

2014

TERRAIN

GMC | WE ARE PROFESSIONAL GRADE

2014 GMC TERRAIN. Continuous innovation results from a dedication to engineering Professional Grade vehicles. That's why the 2014 Terrain is engineered with more innovations per square inch, giving you full-size capability in an efficient crossover with an EPA-estimated 32 highway miles per gallon with its I-4 engine, or the most horsepower in its class with its available V-6. And now GMC's Pro Grade Protection is standard on every 2014 Terrain. Learn more about this enhanced peace of mind on page 19. GMC. We Are Professional Grade.

TERRAIN DENALI IN CARBON BLACK METALLIC [left] AND TERRAIN SLT IN QUICKSILVER METALLIC [right] shown with available equipment.

INTERIOR

ROOM TO CALL YOUR VERY OWN.

Our designers understood what you wanted in a crossover: plenty of space, but in a size that makes sense for the way you live. Terrain offers a lot of room with an interior that's comfortable and capable with generous rear-seat leg room. Elevate your style further with Terrain Denali and you'll find a heightened attention to detail. Illuminated sill plates, embossed front seats and a leather-wrapped steering wheel with smoked mahogany wood tones signal a rare character. Settle into the leather-appointed, French-stitched seating and notice the premium soft-touch materials on the doors, dash and center console.

WE'VE THOUGHT OF EVERYTHING. ESPECIALLY YOU. Open the door to Terrain Denali and discover that even the details have details. To enhance your comfort, convenience and driving experience, you'll find that form and function are equally represented. Entering Terrain Denali means that all of your tactile, visual and auditory senses have been addressed and then elevated further.

DISTINCTIVE DENALI SEATING Contrasting stitching outlines perforated leather-appointed seating, with an embossed Denali logo on the front-row seats.

EIGHT-WAY POWER PASSENGER SEAT In Denali, both the driver and front passenger enjoy the comfort of an eight-way power seat that includes a power lumbar feature.

INTELLILINK¹ The Color Touch Sound System with IntelliLink provides smartphone integration and voice-activated control of your communication and entertainment selections, streaming Internet radio stations Pandora[®] and Stitcher[™] SmartRadio through your smartphone or accessing your iPod[®] music library.

¹Full functionality requires compatible Bluetooth[®] and smartphone. Some devices require USB connectivity. Data plan rates apply.

TERRAIN DENALI INTERIOR IN JET BLACK shown with available equipment.

People? Cargo? There's plenty of room for both with MultiFlex seating, pg. 15.

Roads will be seen but not heard, thanks to noise suppression, pg. 15.

Experience Terrain Denali's available Navigation System¹ with IntelliLink.² pg. 16

ENTERTAINMENT CENTER. Terrain Denali makes technology friendly and easy to use. The high-resolution Color Touch Sound System with IntelliLink² integrates large icons into an intuitive home screen. With fingertip command, it's simple to operate features like the Pioneer[®] Premium Audio, available Rear-Seat Entertainment System and Navigation¹ with IntelliLink². A Rear-Vision Camera System is standard on Terrain, as is the peace of mind that comes standard with 6 months of OnStar[®] technology.

¹Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ²Full functionality requires compatible Bluetooth[®] and smartphone. Some devices require USB connectivity. Data plan rates apply. ³Visit onstar.com for coverage map details and system limitations.

Stay aware and prepared with Forward Collision Alert and Lane Departure Warning (standard on Denali), pg. 18.

Keep your passengers happy with the available Rear-Seat Entertainment System, pg. 16.

TERRAIN SLT INTERIOR IN LIGHT TITANIUM
shown with available equipment.

Everything is close at hand with the convenient and
well-lit console and an Integrated Control Center, pg. 16.

SMALL HAS NEVER BEEN THIS BIG. When it comes to room, Terrain SLT makes sure it's flexible. The standard MultiFlex sliding rear seat and 60/40-split rear seatback make reconfiguring easy. Rearrange the interior to suit the task at hand.

Stay entertained and connected, thanks to the Color Touch Sound System with USB connectivity,* pg. 16.
*Not compatible with all devices.

TERRAIN DENALI IN CARBON BLACK METALLIC

Shed a more focused light on your travels
with projector-beam headlamps, pg. 12.

Denali wheels provide a style all their own, pg. 12.

DENALI RAISES THE BAR AND THEN WRAPS IT IN CHROME. Looking at Terrain Denali, it's easy to see why it's the ultimate Terrain. After all, with its satin chrome wheels, Denali-signature honeycomb grille and satin chrome accents, it takes the crossover to a new level of style.

