

2021

DODGE DURANGO

2021 DODGE DURANGO /// We know who our drivers are. They're the ones who are passionate about horsepower, torque and muscle. They're also the ones who want to pull their boat, haul the quads and take the neighbor kids skiing. That's why our lineup includes a seven-passenger muscle car. Dodge Durango handles all of life's demands while also satisfying our drivers' demand for intense performance.

NEW LOOK, BIGGER ATTITUDE /// Our drivers love this vehicle's bold stance and attitude. We'd never change that, but we evolved it with a new front fascia, LED projector headlamps and rear spoiler. SUVs don't usually get a lot of attention for their spoiler, but this is a Dodge. When your powertrain lineup is as stacked as ours, it's necessary. It only makes sense: if Durango looks and performs like a muscle car, shouldn't the interior feel like a muscle car? So, we refreshed the inside with sporty design cues and even more technology.

NEW FOR 2021

Dodge isn't a brand that rests on its laurels – shredding them is more like it. In fact, the 2021 Durango does just that.

SWANKY CITADEL //// This is what it means to lap in luxury. Durango Citadel is decked out in Platinum Chrome accents, 20-inch Satin Carbon wheels and a restyled front end. Its power comes from either a standard 3.6L Pentastar® V6 or an available 5.7L HEMI® V8 engine.

Inside, the driver-centric cockpit features an integrated center stack, 7-inch performance cluster and gauges, Uconnect® 5 radio with a 10.1-inch touchscreen and a wireless charging pad. The wrapped instrument panel stands out with accent stitching, while Dinamica suede covers the headliner. Other upscale design details include Nappa leather-trimmed seats with an embossed Dodge rhombus symbol, ventilated front seats, Liquid Titanium-painted speaker trims, a second-row console, and Type-A and the coveted Type-C USB ports.

NEW TOW N GO PACKAGE //// Durango's brawn isn't as immediately noticeable as the new cockpit and huge Uconnect screen, but put your foot on the pedal and you know it's go time. At every trim level, Durango offers drivers the power of best-in-class available towing.* For drivers who want to bring all their toys with them, the new R/T Tow N Go Package bundles top-shelf mechanics for a best-in-class 8,700-lb trailer-tow rating.† Package highlights include 6-piston Brembo® brakes, Bilstein® adaptive damping suspension, an electronic limited-slip rear axle, a performance exhaust system, multiple drive modes and an integrated trailer-brake controller.

DURANGO SRT HELLCAT® //// You knew it was just a matter of time before we made a Hellcat out of Durango. A 6.2L Supercharged SRT Hellcat V8 engine makes Durango SRT Hellcat the fastest standard three-row SUV ever.‡ Like its SRT Hellcat siblings, Durango SRT Hellcat is fully loaded with fortified components that give it the chops to thrust out 710 horsepower, a 0 - 60 time in the 3.5-second range and a quarter-mile time of 11.5 seconds.

/// Ram 1500 SRT[®] shown in White Knuckle with optional Dual Stripes in Flame Red.

A silver Dodge Durango SRT Hellcat is shown driving on a winding asphalt road in a desert landscape. The car is viewed from a front-quarter perspective, moving towards the right. It features a prominent black grille with the Dodge logo, black racing stripes running down the center of the hood and front bumper, and black wheels. The background consists of rolling hills and mountains under a clear sky, with some desert vegetation like cacti and shrubs visible on the left side of the road.

MOST POWERFUL DURANGO EVER /// This is a big, bold, aggressive muscle car ... that also happens to be a three-row SUV. There's a 6.2L Supercharged SRT Hellcat® V8 engine under the hood, but it's more than just that. We made a powertrain combination that spins higher for more horsepower. We made it feel different and sound different with a new X-pipe exhaust and 4-inch outlets. The transmission has been tuned to shift harder and rev match like a muscle car. The suspension has been completely retuned to take advantage of Durango's near perfect 50/50 weight distribution.

DESIGNED TO DELIVER /// With 710 horsepower, a 0 - 60 time in the 3.5-second range, a NHRA certified quarter-mile time of 11.5 seconds and a tow rating of 6,700 lb, Durango SRT Hellcat is not just the most powerful Durango ever, no SUV in the world can tow more or carry more with a faster quarter-mile time.

SRT® 392 /// For those who still want intensity but a little less insanity, Durango SRT 392 continues to supply a megadose of performance, horsepower and capability. The 392 HEMI® V8 engine unleashes 475 horses, 470 lb-ft of torque and delivers a 0 - 60 mph drag-strip time of 4.4 seconds. Consider the certified 12.9-second quarter-mile time by the National Hot Rod Association (NHRA), and Durango SRT holds even more bragging rights - and that's without even going into detail about the 8-speed Performance-tuned transmission, Sport-tuned All-Wheel Drive (AWD), high-flow dual exhaust with 4-inch outlets, massive 295 tires on 20 by 10-inch wheels and huge Brembo® brakes.

