

08 DODGE GRAND CARAVAN

GRAB LIFE

DODGE

IT WAS DESIGNED TO BE A LIVING ROOM ON WHEELS. IT WAS ENGINEERED TO BE THE MINIVAN THAT LEAVES NOTHING TO DESIRE. IT WAS TESTED TO TOLERANCES THAT SET IT APART, OUTFITTED WITH TECHNOLOGIES THAT REVOLUTIONIZE, AND REINVENTED WITH AN APPROACH THAT ONLY DODGE COULD TAKE. IT HOLDS YOUR FAMILY WITH THE GREATEST OF CARE. IT HOLDS ATTENTION WITH BRILLIANT ENTERTAINMENT SYSTEMS. IT HOLDS CARGO WITH LEGENDARY STOW 'N GO® SEATING AND STORAGE. IT EVEN HOLDS IN-VEHICLE POWWOWS WITH NEW SWIVEL 'N GO™ SEATING.* AND IT HOLDS SOMETHING THAT ONLY IT CAN: EVERYTHING THE COMPANY THAT INVENTED MINIVANS KNOWS ABOUT BUILDING ONE. THIS IS THE ALL-NEW GRAND CARAVAN. IT HAS BUT ONE RIVAL, AND YOU LIVE IN IT. THIS IS SOMEPLACE LIKE HOME.

*Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats, properly restrained in a child seat or vehicle seat belt.

1 Even the headliner was born to headline. The new available dual DVD system features an equally new, available Chrysler LLC exclusive SIRIUS Backseat TV™, with three channels of streaming video. 2 Brilliance has its ups and downs. Available backseat windows not only retract within the sliding doors, they also feature available retractable sunshades. 3 New, available class-exclusive Swivel 'n Go™ Seating System*† provides second-row captain's chairs that rotate 180° to face the third row and includes a removable, easily stored center table.‡

*Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats, properly restrained in a child seat or vehicle seat belt. †Based on 2007 *Automotive News/Ward's* segmentation. ‡Tabletop must be installed to base at all times when in use. When not in use, table and base must be properly stowed. Never drive with table installed without properly using your seat belt. Properly secure all cargo. The DISNEY CHANNEL and The DISNEY CHANNEL LOGO are trademarks of Disney Enterprises, Inc. and used with permission.

Dodge Grand Caravan SXT with Swivel 'n Go* Light Shale leather-trimmed interior.

1 This locker has hundreds of combinations. Known for such ingeniously accommodating interior configurations, it might have been easy for the Dodge engineers to simply rest on their laurels. Not so here. They took everything they knew and spun it 180°. What they ended up with was the available Swivel 'n Go™ seating system. Not only does it allow Grand Caravan's rear-seat passengers to swivel around to face each other, it also allows for easier entry while accommodating a stowable center table.† The captain's chairs are also wheeled, for easy removal. **2** While every Grand Caravan benefits from in-floor storage bins, those who opt for the latest incarnation of the revolutionary Stow 'n Go® will benefit from the brilliance of a system which converts from seating for seven to a flat cargo floor in seconds. When equipped with Stow 'n Go, the industry's only fold-in-floor second-row seating system with a fold-in-floor third-row seat, Grand Caravan offers no fewer than 256 seating and storage configurations.‡ **3** It takes power to flip an entire bench seat with your fingertip. In Grand Caravan, the available one-touch power-folding third-row bench seat allows the seat to transform into tailgate mode‡ with one simple push. It also power reclines to your desired position. **4** If only Grand Caravan could self-load the 4'x8' sheets it is capable of carrying. Visit dodge.com/grandcaravan for more on this minivan's miraculous capabilities.

*Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats, properly restrained in a child seat or vehicle seat belt. †Tabletop must be installed to base at all times when in use. When not in use, table and base must be properly stowed. Never drive with table installed without properly using your seat belt. ‡Not all configurations can be used while vehicle is being driven. ‣Do not drive with seat in tailgate position. Properly secure all cargo.

1 Although even the standard floor console allows for easy pass-through between the first- and second-row passengers, the available Premium Floor Console is a three-piece masterpiece. The console slides between rows and, in addition to being removable, has a power outlet ... as if the console's four cup holders with removable dishwasher-safe liners were not enough. **2** Grand Caravan features nine cup holders (plus two extra with second-row bench seat), four bottle holders and, with Stow 'n Go® or Swivel 'n Go™* seating, two mesh pockets. Every built-in pocket was designed with a radius large enough to allow for easy cleaning. **3** Of course, Grand Caravan is built upon a tradition of brilliant storage — from the Stow 'n Go in-floor storage bins (which accommodate folded seats, or when the seats are deployed, a multitude of items) on up.

*Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats, properly restrained in a child seat or vehicle seat belt. Properly secure all cargo.

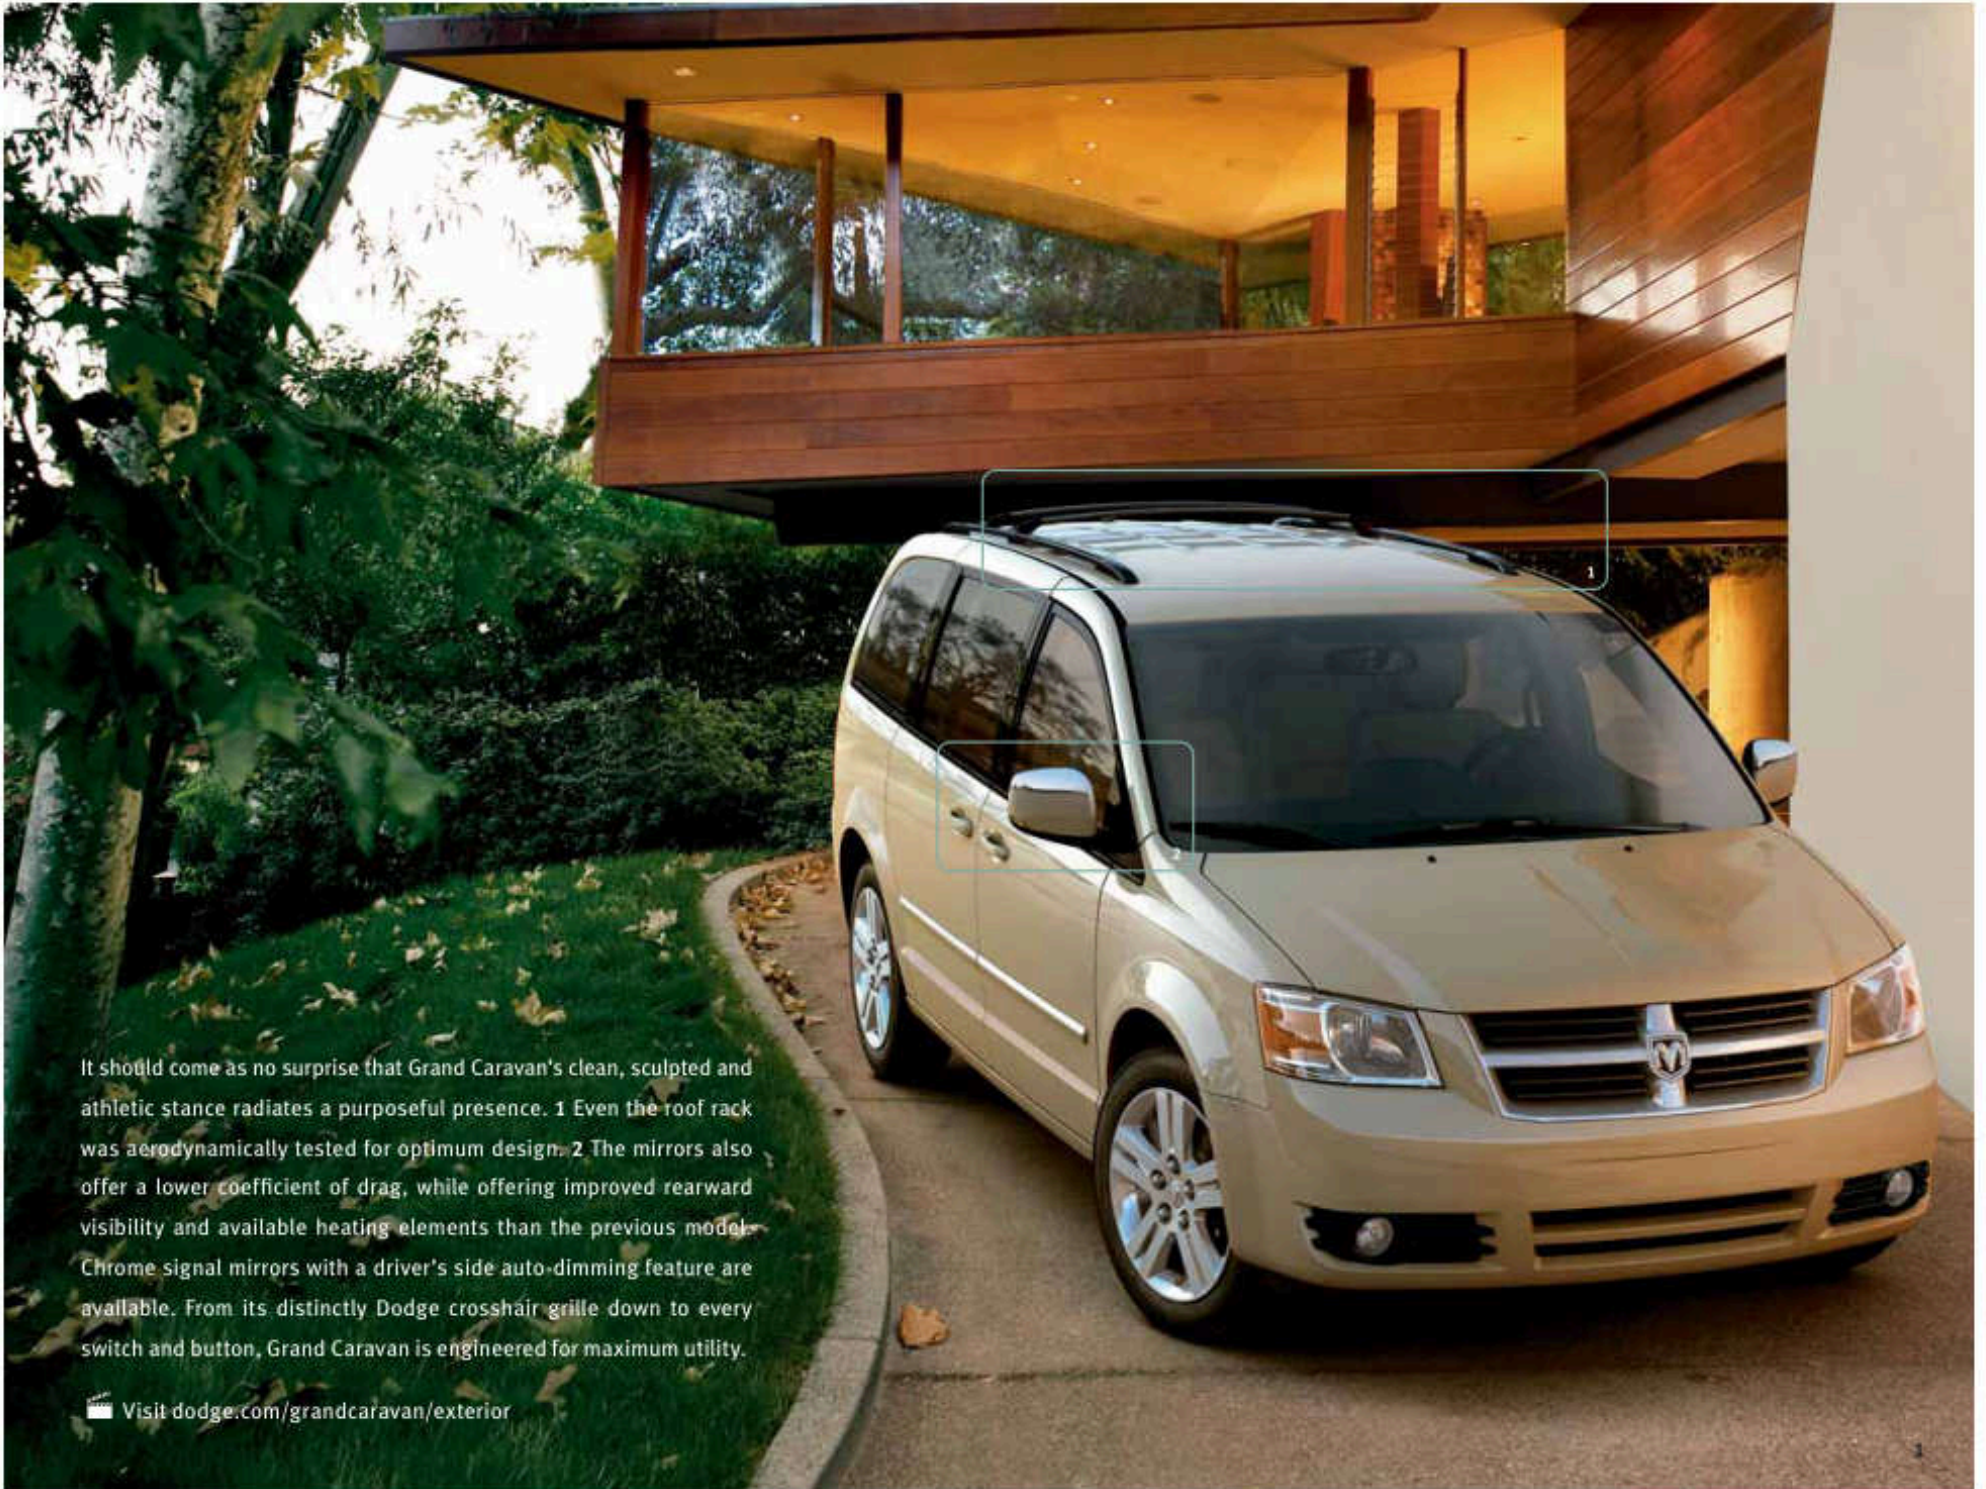

The All-New Grand Caravan was laboriously tested time and again to help ensure that this minivan's safety and security systems are executed with perfect choreography. While its standard antilock brake system (ABS) helps control the vehicle and shorten the braking distance, the standard Electronic Stability Program* (ESP) helps the driver maintain directional stability during braking, cornering, accelerating and maneuvering. **1** Designed with straighter front rails and an enhanced crush zone between the front bumper and the windshield, Grand Caravan was engineered to absorb energy and deflect intrusion from the passenger compartment. **2** High-strength steel forms a protective shell — safety cage — around Grand Caravan's occupants, providing brawn to match its brains. **3** The available integrated child seats[†] ensure that young travelers are as contained as they are entertained. Opt for the available booster seat[‡] to perfectly fill the gap between child seat and three-point