DENALI GRILLE Terrain Denali features a honeycomb-pattern chrome grille, giving it a distinctive appearance.

CHROME BOOYSIDE MOLDING Satin chrome accents, including rocker moldings, accentuate the chiseled, muscular shapes of Terrain Denali.

STYLIZED CHROME EXHAUST TIPS Unique chrome exhaust tips draw your eye to the rear profile of Terrain Denali.

Laminated windshield glass and triple
door seals help reduce road noise, pg. 15.

EXTERIOR

DESIGNED WITH A PURPOSE.

At GMC, styling doesn't merely look good, it's also purposeful. That's why Terrain is designed to slice the wind to help create a quiet driving environment. GMC engineers used acoustic laminated glass in the windshield and in the front doors along with triple door seals on all four doors to help reduce road noise inside the cabin.

Low step-in and lift-over height
make for easy entry and exit, pg. 15.

Dress up your Terrain with an
array of stylish wheels, pg. 25.

FEATURES & BENEFITS

PROFESSIONAL GRADE: A USER'S GUIDE.

Every one of Terrain's components is engineered to a level of excellence we call Professional Grade. The result is highly capable performance, innovations at every turn and uncompromising comforts. What follows are detailed insights into how these features span the entire vehicle—including Pro Grade Protection (see page 19 to learn more)—to create a premium driving experience.

TERRAIN IS DESIGNED TO PERFORM. At GMC, our designers crafted the proportions of Terrain with a clear understanding of the functional requirements you demand from a crossover. They created a design able to embody comfort, a smooth ride, flexible seating and cargo configurations. Then came the details— from the headlamps to the dazzling chrome accents.

ALUMINUM WHEELS Terrain Denali models offer two satin chrome-clad aluminum wheel choices, providing a stylized flair that complements its satin chrome accents: 18" wheels with the I-4 and 19" wheels with the V-6 engine.

PROJECTOR-BEAM HEADLAMPS For a bright and focused beam that gives confidence-inspiring visibility, Terrain Denali features integral projector-beam headlamps. They use a concave lens that works in conjunction with an ellipsoidal reflector surface to provide a very smooth and uniform light pattern.

PROGRAMMABLE POWER LIFTGATE Terrain Denali comes standard with a programmable power liftgate. It opens and closes with the touch of a button to the height you program.

FEATURES & BENEFITS | 13

DENALI

INTERIOR FEATURES

A CABIN THAT DEFIES THE LAWS OF PHYSICS. Our goal with GMC Terrain was to give it more innovations per square inch.

So we used out-of-the-box thinking to create a small crossover with the standard features, passenger comfort and cargo-carrying versatility you expect from a full-size SUV. It starts with giving Terrain the head room and leg room of a larger vehicle. So climb in and see for yourself how Terrain is the very definition of efficiency without compromise.

1 STORAGE FEATURES Terrain makes it easy to get organized. The interior features an oversized glove box. Besides the console deep enough for a laptop, Terrain offers a smaller compartment under the center armrest and two-tier storage in the door panels.

CONSOLE AND CENTER STACK The console, cup-holders and center stack are illuminated by warm red ambient lighting that's inviting to your eyes at night. An auxiliary 12-volt power port and a USB port¹ let you charge portable electronics and connect your iPod[®] or MP3 player to Terrain's audio system.

Not compatible with all devices.

2 ACOUSTICS AND NOISE SUPPRESSION The design of Terrain's windshield angle, body shape and mirrors helps manage airflow to reduce wind noise. To further quiet the cabin, Terrain is engineered with triple door seals and acoustic laminated windshield and front side glass.

3 SECOND-ROW MULTIFLEX SYSTEM Terrain offers the innovative and easy-to-use MultiFlex rear seat. The second-row seatback is split 60/40 and can recline for your comfort or fold down on either side (or both) for loading large objects. The seat design also allows you to slide the second row back nearly 8 inches. The result is 39.9 inches of rear leg room. Photo above shown with available equipment.

4 LOW LIFT-OVER HEIGHT The load floor is set at a height that helps make it easy to move large or heavy items in and out, and with the second-row seats folded down, Terrain opens up 63.9 cubic feet of available cargo space.²

²Cargo and load capacity limited by weight and distribution.

