FIESTA

Go Further

FUN AT EVERY TURN

Fiesta gets the party started with a 120-horsepower 1.6L Ti-VCT engine and your choice of a 5-speed manual or a PowerShift 6-speed automatic transmission! The PowerShift delivers an extra-connected feel by helping provide torque to the front wheels 100% of the time during shifts. Plus, Fiesta has an EPA-estimated rating of 37 hwy mpg.² For a best-in-class³ 197 horsepower⁴ and 202 lb.-ft. of torque,⁴ step up to Fiesta ST with its high-output 1.6L EcoBoost[®] engine. As *U.S. News & World Report* said, "Regardless of trim or body style, the Fiesta is one of the best-handling subcompact cars on the market."⁵

LIVE OUT LOUD IN FIESTA.

Lightning Blue. Hot Pepper Red. Outrageous Green. Starting with its head-turning new colors, Fiesta makes its intentions clear. This ride is all about fun. Just take a corner and you'll be hooked. With nimble and responsive handling, Fiesta thrives on curves as much as it does on straightaways. The 2018 Ford Fiesta is designed to liven up your drive – and your day.

Titanium Hatchback. Lightning Blue. Available equipment. ¹Available feature. ²EPA-estimated rating: 27 city/37 hwy/31 combined mpg, 1.6L Ti-VCT with 6-speed automatic. Actual mileage will vary. ³Class is Subcompact Cars based on Ford segmentation. ⁴Horsepower and torque ratings achieved with 93-octane fuel. ⁵View U.S. News Best Cars at cars.usnews.com.

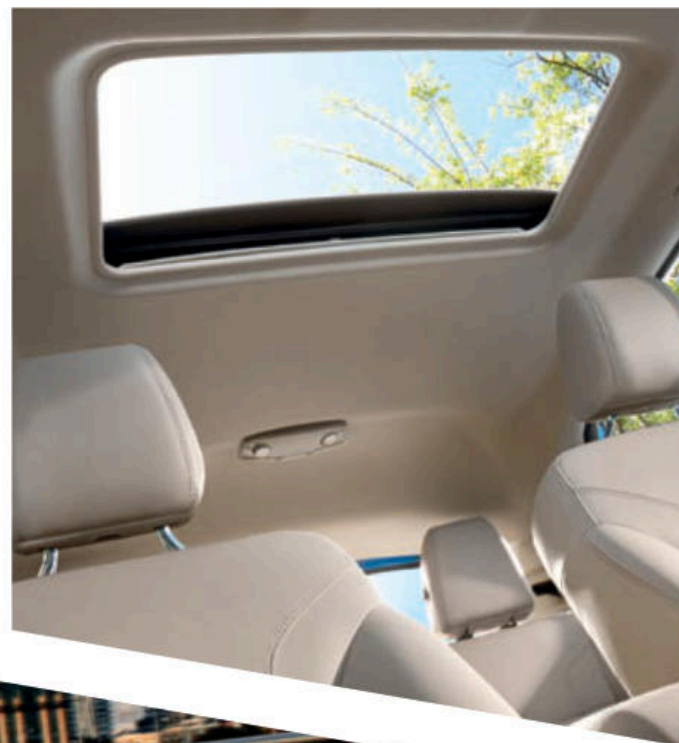

HATCH OR SEDAN – **THE CHOICE IS YOURS.**

Whichever you prefer, go with Fiesta Titanium for a ride that shines all around. Up front, a chrome surround accents the chrome upper grille bars, while chrome bezels set off the fog lamps. On the sides, chrome accents the beltline above 16" premium Sparkle Silver-painted wheels. Around back, a chrome strip across the liftgate or rear fascia adds the finishing touch.

COOL AND CONFIDENT

Fiesta Titanium features lots of conveniences, too. Heated sideview mirrors, an auto-dimming rearview mirror, a rear view camera, and a Reverse Sensing System¹ are all standard. You'll also enjoy its leather-trimmed interior with heated front seats and adjustable lumbar support for the driver. A power moonroof² and an Audio System from Sony[®] with HD Radio™ Technology help you keep the fun going.