seat belts. **4** When avoidance is not an option, Grand Caravan's standard side-curtain air bags[§] deploy with an extended uptime, blanketing outboard positions in all three rows.

*No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [†]For children at least one year old weighing between 22 and 50 lb and no more than 47" tall. [‡]Booster seat is only for children 57" tall, between 48 and 85 lb. Always buckle seat properly.

Over 25 years of developing minivans served the All-New Grand Caravan well, as did countless hours within a stunningly silent, echoless chamber. **1** The anechoic chamber provides the perfect setting for the most critical of sound measurements, all while allowing the vehicle to simulate highway speeds. The body structure, rear wheel house and fender silencers (along with an abundant use of polyurethane foam) help contribute to a smooth, quiet ride. **2** The all-new minivan also benefited from countless hours in the Aero-Acoustic Wind Tunnel. The massive, electric-powered fan circulates air through the testing platform at 100 mph and allows for measurements of every aspect of aerodynamic performance. The quest for quiet continued with mile upon mile of brutal durability testing — all without ever leaving the technology center. **3** As part of a rigorous noise, vibration and harshness (NVH) regimen, Grand Caravan was put through the paces on a four-post shaker, allowing for road noise to be pinpointed and addressed. **4** Other grueling tests performed at the Environmental Test Center and Aero/Climatic Wind Tunnel put the All-New Grand Caravan through rigorous system checks — at temperatures ranging from a cruel -40° Fahrenheit up to a scorching 130° Fahrenheit — throughout its careful development. For more on this minivan's development, hit dodge.com/grandcaravan

It should come as no surprise that Grand Caravan's clean, sculpted and athletic stance radiates a purposeful presence. 1 Even the roof rack was aerodynamically tested for optimum design. 2 The mirrors also offer a lower coefficient of drag, while offering improved rearward visibility and available heating elements than the previous model. Chrome signal mirrors with a driver's side auto-dimming feature are available. From its distinctly Dodge crosshair grille down to every switch and button, Grand Caravan is engineered for maximum utility.