LOW STEP-IN HEIGHT Terrain is designed for convenient access and entry. While the upper door opening is set high for clearance, the floor is at a lower, car-like height, making it easy for people of all sizes to enter and exit. And the rocker panels are integrated with the door, creating a larger opening that's protected from splashes, dirt or winter road salt.

HEATED FRONT SEATS To help warm you up quickly when it's cold, available front heated seats can be activated when you use the available remote start. Both the cushions and seatbacks have heating elements, which spread the warmth evenly for added comfort.

GO INSIDE AT GMC.COM/BIGCOMFORT

TECHNOLOGY

THIS IS ONE SMART CROSSOVER. Terrain delivers big impact in a small space with its Integrated Control Center (ICC). Here you'll find a host of technologies, including a high-resolution Color Touch screen, electronic child door locks and automatic climate control. The ICC is also where you can control the available Pioneer® Premium Audio, a 250-watt, eight-speaker sound system complete with a 3-month trial of SiriusXM Satellite Radio.¹ Terrain even makes the connection between your vehicle and your smartphone seamless, thanks to the available IntelliLink² system.

¹If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity.

COLOR TOUCH SOUND SYSTEM This standard entertainment system makes your Terrain an even more integral part of your life. It is based on a 7" diagonal high-resolution Color Touch screen that makes it easy to find your most important information quickly. Not only does it include AM/FM/CD/SiriusXM³ (with 3-month trial), it also gives you a customizable home page and both USB⁴ and auxiliary inputs for your iPod⁵ and MP3 player.

³If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ⁴Not compatible with all devices.

INTELLILINK⁶ Standard on most Terrain models, IntelliLink provides smartphone integration and voice-activated control of your communication and entertainment selections, including placing a telephone call, changing the station, streaming Internet radio stations Pandora⁷ and Stitcher⁸ SmartRadio through your smartphone or accessing your iPod⁵ music library.

⁶Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply.

EXPERIENCE IT AT GMC.COM/YOURTUNES

TRAVEL LINK⁹ Standard for 3 months on most Terrain models, SiriusXM Travel Link is a suite of services that delivers useful information directly to the screen of Terrain's radio systems. With Travel Link, you can find out the fuel prices at nearby gas stations, get the weather forecast and check local movie theater listings, showtimes and ratings.

⁹If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only in the 48 contiguous United States and Washington, D.C. Sirius XM and all related marks and logos are trademarks of SiriusXM Radio, Inc.

SIRIUSXM SATELLITE RADIO¹ Terrain comes with a 3-month trial subscription to the XMPremier Package. Get over 130 channels of commercial-free music, sports, news, talk, comedy and entertainment. With NavTraffic and the Local Forecast feature, you'll get live traffic and weather updates right on your vehicle's available navigation system.

¹If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.

NAVTRAFFIC¹⁰ SiriusXM NavTraffic enhances Terrain's available navigation system, giving you the ability to see real-time traffic information. Standard for 3 months, NavTraffic gathers intelligence from multiple sources, including police and emergency services, cameras and road sensors, then serves up real-time information on traffic speed, accident locations, construction zones and road closings and tracks the estimated travel time along your route.

¹⁰If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.

COLOR TOUCH NAVIGATION¹¹ WITH INTELLILINK¹²

Terrain's available NAV system includes IntelliLink, adding more than just navigation to the screen. Multiple map views and traffic alerts are also at your fingertips. It also features 3 months of NavTraffic¹⁰ and SiriusXM Travel Link.¹ With a USB adapter¹³ or USB memory stick, the Color Touch Navigation System also links with Photoviewer so you can review pictures from your camera or smartphone in the LCD display, as well as display album art (if available) when listening to music from your iPod.⁵

¹¹Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ¹²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ¹³If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ¹⁴Not compatible with all devices.

REAR-SEAT ENTERTAINMENT SYSTEM This available system offers video gaming and DVD playback for rear-seat passengers that can play independently of each other. The twin seatback-mounted 8" diagonal flip-up LCD video screens can pivot 205 degrees for comfortable viewing by passengers of all heights. Each screen also includes a video input jack to connect various gaming systems or other electronic devices, as well as a pair of wireless headphones and a wireless remote control.

PIONEER PREMIUM SOUND The available Pioneer Premium Audio makes it possible to hear your favorite music just as the artist intended. With the help of eight strategically placed speakers, this available sound system fills the interior with 250 watts of distortion-free sound.

REAR-VISION CAMERA SYSTEM Make it easier to back up to a trailer or negotiate a tight space. This standard system uses the 7" diagonal radio display to show real-time video from the rear view.

