DODGE HORNET

DNA

THIS IS BOLD PERFORMANCE

The Dodge Brand was born to deliver muscle to the masses. Since its inception, this Brand has never taken its foot off the gas. Power, performance and muscle still reign supreme. But that formula isn't just calculated by intense horsepower and torque. Our performance is also measured by advanced safety and security features that help protect passengers. The onboard technology that helps keep occupants connected to

the people, places and entertainment that matter most is another gauge of power. Muscle can be tracked by the ability to tow hefty loads, seat up to seven passengers and bring efficiencies to engines. With the addition of the Dodge Hornet R/T, performance has been electrified. Every vehicle in the Dodge lineup is designed to live up to the pillars that support the Dodge Brand.

WELCOME TO THE BROTHERHOOD OF MUSCLE

Built with ingenuity and amped-up attitude, the Dodge Hornet is your gateway into the Brotherhood of Muscle. We've sharpened our sting to deliver a performance utility vehicle unlike anything else on the road. Hornet combines utility with aggressive looks and new tech. Its cutting-edge mechanics let you know this is a Dodge Brand vehicle through and through.
