art

FIAT® Design: 124 Spider

Optional race seating turns up the adrenaline while adding driver support.

An original FIAT 124 Spider design cue, the rear view features FIAT signature LED taillamps in the iconic rectangular oval shape.

An available Adaptive Front Lighting System uses the steering angle and vehicle speed to adjust the headlamp position.

Fast forward

Openly self-indulgent

1929

1929

Shortly after Karl Abarth gets his start racing motorcycles, he builds the first motorcycle to bear the Abarth name. As a competitor, Abarth was a five-time European Champion.

1958

Karl Abarth creates the FIAT® 500 Abarth®, which breaks six international records at Monza, averaging a speed of 68 mph. The Scorpion logo is inspired by Karl's feisty Scorpio persona.

Abarth® History

This is the story of the Scorpion. It originates from the piercing vision of Karl Abarth that was formed almost a century ago: "Go faster than yesterday." This philosophy served as the cornerstone upon which a well-crafted empire of finely tuned performance was built.

1972

The racetrack legacy of Abarth is lent to a street-legal rally version of the 124 Sport Spider, the FIAT® Abarth 124 Rally. That year, the 124 won the European Rally Championship.

2015

The latest generation of the FIAT 124 Spider Abarth, introduced in late 2015, carries on in the tracks of its iconic predecessors with unmistakable style and performance.

2019

FIAT® I24 Spider Abarth®

SELECT STANDARD AND AVAILABLE EQUIPMENT

- 1.4L MultiAir® Turbo, 164 hp with 6-speed manual transmission

Aggressively breezy

Race-inspired art

Inspired by a racing legacy, the FIAT® I24 Spider Abarth® features:
Available Hand-Painted Heritage Racing Stripe • Sport Mode Selector
• Optional race seating • Class-exclusive quad exhaust tips³ • 17-inch Gun Metallic aluminum wheels • Gun Metallic sport bar covers • Gun Metallic windshield surround • Matte Gray interior accents

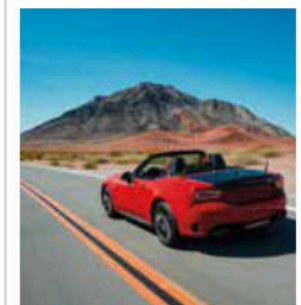

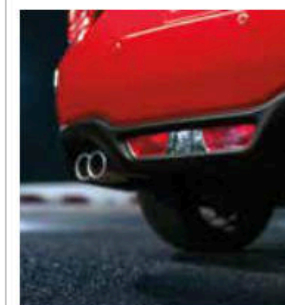

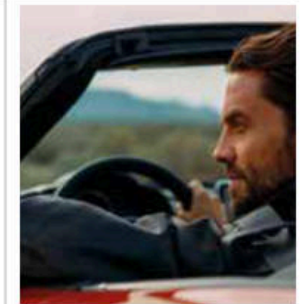

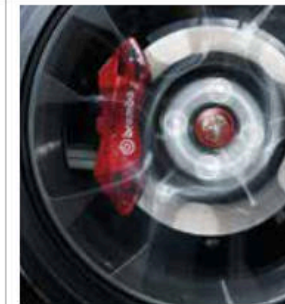

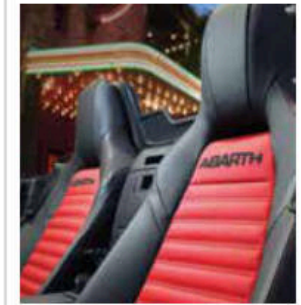

EXHILARATING
DÉJÀ VU

It's clear the latest FIAT® I24 Spider was created with the same passion for exquisite design as its popular predecessors. Abarth®-tuned performance features move the needle into thrilling territory, while a number of original I24 Spider design cues remind you this nimble roadster is truly a natural-born Spider.

ABARTH® REVEALS THE WILD SIDE

The FIAT® I24 Spider is the ultimate model for true enthusiasts.