An aerial photograph of a dry, cracked riverbed. The ground is dark and textured with numerous cracks and ridges. A prominent white line, possibly a road or a boundary, runs diagonally across the scene from the upper left towards the center. A solid red horizontal bar is positioned across the middle of the image, containing white text.

ACTUALLY, IT IS

**MY WAY OR
THE HIGHWAY**

MUSCLE-INSPIRED, DRIVER-FOCUSED /// We pushed the interior just as hard as the performance. The new cockpit is asymmetric, literally leaning in toward the driver for a race-inspired feel. The 7-inch Thin Film Transistor (TFT) cluster design is straight from Durango SRT[®] and the new Uconnect[®] 5 system boasts a larger floating 10.1-inch touchscreen. A new integrated control switch bank adds quick access to available heated seats and heated steering wheel controls.

/// Durango SRT Hellcat[®] shown with available Laguna leather trim in Demonic Red.

DURANGO SRT HELLCAT® // comes with a wireless charging pad.

DURANGO SRT HELLCAT® //
shown with perforated steering wheel.

VERSATILE SEATING

50+ SEATING CONFIGURATIONS /// With three rows of seats, room for up to seven people and a maximum of 85.1 cu ft of cargo space [with all seats folded] at your disposal, Durango has room for who and what you need. Striking the right balance, the standard 60/40 split-folding second-row reclining bench seat features a padded

center armrest with cup holders. For six-passenger seating, the available Fold-and-Tumble second-row Captain's Chairs include soft-touch armrests and a floor-mounted mini console with cup holders. For seating up to seven, a 50/50 split-folding third-row seat is available.

DURANGO CITADEL //
shown in DB Black.

Gamers and movie buffs can agree, the available 9-inch high-definition dual-screen Blu-ray™/DVD Rear Entertainment System makes the second row the place to be. Rear-seat HDMI/USB ports let passengers tap into the entertainment system and use each screen independently of each other. Everyone will enjoy the audio energy of the available Harman Kardon® Premium Audio System with 19 speakers, subwoofer and 825-watt amplifier.

TOWING PRODIGY: BEST-IN-CLASS

8,700 LB

WITH THE 6.4L HEMI® V8 ENGINE

BIG NUMBERS, BIG RESULTS /// Durango SRT Hellcat®, SRT® 392 and R/T with Tow N Go Package deliver a mammoth towing capacity of up to 8,700 lb. Outfit Durango with the available 360-horsepower 5.7L HEMI V8 engine for up to 7,400 lb of towing and up to 22 highway mpg.¹ Models equipped with the 3.6L Pentastar® V6 engine can tow up to an impressive 6,200 lb.

////// Durango SRT Hellcat shown in Destroyer Gray with available SRT Black Package and Dual Stripes in Gunmetal. Properly secure all cargo. Always tow within the vehicle's capacity.

DURANGO 6T AWD //
shown in Octane Red Pearl with
Blacktop Package.

ALL-WHEEL DRIVE (AWD) /// Durango was built to conquer the conditions. This available AWD system leverages the SUV's 50/50 weight distribution to enhance the vehicle's traction and handling. The result is a smooth driving experience over a wide range of road conditions. Durango offers three AWD systems – a Performance-tuned system for the 6.4L HEMI® V8 engine, a two-speed, active on-demand system for the 5.7L HEMI V8 engine and a single-speed, full-time system for the 3.6L Pentastar® V6 engine.

