About this catalog: Since the time of printing, some of the information you'll find in this catalog may have been updated. Ask your dealer for details.

Dodge's Caravan C/V continues to be the only American-built small van that offers front-drive efficiency and stability. And only Caravan C/V gives you a choice of two sizes and load capacities.

The extended model provides 160 cubic feet of cargo space. And it can tote a 2,000-pound payload.

New power options.

New for 1989 is our advanced four-speed electronic automatic transaxle available with the optional Mitsubishi-built 3.0-liter EFI V-6 engine on the Extended Caravan C/V. A new 2.5-liter EFI turbocharged engine is part of the Turbo Sport Package available with the Caravan C/V.

A dream to drive.

Caravan C/V is agile and responsive in city traffic. On the highway you cruise smoothly and quietly, thanks to its car-like ride made even more comfortable with new antitopping front struts.