The All-New Dodge Grand Caravan includes three satellites orbiting 22,300 miles above the United States. Why? So at any moment you have a chance to hear over 130 channels of news, real-time traffic and weather via the available SIRIUS® Satellite Radio. Opt for SIRIUS Backseat TV™, and those same three satellites beam three channels of digital video content. 1 Available steering wheel-mounted audio controls further simplify the DJ-ing duties. Even the standard radio faceplate features an auxiliary input jack for MP3 players and such. 2 The available touch-screen MyGIG® Multimedia System marries SIRIUS Satellite Radio (with one year of service provided by SIRIUS) programming with gigabyte upon gigabyte of your personal content. 3 The USB 2.0 port facilitates the downloading and storing of digital photos or up to 2,500 songs. MyGIG's 6.5-inch LCD screen also includes a ParkView® Rear Back-Up Camera.† 4 Every MyGIG can store a virtual scrapbook of images, with each image available as your screensaver. 5 Opt for the MyGIG Multimedia Infotainment System with Navigation,* and voice-activated commands are broadcast via your vehicle's sound system. 6 With one push of a button, the available UConnect® Hands-Free Communication System‡ is activated, and verbal commands take over. Visit dodge.com/grandcaravan for more tech talk.

*MyGIG in-dash DVD capability is not available in all states. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. See your dealer for details. †Always check entire surroundings before backing up. ‡Must use Bluetooth® compatible phone. †SIRIUS,™ †SIRIUS Backseat TV,™ the SIRIUS dog logo and related marks are trademarks of SIRIUS Satellite Radio Inc. All other trademarks, service marks and logos are the property of their respective owners. For Full Terms and Conditions, visit sirius.com. Prices and programming are subject to change. Not available in AK and HI.

It is SIRIUS Backseat TV™ and it is only available in Chrysler Group minivans. This optional system allows live content from three channels — Nickelodeon™, Disney Channel and Cartoon Network — to stream directly to your Grand Caravan. Gone are the days of depending on some tirelessly viewed DVD. Behold the available Video Entertainment System (VES®) capable of being outfitted with either one or two 8-inch LCD screens. Content can be delivered from a multitude of sources, ranging from DVDs to video gaming consoles or from video cameras to streaming video programs from SIRIUS Backseat TV. Parental controls allow the driver and front passenger to lock out the system's master remote control, so mom and dad have the final say on content. **1** Personal, targeted LED lights in the available overhead console allow passengers to read, write or play at night without distracting the driver. **2** Halo lighting in this available overhead console provides a soft glow of light that fills the cabin and offers the driver and front passenger the opportunity to keep an eye on activity in the back. **3** Wireless infrared two-channel adjustable headsets allow rear-seat passengers to listen to the same or separate audio sources simultaneously. Now showing: dodge.com/grandcaravan

A LIFETIME POWERTRAIN WARRANTY.**

LIFETIME
POWERTRAIN WARRANTY

No deductible. Non-transferable. Limit applies to CDT, dealer and certain fleet vehicles. See dealer for a copy of limited warranty and details.

Grand Caravan SE in Bright Silver Metallic with Molded Running Boards and Side Window Air Deflectors, Authentic Dodge Accessories by Mopar.

Grand Caravan is as earth-friendly as it is family-friendly. Grand Caravan's 3.3-liter Flex Fuel* engine delivers unsurpassed fuel economy in its class¹ and is capable of running on E85 — a blend of 85 percent ethanol and 15 percent petroleum. This alternative fuel conserves nonrenewable energy sources and is good for the environment. Even when you are driving at the slowest of paces, Grand Caravan's standard Electronic Stability Program[†] (ESP) with Traction Control employs a computer system which calculates input data at speeds that are practically unfathomable to help the driver maintain vehicle control. What is required from a Grand Caravan driver during such control-maintaining measures? Nothing. The system operates without the need for driver input.

