ² Unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Requires paid subscription. Services are subject to User Terms and limitations. ³ Send-to-Navigation requires subscription. Service varies by vehicle model. Map coverage available in the United States, Puerto Rico and Canada. ⁴ Remote Access Plan does not include emergency or security services. Visit onstar.com for details and limitations. ⁵ Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. ⁶ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

Android, Android Auto, Google, Google Play and other marks are trademarks of Google LLC.

WORK YOUR CONNECTIONS. Chevrolet offers available 4G LTE Wi-Fi¹ that provides a better in-vehicle experience than your smartphone. Our strong signal means you have a fast and reliable connection for up to seven devices.

Apple CarPlay[®] COMPATIBILITY²

With Apple CarPlay, you can simply and smartly connect with some of your most used iPhone[®] features, including Maps, Music, Messages and Phone, right on your touch-screen display.

¹ Service varies with conditions and location. Requires active OnStar service and paid AT&T data plan. Visit onstar.com for details and limitations. ² Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply.

Apple CarPlay and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

**PARALLEL PARKING CAN BE A PIECE OF CAKE
WITH AVAILABLE AUTOMATIC PARKING ASSIST!¹**

¹ Read the vehicle Owner's Manual for important feature limitations and information.

1. BE THERE, EVEN WHEN YOU'RE NOT. Teen Driver technology helps encourage better driving habits for new drivers in a number of ways, including muting the audio system when front-seat occupants are not wearing their seat belts and giving audible and visual warnings when the vehicle is traveling over a predetermined speed.

2. ONSTAR AUTOMATIC CRASH RESPONSE! In a crash, built-in sensors can automatically connect you to a specially trained Emergency Medical Dispatch-certified Advisor² who can help you get the assistance you need – even if you can't ask for it. Advisors can use GPS technology to pinpoint your vehicle's location and request emergency help. OnStar Automatic Crash Response is included in the available OnStar Safety & Security Plan!

3. INTELLIGENT AIRBAGS. Volt features 10 standard airbags³ and a collision sensor system designed to deploy only the airbags that are needed.

¹ OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. Visit onstar.com for coverage map, details and system limitations.

² OnStar Advisors are certified by the International Academies of Emergency Dispatch. ³ Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See your vehicle Owner's Manual for more information. A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

SAFETY

SAFETY STARTS WITH YOU.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

VOLT PUTS SAFETY FIRST. THE SAME WAY YOU DO.

ADAPTIVE CRUISE CONTROL – ADVANCED. This available feature enhances regular cruise control. The cruise control speed is automatically adapted in order to maintain a driver-selected following gap between the vehicle and vehicles detected ahead while the driver steers, reducing the need for the driver to frequently brake and accelerate.

LOW SPEED FORWARD AUTOMATIC BRAKING. If the vehicle is traveling at a low speed and the camera-based system determines a front-end collision situation is imminent with a detected vehicle ahead, and the driver has not already applied the brakes, this available system automatically engages the brakes to help reduce the collision's severity. The system may even help avoid contact at very low speeds.

FORWARD COLLISION ALERT. This available feature monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it can alert the driver to a potential crash. It also can warn the driver if their Volt is following a detected vehicle much too closely.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING. At speeds above 37 mph, the available camera-based system monitors road lines and can gently turn the steering wheel if the vehicle begins changing lanes without the use of a turn signal.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT. This available feature can provide side-mirror alerts to help the driver avoid a moving vehicle detected in their

side-mirror blind zone or a vehicle that is rapidly approaching their side blind zone during a lane change maneuver. Amber icons in the exterior mirrors indicate a detected vehicle's presence.

REAR CROSS TRAFFIC ALERT. This available radar-based feature alerts you to crossing traffic behind your Volt when in Reverse. Audible warnings, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

HD REAR VISION CAMERA. The standard rear vision camera with dynamic guiding lines uses the 8-inch diagonal color touch-screen display to show the area behind your Volt when you are traveling in Reverse at low speeds.

AUTOMATIC PARKING ASSIST. This available system helps the driver parallel and perpendicular park by automatically steering the vehicle into a detected parallel or perpendicular parking space while the driver follows text commands, selects gear, and performs all braking and acceleration.

FRONT AND REAR PARK ASSIST. Ideal when pulling into a parking space at low speeds, this available system can provide distance-to-object alerts to help the driver park and avoid nearby detected objects directly ahead or behind the vehicle during low-speed maneuvering.

INTELLIBEAM HEADLAMPS. When oncoming headlamps are sensed or when taillamps are detected in front of the vehicle, the available IntelliBeam® high beam assist intuitively adjusts between low and high beams.

SPECIAL FEATURES

Heated front and rear outboard seats standard on Premier.

Rear seating with 60/40 split-folding seatbacks.

Lane Change Alert with Side Blind Zone Alert¹ included with the available Driver Confidence 2 Package on Premier.

Heated steering wheel included with the available Comfort Package on LT and standard on Premier.

OWNERSHIP EXTRAS

NEW VEHICLE LIMITED WARRANTY

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2019 Volt from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2019 Volt comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. Plus, you get 5 years/60,000 miles (whichever comes first) of the 24/7 Roadside Assistance Program and 8 years/100,000 miles of the Courtesy Transportation Program, and much more. Please see your Chevrolet dealer for details.

8-YEAR/100,000-MILE BATTERY LIMITED WARRANTY Volt battery and Voltec components are covered for 8 years/100,000 miles (whichever comes first). The Volt battery warranty covers the battery components in addition to the thermal management system, charging system and electric drive components. See dealer for details.

¹ Maintenance visit must occur within 24 months of vehicle delivery. Service visit consists of ACDelco Oil and Filter Change/Tire Rotation/MPVI. Does not include air filter. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Roadside service provided by Allstate Roadside Services. Limitations apply. ⁴ Standard connectivity available only to original purchaser for 10 years. Connected Access services are subject to change. Does not include emergency or security services. Diagnostic capabilities vary by model and service plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. Visit onstar.com for details and limitations. ⁵ Connected Services include navigation services and Remote Access Plan, and 1 month or 3 GB of 4G LTE data (whichever comes first) from vehicle delivery date. Data plans offered by AT&T. Services are subject to User Terms and limitations. Certain services require working electrical system, cell service and GPS signal. OnStar links to emergency services. Visit onstar.com for more details. ⁶ Charging rate varies based on output of the charge unit, vehicle settings and outside temperature. ⁷ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET CONNECTED SERVICES AND ONSTAR Effective May 1, 2018, available Chevrolet Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Connected vehicle services require a paid connected vehicle services plan or trial and connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage map, details and system limitations.

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and

laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Compact Car segment and latest available competitive information. Excludes other GM vehicles.

SPARE TIRE INFORMATION There is no standard jack or spare tire in the 2019 Chevrolet Volt. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a one-quarter-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs.