Whatever the demands of the day's course, FIAT Abarth amps things up with a mechanical limited-slip differential, Sport Mode button, available RECARO® Alcantara® leather-trimmed seats, available Brembo® brakes and Bilstein® selective damping shock absorbers. Finishing touches include class-exclusive quad exhaust tips, Gun Metallic 17-inch aluminum wheels, sport bar covers, windshield surround and Matte Gray interior accents.

Behold the Scorpion

Special Edition

FIAT® 124 Spider Urbana*

This carefree roadster takes a streetwise turn with: 17-inch Black Diamond aluminum wheels • Piano Black A-pillar, sport bar covers and mirror caps • Urbana leather/microfiber seats with Red accent stitching • Matte Gray interior accents • Dual bright-tip exhaust • Front fog lamps • SiriusXM® Radio¹

Drive stealthily

*Late availability.

Power = Passion

THE ROADSTER HAS COME FULL CIRCLE

When the original FIAT® 124 Spider was first introduced, it was an immediate sensation, and was honored as the 1967 European Car of the Year. Today, the ultimate roadster is back with a vengeance. Its innovative turbo engine fuels the passion that drives both designers and drivers. Stepping on the accelerator brings back that Italian "live for the moment" spirit, and at the same time delivers the best-in-class fuel economy of 35 mpg.¹ When it comes to driving, the latest FIAT 124 Spider is the vehicle that fulfills all the things that matter most.

turbo

Get up and really go

With its innovative class-exclusive turbo engine,³ the FIAT® 124 Spider is powered by a 1.4L MultiAir® Turbo four-cylinder with twin intercoolers that delivers up to 164 horsepower* and 184 lb-ft of torque. Bring out this engine's best performance with either the standard 6-speed manual transmission with short-throw shifting or the available 6-speed automatic transmission.

Either way, the innovative 1.4L MultiAir Turbo engine serves up great mid-range torque for easy passing when you need it most — so you can enjoy a great ride no matter what lies ahead. For those times when the road isn't exactly smooth sailing, the FIAT 124 Spider is equipped with a double-wishbone front and multilink rear suspension that enhances steering response and handling.

Intelligently honed

With FIAT® 124 Spider Abarth®, the short-throw shifting of the 6-speed manual transmission, Sport Mode Selector (standard on Abarth), electric power steering system, electronic traction control and Electronic Stability Control (ESC)⁵ make for tighter corners and thrilling straightaways.

Additionally, near-perfect 50/50 weight distribution, lines that compel your eyes to follow along, exquisite materials and fine finishes — they all contribute to the captivating, extraordinary appeal of the FIAT 124 Spider Abarth.

Thoroughly reassured

SAFETY AND SECURITY

Electronic Stability Control (ESC)⁵
This feature assists drivers in maintaining control of their vehicles during extreme steering maneuvers. Standard.

ParkSense[®] Rear Park Assist System²
When the vehicle is in Reverse, these available sensors detect objects in the rear pathway, providing an audible and visual warning. Available.

Four Air Bags⁶
Front, dual-stage and supplemental side seat work together, providing protection. Standard.

High-strength Steel
Innovative safety cage body structure is made with high-strength steel to create energy-absorbing crumple zones. Standard.

Blind Spot Monitoring⁷
Assists when changing lanes by alerting you to traffic in your vehicle's blind spot zones with illuminated icons in exterior mirrors. Available.

ParkView[®] Rear Back-Up Camera²
Provides a wide-angle view with grid lines on a color touchscreen, aiding the driver when the vehicle is in Reverse. Standard.

Bi-function Halogen Projector Headlamps
Provide more controlled illumination for increased visibility. Standard.

Front-seat Active Head Restraints⁸
In the event of a rear collision, these restraints⁸ activate to help reduce injuries by minimizing the gap between the driver and front-passenger head restraint⁸ and the occupant's head. Standard.

Tire Pressure Warning Lamp
Illuminates a warning icon at the moment any tire pressure falls below safe driving criteria. Standard.