*Flex Fuel V6 engine not available in CA, CT, MA, ME, NY, PA, RI and VT. Contact your authorized Dodge dealer to verify your vehicle's Flex Fuel (FFV) compatibility. 3.3L gasoline V6 will be substituted. ¹Based on 3.3L engine 2007 model year ratings. [†]No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

Behold the living room, dining room and kitchen. Behold the All-New Grand Caravan equipped with Swivel 'n Go.[™]* The Dodge engineers took into account the all-encompassing activities that take place within your typical minivan and outfitted Grand Caravan with innovative features to enable such activities in the smartest of manners. **1** The available Premium Floor Console is a removable, sliding console with a power outlet, cup holders and storage. It can also keep a large purse securely out of view. Easily accessed from both the front- and second-row seats, the console can be positioned in several stop points along its track. Other ideas extend from the bottom to the top. **2** Fully integrated sunshades are available on the second and third rows of Grand Caravan SXT. Mounted in the sliding door trim and along the rear windows, the mesh shades diffuse light while still allowing occupants to see the world outside. Pulled up and hooked into place, the shades transform Grand Caravan into a screening room in seconds, regardless of what time of day the viewings begin. **3** With an easily stowable table,[†] the available Swivel 'n Go seating system facilitates in-transit card games as seamlessly as it enables face-to-face time. Smartly stowed in one of the in-floor bins, this card table will come into play more often than the one that serves as the Thanksgiving kids' table. Visit dodge.com/grandcaravan for a multitude of configurations.

*Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be in a backseat properly restrained in a child seat or with the seat belt positioned correctly for the child's age and size. [†]Tabletop must be installed in base at all times when in use. When not in use, table and base must be properly stowed. Never drive with table installed without properly using your seat belts. Properly secure all cargo.

Grand Caravan SXT with Swivel 'n Go* Light Shale leather-trimmed interior.

Visit dodge.com/grandcaravan/interior

This interior has been buttoned up. **1** Standard on Grand Caravan SXT, steering wheel-mounted controls allow an easy interface with volume, radio channels, CDs and DVDs. **2** Standard on all Grand Caravans, a Tire Pressure Monitoring System activates a warning lamp in the instrument cluster if a pressure is recorded out of range. **3** Like a home with three thermostats, Grand Caravan features an available automatic three-zone climate control system which is capable of dividing and conquering the distinct comfort levels of individual passengers. Temperature controls can be found in the center stack and rear overhead console. **4** Behind the well-hinged doors of the dual glove box you will likely find scores of personal effects, assorted receipts, a collection of manuals and service materials. **5** Whether you choose leather or YES Essentials** stain resistant, odor resistant, antistatic seat fabric, or whether you opt for Stow 'n Go® or Swivel 'n Go™ seating, Grand Caravan owners can equip their first and second rows with heat. A center stack-mounted push button activates the elements in the front seat. The controls for the second row are integrated into the sliding door. Topping it off, the driver and passenger leather heated seats are 8-way power adjustable. Visit dodge.com/grandcaravan for your very own virtual tour.

*Not compatible with aftermarket fabric-protecting coatings. **Seat must be locked in forward or rearward mode while vehicle is in motion. Child restraints must only be used when seats are in forward-facing mode. Children 12 and under should always be seated in the rear seats, properly restrained in a child seat or vehicle seat belt. Properly secure all cargo.

1 Grand Caravan's available power sliding doors feature power retractable windows. Engineered without the need for a division bar, the lower retraction offers an unobstructed view. 2 Easily retracted from the overhead front console, the conversation mirror offers both in-vehicle monitoring and peace of mind. 3 Even the seating surfaces are technologically advanced. Available YES Essentials®* stain resistant, odor resistant, antistatic seat fabric employs a dual-action technology to defend itself — and the Grand Caravan's upholstery and floor mats — against spills and such. 4 The available overhead console features aimable LED map/reading lamps with swiveling bezels for perfect pointing. The same lights illuminate when any door is opened. 5 With the Ambient Light Group, a rechargeable LED flashlight is removable. It recharges in a cradle in the rear quarter-panel trim. 6 The rear cargo area also houses the buttons for the available one-touch power third-row 60/40 split-bench seat. Individual motors allow the left and right seats to be individually folded, reclined, stowed, or configured with the seatbacks folded back or flipped for tailgate seating.† 7 A one-touch power sunroof† is available, allowing the cabin to be lit by the most majestic of sources. 8 Brilliant vision continues, thanks to the available ParkView® Rear Back-Up Camera.‡ When Reverse is engaged, the rearward view is shown on the 6.5-inch radio display.

*Not compatible with aftermarket fabric-protecting coatings. †When the sunroof is ordered, the overhead console is replaced by two mini consoles with two bins. (The sunglasses holder is not available with the sunroof.) ‡Do not drive with the seat in tailgate position. †Always check entire surroundings before backing up.

Grand Caravan SXT in Modern Blue Pearl.