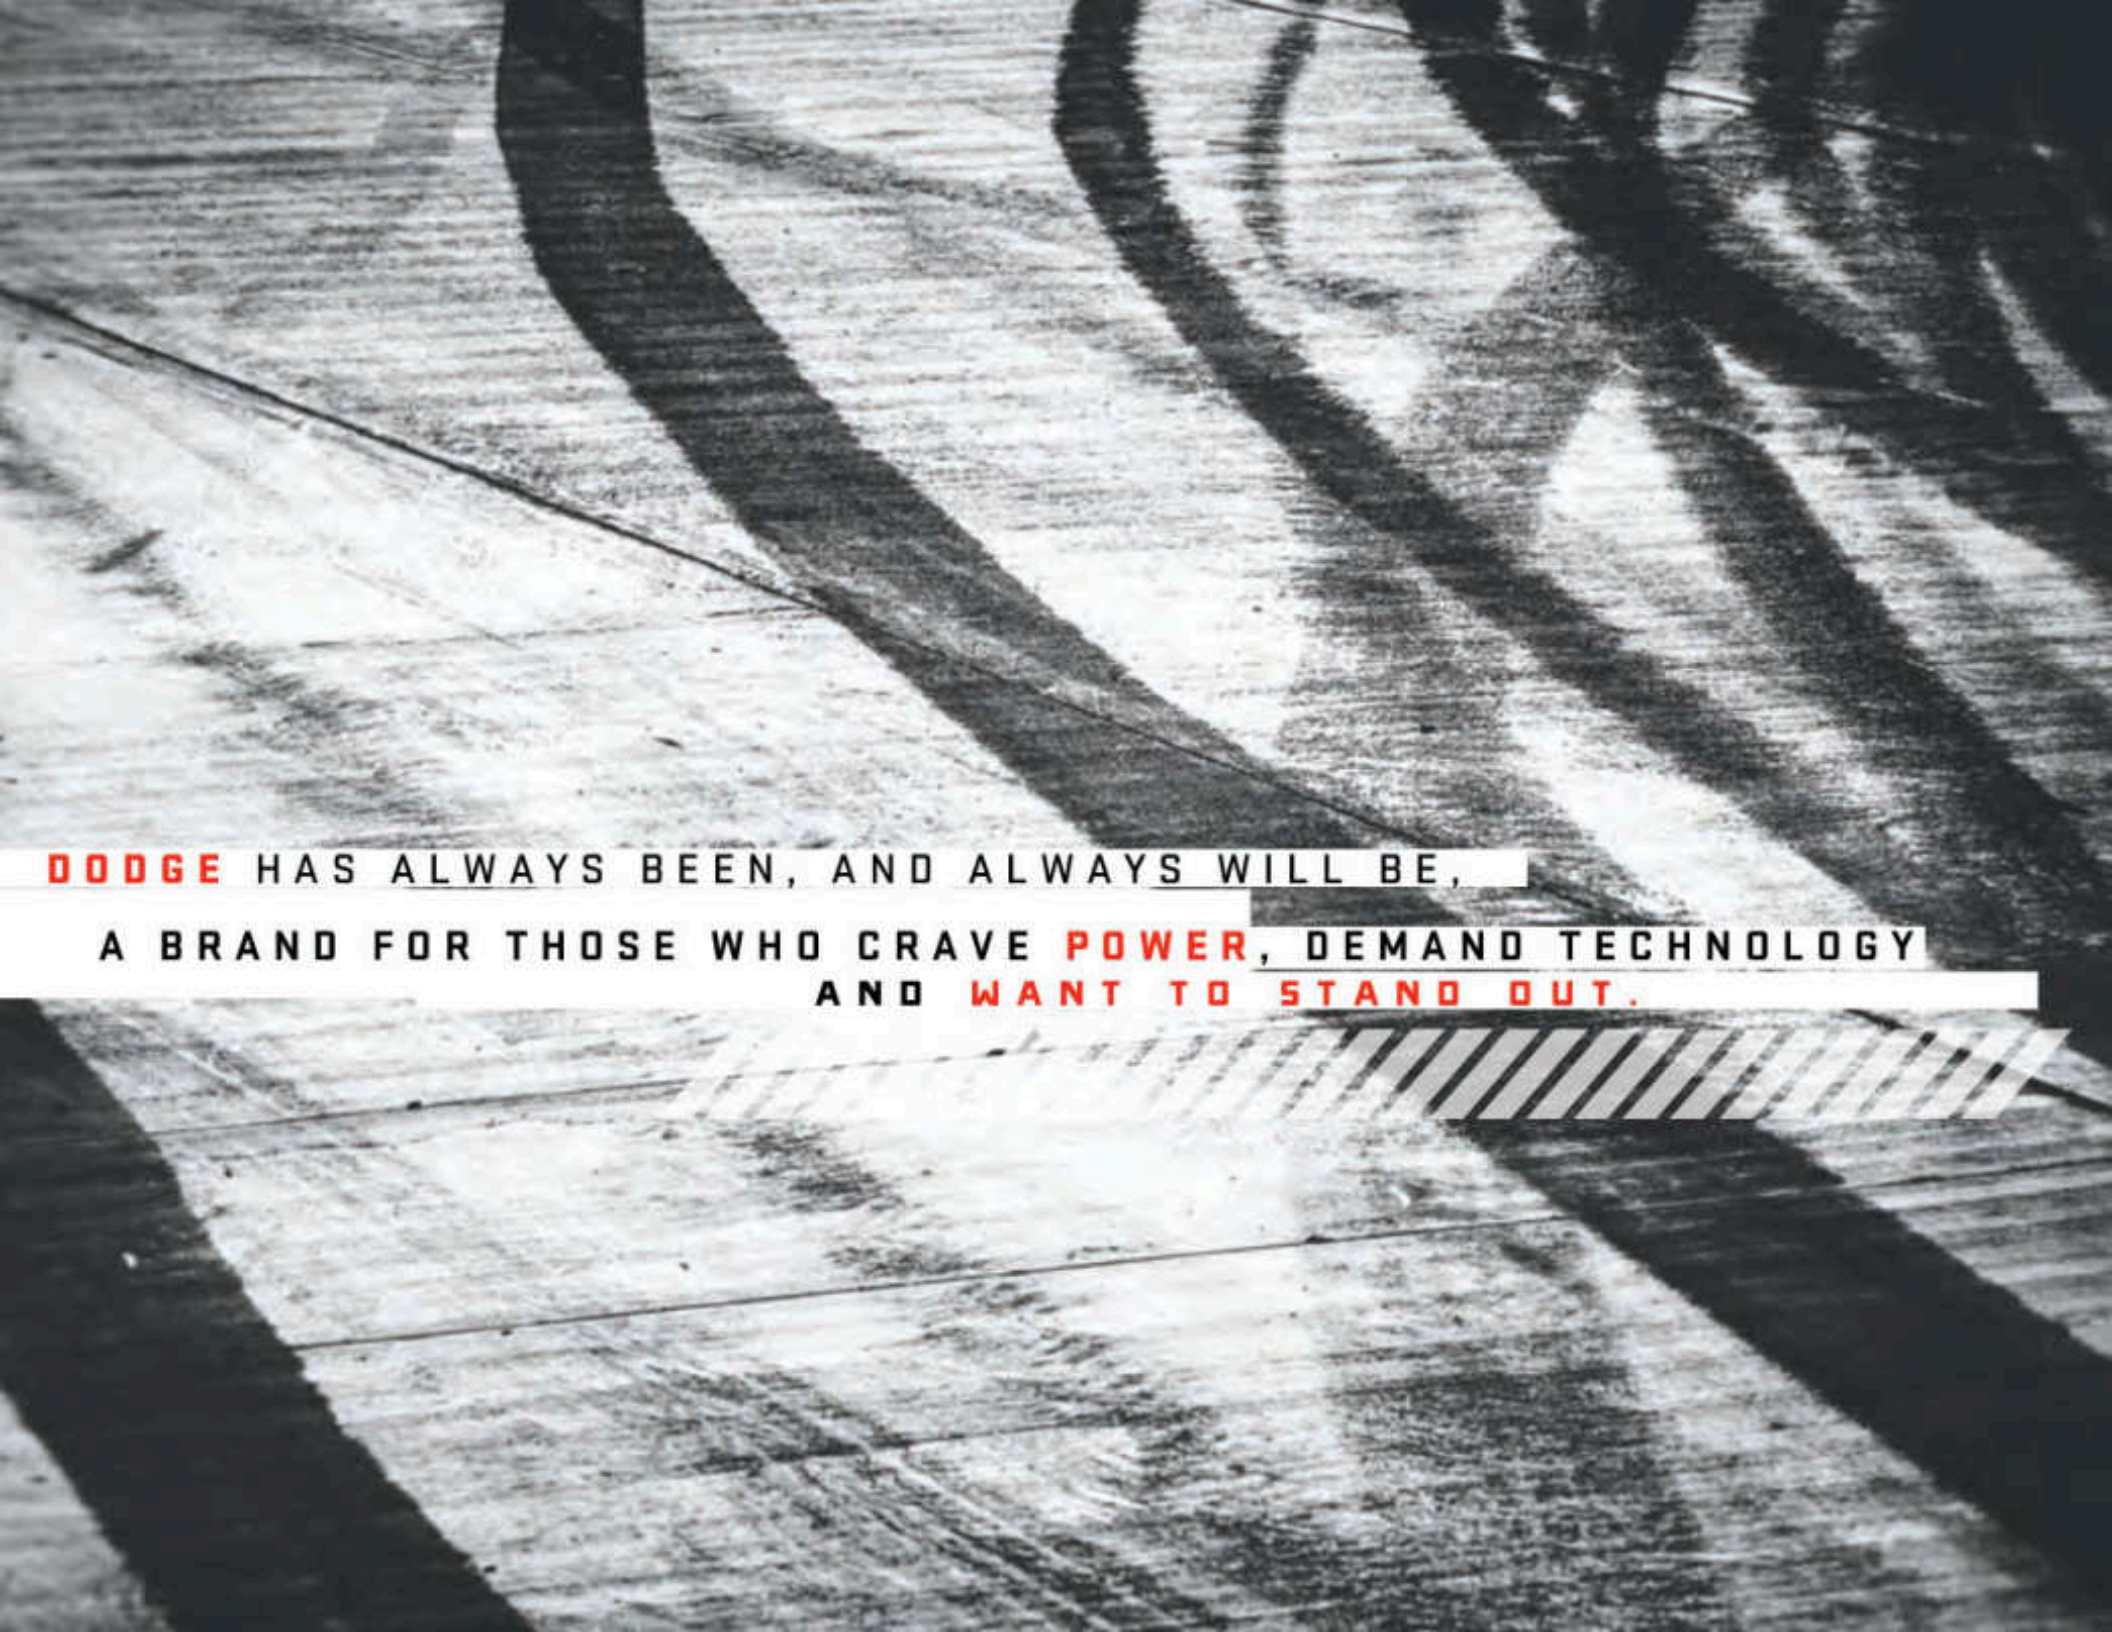

Properly secure all cargo.

shown in Destroyer Grey with available SRT®
Black Package and Dual Stripes in Gunmetal.