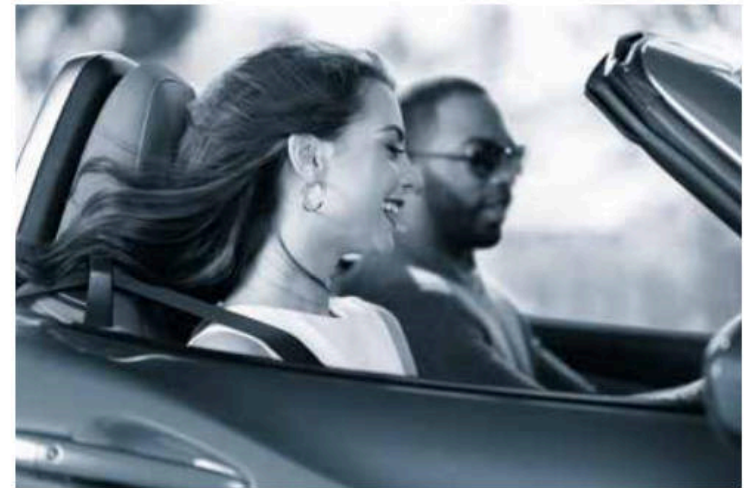

Remote Keyless Entry
Affords easy access by remotely locking and unlocking doors and turning on interior lamps. For vehicles equipped with the optional security alarm, this device also arms and disarms that system. Standard.

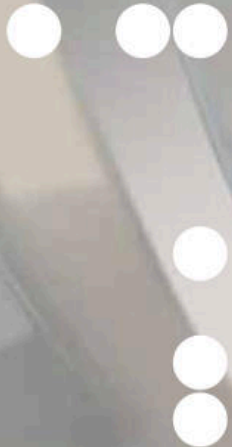

O P E N A I R

This is high design that's truly accessible. Engineers created a soft top that manually opens or closes simply and effortlessly. An assist spring enables top-down fun in three seconds or less, while automatic window adjustments mean drivers only have to think about the road ahead. Acoustic windshield glass, added insulation and aerodynamic enhancements further ensure the cabin is remarkably quiet. All told, it's clear the FIAT® 124 Spider has the makings to be your perfect getaway car.

A D V E N T U R E

FIAT® I24 Spider manages to create what other roadsters can't: space to store things. In addition to generous trunk space, the meticulously designed interior offers refined materials, quality available leather and Italian-inspired design.

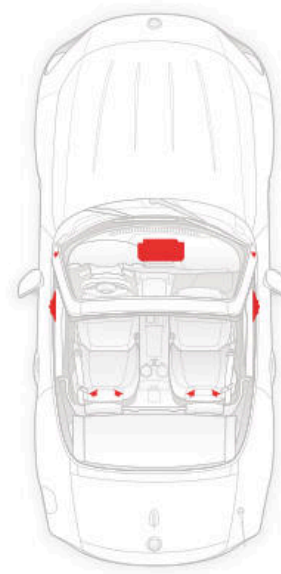

Notably soft touchpoints, instruments, technology and storage are all expertly delivered with the driver in mind.

OO

The available Bose® Audio System delivers premium audio clarity with nine speakers — including two Bluetooth® speakers located in each headrest. They work to deliver clear, detailed sound to both driver and passenger; while a Bluetooth Hands-free² Communication System lets you take phone calls and stream music so you can keep your hands on the wheel.

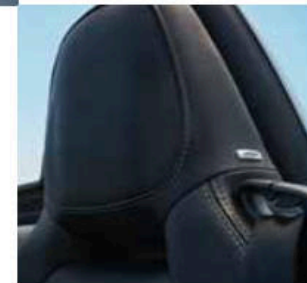

With the FIAT® Connect 7.0, you'll enjoy full access to the world at large via an advanced multimedia system with a 7-inch full-color touchscreen display, multimedia control knob and MP3 player. The available SiriusXM® Radio¹ comes with a one-year All-Access trial.

Stay fully plugged in and connected with two USB ports, an auxiliary input and the multimedia control knob.

The available GPS Navigation and standard ParkView® Rear Back-Up Camera² help you keep your bearings straight.

Dual headrest speakers deliver music to both the driver and the passenger with headphone-style clarity, and are available with select sound systems.