GO BIG ON STYLE & SMARTS.

Fiesta is designed to be a standout, with impressive features inside and out. People will take notice from the moment you enter and start it while leaving the Intelligent Access key fob¹ in your pocket. Just touch the door handle and you're in. Then, press the brake pedal and push the start button.

Heat¹ your front seats, in cloth or leather¹ trim. Rather keep things cool? Electronic automatic temperature control¹ automatically maintains settings chosen by the driver or front passenger. You can switch between 7 colors of ambient lighting.¹ Charge your paired smartphone via USB port. And even use the steering wheel-mounted buttons to control calls and music with voice-activated SYNC[®] or SYNC 3¹. A long list of standard and available features means your Fiesta can be equipped just the way you want it.

SYNC 3

TURBOCHARGE YOUR STATE OF MIND.

Fiesta ST puts best-in-class¹ 197 horsepower² and 202 lb.-ft. of torque² at your disposal via its 6-speed manual transmission. The turbocharged, high-output 1.6L EcoBoost[®] engine also has an "overboost" feature that can extend peak torque for up to 16 seconds. All that power is put to good use by a unique sport suspension with European-inspired tuning and 17" summer-compound performance tires.³ Add the Ebony Black-painted aluminum wheels with Red-painted brake calipers⁴ for even more attitude.

As you throw the leather-wrapped shift knob through its paces, you can be firmly gripped by the supportive bolsters of RECARO[®] partial leather-trimmed, heated front seats.⁴ From this exhilarating vantage point, you'll enjoy the amplified engine sounds piped into your cabin by the sound symposer, in addition to the resounding boom of the Audio System from Sony[®] with HD Radio[™] Technology. Behind the perforated leather-wrapped steering wheel in Fiesta ST, the rush is always on.

2018 Fiesta | ford.com

ST. Orange Spice Metallic Tri-coat. Leather-trimmed interior in Charcoal Black with Molten Orange cloth accents. Both with available equipment. ¹Class is Subcompact Cars based on Ford segmentation. ²Horsepower and torque ratings achieved with 93-octane fuel. ³Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires. ⁴Available feature.

PUT THE FUN IN FUNCTIONAL.

Enjoy easy access to the rear cargo area in Fiesta Hatchback. With both sides of the 60/40 split rear seat folded down, you'll find 25.4 cu. ft. of cargo space to fill when you open the hatch. With the rear seat up, you still have 14.9 cu. ft.¹ of space at your disposal. Hatchback models also feature an in-floor storage compartment² behind the rear seats that's perfect for keeping small personal items out of sight. Traveling with people and gear? Fold one side of the rear seat down for longer items and leave one side up for a passenger. Sedan models combine 12.8 cu. ft. of trunk space with the same 60/40 split rear seat for versatility on demand. Fiesta is always ready for fun.

MAKE YOUR WAY SAFELY.

Underneath the aerodynamic shape of Fiesta, there are many protective layers. Strength surrounds you in the form of a rigid safety cage. High-strength and ultra-high-strength boron steel work with SPACE (Side Protection And Cabin Enhancement) Architecture to help divert crash forces from occupants. There are 7 standard airbags, including: driver and front-passenger front, driver's knee, front-seat sides, and side curtains. Underpinning it all, AdvanceTrac® electronic stability control¹ helps reduce skidding and fishtailing, which is beneficial in various kinds of inclement weather.

DRIVE SMARTLY

See what's behind Fiesta as you slowly back up. Now standard on every Fiesta, the rear view camera puts a full-color image with helpful guidelines on the LCD screen in your center stack.² You can also use MyKey^{®3} to program reminders that encourage safety belt use, driving at appropriate speeds, keeping the audio volume low, and much more.

Titanium Sedan. Shadow Black. Available equipment. ¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available SYNC[®] 3 screen shown. Driver-assist features are supplemental and do not replace the driver's attention, judgment, and need to control the vehicle. ³Available feature.