SAFETY & SECURITY FEATURES

PARKSENSE® REAR PARK ASSIST® // // // When your vehicle is in Reverse, this available system can sense nearby objects moving at low speeds; if an imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop.

RAIN BRAKE SUPPORT // // // When your windshield wipers have been activated, this standard system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security.

BLIND SPOT MONITORING (BSM)® WITH REAR CROSS-PATH DETECTION[†] // // // With this available system, radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When your vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle.

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP® // // // This available system helps maintain a driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention.

FORWARD COLLISION WARNING (FCW) WITH ACTIVE BRAKING® // // // With this available system, radar and camera technology combine to alert you when the system senses a potential frontal impact. If you're not able to respond quickly enough, the system will automatically engage the brakes, with the ability to bring the vehicle to a complete stop.

PARKVIEW® REAR BACK-UP CAMERA[†] // // // This standard system displays an accurate visual reference of what is behind your vehicle when it's in Reverse.

ELECTRONIC STABILITY CONTROL (ESC)® // // // This standard system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC[®] senses when the vehicle is starting to spin (oversteer) or plow (understeer) and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels.

READY ALERT BRAKING (RAB) // // // This standard system anticipates situations when you may initiate an emergency brake stop and uses the ESC[®] pump to precharge the brake system in order to decrease the time required for full brake application.

ALL-WHEEL DRIVE (AWD) // // // An available system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction.

ANTILOCK BRAKE SYSTEM (ABS) // // // Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

LANESENSE® LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST[†] // // // This available system measures your position within lane boundaries. If it detects an unintentional lane drift, it will alert you and correct the vehicle back into the lane.

A hand holding a smartphone with a large white 'U' logo overlaid on it. The background is a blurred image of a person's arm and hand holding the phone. The 'U' logo is a large, white, stylized letter 'U' with a curved top, resembling a signal or connection symbol. The phone screen shows a grid of blue icons.

IN TOUCH WHEREVER YOU GO

The Uconnect® system is your customizable, connected vehicle platform dedicated to safe and seamless communication, navigation and entertainment – all from one easy-to-use touchscreen.

The Uconnect logo features a stylized 'U' with a signal icon above it, followed by the word 'connect' in a lowercase sans-serif font.

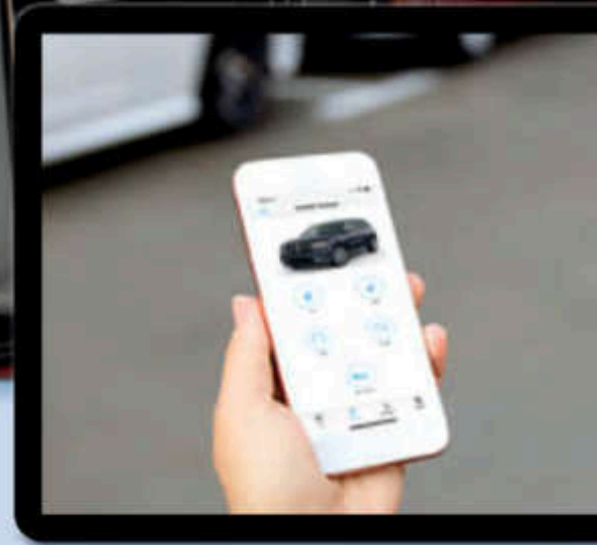

DRIVEUCONNECT.COM

Uconnect®

COMPATIBILITY YOUR WAY /// The Uconnect® 5 system offers more than ever before. It starts by expanding functionality outside the vehicle as well as delivering a more connected, personalized experience inside the vehicle. New Uconnect 5 features: • A customizable home screen • Up to five user profiles plus a valet mode • Connect two Bluetooth® phones simultaneously with dual-phone connectivity • Available Alexa® Built-In allows you to use your voice to make calls, get directions and check the latest news • Quick access to frequently used features with one-touch operation • Seamless integration of technology within the vehicle interior • Hold and drag, slide and swipe your way through the system • Floor it over to driveuconnect.com

DRIVEUCONNECT.COM

LARGEST-IN-CLASS AVAILABLE 10.1-INCH TOUCHSCREEN¹²

Available Uconnect[®] 5 brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience.

UCONNECT PHONE¹²

Stay connected safely. Pairs a Bluetooth[®] phone to send and receive hands-free¹³ calls. Includes:

- **DO NOT DISTURB** to route incoming calls to voice mail and suppress text messages.¹⁴
- **VOICE RECOGNITION** to make hands-free¹⁵ calls, listen and respond to text messages,¹⁶ record voice memos, and select media stations and navigation destinations.