When you enhance your Grand Caravan with Authentic Dodge Accessories by Mopar, you gain far more than substantial style, premium protection or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference that demands tighter tolerances and envelope-pushing testing methods. And one backed by a superior warranty* serviced by Dodge dealerships nationwide. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Grand Caravan. 1 The Water Sports Carrier can be outfitted to adapt to any number of activities — like, say, sea-kayaking. Sport Utility Bars. Heavy-duty bars accommodate all our carrier accessories. 2 Stylish Side Window Air Deflectors channel both wind and rain away from the side windows. 3 The fully tested Hitch Receiver can trailer loads of up to 1,800 lb. with proper weight distributing equipment. Adapters, ball mount, hitch ball and wire harness sold separately. 4 Make a splash with Molded Splash Guards, uniquely contoured to protect your rear fascia against damaging road debris. 5 Style meet substance with premium Molded Running Boards that feature a high-strength substructure and skid-resistant surfaces that can take the pounding your family dishes out. Check us out at mopar.com.

*See your dealer for full details and a copy of the limited warranty.

GRAND CARAVAN TRIM LEVELS

GRAND CARAVAN SXT

It is good to be king. Caravan SXT is nothing short of the total package. Armed with increased horsepower and abundant interior amenities, it represents the pinnacle of Dodge minivan development.

GRAND CARAVAN SE

Loaded with safety systems and brilliant interior advancements as standard equipment, Caravan SE leaves nothing to want.

GRAND CARAVAN WHEELS

Every new Grand Caravan wheel was designed with less flat surface area in order to deter brake dust — an unavoidable byproduct of Grand Caravan's larger braking system — from collecting on the wheels themselves. The brakes employ a lining material to help eliminate dust, further contributing to a cleaner-looking wheel.

- 1 16-inch Stamped Steel with Painted Bolt-on Wheel Cover (Standard on SE)
- 2 16-inch Machined-face Cast Aluminum (Standard on SXT)
- 3 17-inch Cast Aluminum (Available on SXT)

THE 2008 DODGE GRAND CARAVAN INCLUDES A LIFETIME POWERTRAIN LIMITED WARRANTY.

See dealer for a copy of limited warranty and details. No deductible. Non-Transferable. Not available on SRT, diesel and certain fleet vehicles.

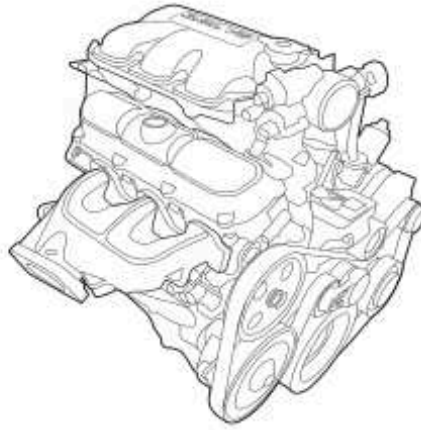

GRAND CARAVAN ENGINES

3.3-LITER FLEX FUEL* ENGINE

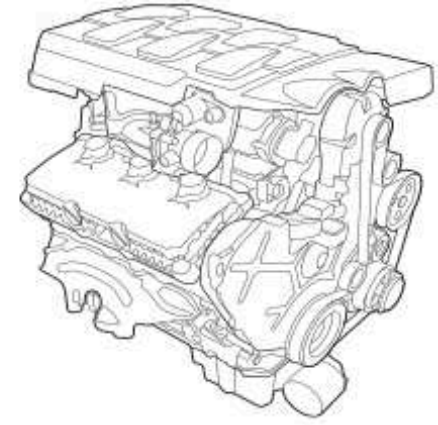

Standard on SE, this V6 is capable of running on gasoline, E85 (ethanol) or any combination of the two, all while providing 175 hp and 205 lb-ft of torque.

*3.3L Flex Fuel V6 engine not available in CA, MA, ME, NY and VT. 3.3L gasoline V6 engine will be substituted.

3.8-LITER ENGINE

Standard on SXT, this V6 is a proven performer in the Dodge lineup. Thanks to the refined gear ratios of its 6-speed automatic transmission, the 3.8-liter delivers 197 horsepower and 230 lb-ft of torque.

4.0-LITER ENGINE

The 4.0-liter engine optional on SXT puts out 251 horsepower and 259 lb-ft of torque. It is packaged with the new 6-speed automatic transmission.