NEW CUSTOMIZATION OPTIONS

We're taking personalization and customization to the next level. Uconnect 5 features several fully customizable interfaces with the ability to store up to five user profiles. Each user can set their own music and vehicle operation preferences such as temperature, seating position and mirror placement. Switching between users is simple and can be handled by a single touch.

Drivers can also arrange widgets that provide quick access to their favorite commonly used function and information. Depending on screen size, up to four widgets can be placed on each pane. Drivers can also set up to five different screens they can swipe between. Even the status bar can be customized.

DUAL-PHONE CONNECTIVITY

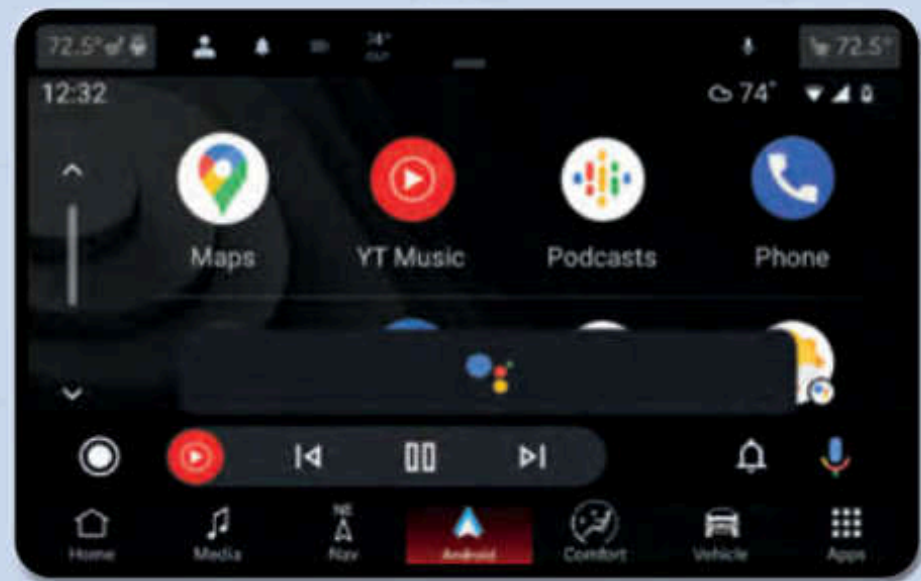

Perfect for drivers who carry multiple phones or for a passenger, Uconnect 5 can connect two Bluetooth phones simultaneously. The new system can manage input from two different devices with the ability to name one a priority over the other for various functions, including navigation, phone, music selection and text messages.¹⁷

4G LTE WI-FI¹⁸ HOTSPOT

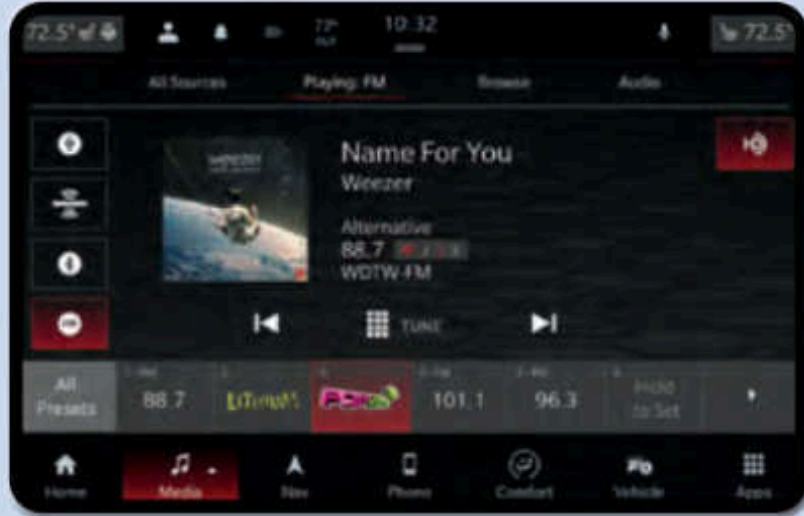

Along the way, you can upload, download, post and search. The available 4G LTE Wi-Fi¹⁸ Hotspot is improved with processing speeds that are five times faster, assisting in keeping up to eight devices connected. Includes a three-month subscription with vehicle purchase.

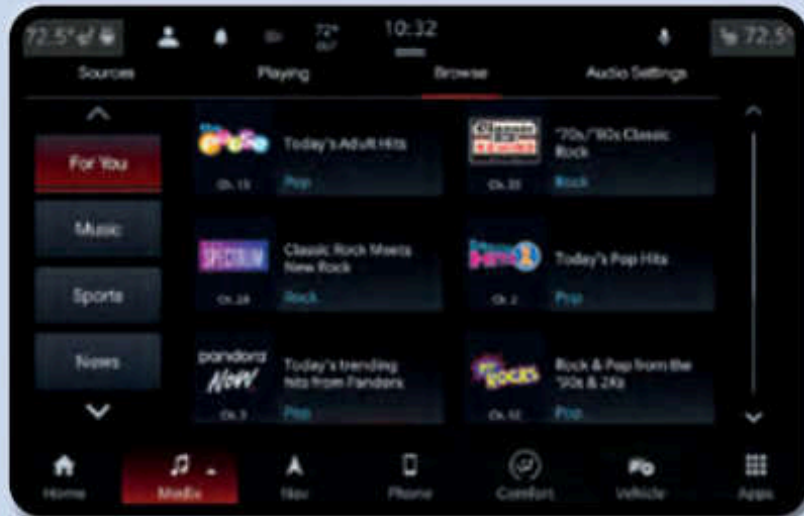

Display your favorite iPhone® apps right on your Uconnect® touchscreen. Access your iTunes® library, call anyone in your contacts list or just ask Siri® to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. With wireless Apple CarPlay™ you alleviate the need for a cable, allowing your iPhone to connect to your in-car system wirelessly. Standard.

Bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto™ and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, "Hey Google" or long-press the voice control button on your steering wheel. Standard.

SIRIUSXM RADIO™

SIRIUSXM RADIO™

Uconnect®

Trips are enhanced with informative and entertaining apps. Access them on your Uconnect® touchscreen as well as your smartphone. Connected technology keeps you linked to a whole new world.

SiriusXM®

Listen to your favorite playlist from your connected device, then flip to SiriusXM® Radio™ and enjoy the best commercial-free music, plus every major sport and the biggest names in entertainment, news and comedy. You'll get over 150 channels, all at the press of a button. With the SiriusXM All Access™ Package, you get every channel available on your satellite radio, and you can also listen wherever you go on your portable devices with the SiriusXM App,™ which is included with your trial. Available.

SIRIUSXM 360L™

Models equipped with Uconnect 5 offer SiriusXM 360L™. In addition to delivering both satellite and streaming SiriusXM™ channels, 360L uses intuitive algorithms to serve up content recommendations based on your listening preferences. This makes it easier to discover more of what SiriusXM™ offers, including exclusive SiriusXM™ on-demand programming. You can also create your own ad-free music stations based on the artists you're listening to. On the available 10.1-inch Uconnect touchscreen, subscribers can then give songs a thumbs-up or thumbs-down within the SiriusXM™ service, or even skip songs, to create their own personal channel that plays more of what they want. Available.

Uconnect® + SiriusXM GUARDIAN™

Drive worry-free with SiriusXM Guardian™ – a premium suite of safety and convenience services that can be accessed in-vehicle or through the Uconnect® App.²⁵ Includes a one-year trial. Available.

SOS CALL.²¹ In the event of an incident, push the SOS²¹ button. You'll be connected to a SiriusXM Guardian²² agent who will contact emergency services, provide your location and stay on the line with you until help arrives.

AUTOMATIC SOS (ASOS) is a hands-free²³ safety service that can immediately connect you with help in the event your vehicle's air bags²⁴ deploy. Seconds after the incident, a live agent will contact you through the Uconnect system and alert emergency services. If you are unable to respond, the agent can direct emergency services to your GPS location.

ROADSIDE ASSISTANCE CALL²⁷ puts you in touch with an agent who can get you help while you're out on the road.

LOCK/UNLOCK your car from virtually anywhere.

START YOUR CAR REMOTELY.²³

FLASH THE LIGHTS and sound the horn to help find your car.

VEHICLE FINDER²⁴ allows you to locate your vehicle on a map.

SEND & GO²⁶ enables you to send destinations to your navigation system.

THEFT ALARM NOTIFICATION.²⁶ Receive alerts by text, email or push notification if your vehicle's available theft alarm is triggered.

STOLEN VEHICLE ASSISTANCE.²⁷

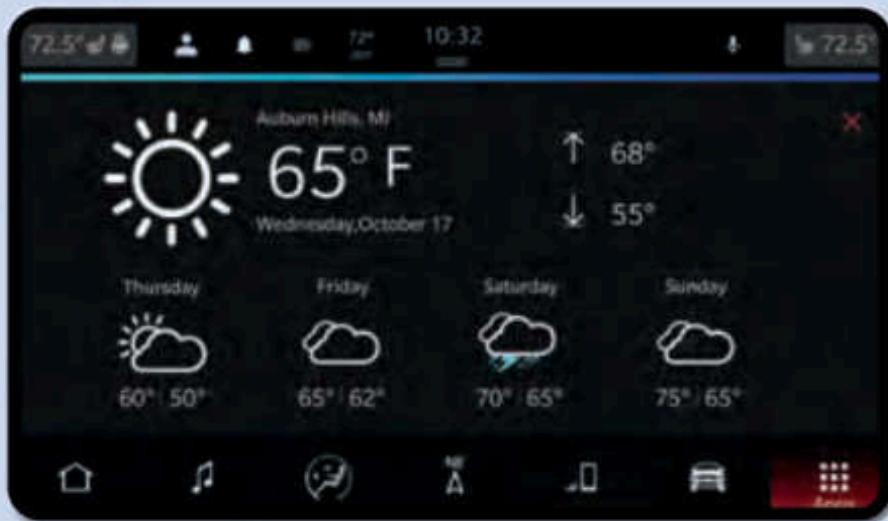

FAMILY DRIVE ALERTS.²⁸ Peace of mind when you hand over the keys. Allows you to set parameters to receive notifications when others are operating your vehicle.

- **BOUNDARY ALERT.** Be alerted the moment your vehicle is driven outside of up to five geographic boundaries that you set.
- **CURFEW ALERT.** Be alerted if your car is being driven outside of the curfew you set.
- **SPEED ALERT.** Receive a notification whenever your car exceeds a speed limit you set.
- **VALET ALERT.** Be alerted the moment your vehicle is driven outside of a defined radius.

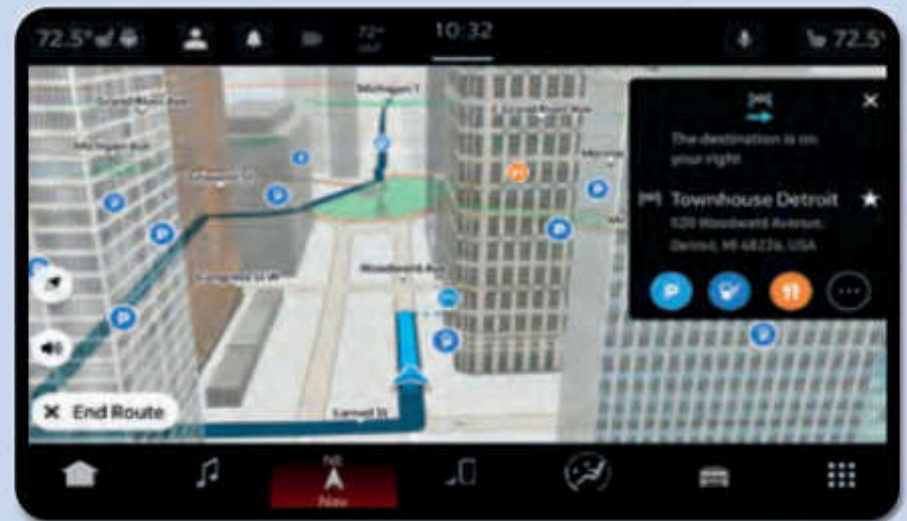

SMARTPHONE/SMARTWATCH APP. Access the features of SiriusXM Guardian²⁹ through the convenient Uconnect App²⁵ which lets you use your smartphone or smartwatch to keep in touch with your vehicle from a distance.

DRIVEUCONNECT.COM

Uconnect[®] 5 brings Amazon Alexa[®] directly into the vehicle, giving occupants the freedom to interact with Alexa just as they do at home or on a personal device. With Alexa Built-In, occupants can ask Alexa to play music, podcasts and Audible; add items to their to-do or shopping list; check news, weather, traffic, sports and other real-time information; and access tens of thousands of Alexa Skills.[™] Responses and streaming audio are delivered through the vehicle's audio system, allowing anyone in the entire vehicle to easily interact with Alexa.

TOMTOM[®] NAVIGATION for Dodge Durango gives you a fully integrated turn-by-turn navigation experience using the most up-to-date maps, combined with traffic and connected services. Also, essential guidance information is displayed neatly on the cluster right in front of you to avoid distraction. Drivers can personalize their connected navigation system, by easily creating a list of favorite locations, customizing their route preferences, and choosing what Points of Interest are displayed on the map and route. TomTom Navigation provides accurate and intuitive search results with destination prediction, which offers suggestions like "Going to Work?" while showing the best route options automatically. All these features, and more, available with an easy-to-use destination entry via voice instructions.

TOMTOM CONNECTED TRAFFIC AND TRAVEL SERVICES – including Traffic, Speed Camera Alerts, Electric Vehicle services, Parking, Fuel Pricing and Weather – provide drivers with reliable, timely information to get them where they are going without worry. As a fully integrated system, routing and guidance will still function even if Internet connectivity signal is lost, by using regularly updated backup mapping contained within the system, unlike mobile phone navigation. Available with Uconnect 5 NAV, the TomTom Navigation system allows you to access useful information right at your fingertips and over-the-air map updates guarantee access to the freshest maps, so you'll always know the road ahead.

BROTHERHOOD OF MUSCLE

We've always been devoted to distancing ourselves: from the pack, from the competition, from the mundane and – most importantly – from convention. Every Dodge in our 2021 lineup is designed to deliver something decidedly unique: fierce attitude, formidable horsepower and intense performance.