WATCH IT AT GMC.COM/GOTYOURBACK

STEERING-WHEEL-MOUNTED RADIO CONTROLS Change stations, adjust volume or mute the audio system with your fingertips, while you keep your eyes on the road. With the USB[®] interface connected, these fingertip controls can also manage most music search features of compatible MP3 and iPod[®] players.
*Not compatible with all devices.

BLUETOOTH FOR PHONE CONNECTIVITY[®] For easy, hands-free operation of your mobile phone. Bluetooth connectivity is standard in every Terrain. This system links your compatible Bluetooth device to the Terrain's audio system controls. Steering-wheel-mounted radio controls allow you to start a call and control volume, then dial with voice commands and listen to your call through the audio system.

[®]Go to gmcbluetoothconnect.com to see which phones are compatible with the vehicle.

USB CONNECTIVITY[®] All Terrain models feature a USB port that allows you to access or recharge various portable electronic devices. With your compatible iPod[®] or MP3 player, you can see your playlists on the sound system screen, see album cover art via Gracenote[®] and operate either device to hear your own sound mix by using the audio system controls.

[®]Not compatible with all devices.

REMOTE VEHICLE START This available feature is capable of starting your Terrain from up to 200 feet away, so the cabin will begin warming to your preset temperature until you start the vehicle with your ignition key. Uplevel models can begin heating or cooling the interior based on exterior temperature. It can also turn on your heated seat and activate the rear defroster and the outside heated rearview mirrors.

SAFETY FEATURES

ENGINEERED PEACE OF MIND. Terrain offers available Forward Collision Alert and Lane Departure Warning as well as standard technologies like StabiliTrak and traction control. They're constantly on guard, ready to help you in adverse driving conditions. Should a collision occur, Terrain has a reinforced steel safety cage and crush zones engineered to absorb and channel impact energy to help protect the occupants.

DUAL-STAGE FRONTAL AIR BAGS* To help reduce the risk of injury to the driver and front-seat passenger, Terrain is equipped with two front dual-stage air bags. The Passenger Sensing System feature uses sensors within the front-passenger seat to detect the presence of a properly seated occupant and determine whether the front-passenger frontal air bag should be enabled.

HEAD CURTAIN SIDE-IMPACT AIR BAGS* These air bags deploy from the roof rail like a protective curtain for outboard passengers and can be activated by either rollover sensors or side-impact sensors.

SIDE-IMPACT AIR BAGS* To help protect the thorax and pelvic regions of the driver and front passenger in a side-impact collision, Terrain includes standard side-impact air bags mounted on the driver and front-passenger seats.

*Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

ELECTRONIC CHILD SAFETY LOCKS To prevent young children from opening the rear doors unexpectedly, Terrain includes a one-touch electronic safety door lock switch. Simply pushing this button in the center console sends an electronic signal to the rear doors, blocking interior door handle function. The button is backlit in amber when the doors are locked and turns to red when unlocked to help you know the locks are deactivated.

REINFORCED STEEL SAFETY CAGE DESIGN Terrain's robust body-frame integral structure is engineered to help maintain the integrity of the passenger compartment in the event of a collision.

LATCH CHILD SEAT ANCHORING SYSTEM Make it easier to properly install a child seat. LATCH stands for Lower Anchors and Top tethers for Children. It means that a LATCH-equipped child seat will install to specially designed retainer hooks in your Terrain. LATCH also enables a child seat top tether strap to be attached that helps limit movement in a forward crash to help reduce the chance of injury.

STABILITRAK STABILITY CONTROL SYSTEM To help you stay in control when the road is loose, snowy, icy, wet or uneven, StabiliTrak uses a network of vehicle sensors to monitor how your Terrain is responding to your steering and braking commands. If the system determines your vehicle is not responding properly, it can pulse the brakes or reduce engine power to help you stay on the path being steered.

TIRE PRESSURE MONITORING SYSTEM* Properly inflated tires are important to your comfort, vehicle control and fuel economy. This system uses tiny sensors inside the wheel to "broadcast" tire pressure to your vehicle, which alerts you to their status and inflation level through the Driver Information Center. If you subscribe to OnStar Vehicle Diagnostics, this information is part of the monthly e-mail update. If you have the RemoteLink² app for your smartphone, you can check this status instantly.

*Does not monitor spare tire. ²Requires active OnStar subscription.

FORWARD COLLISION ALERT AND LANE DEPARTURE WARNING These systems are standard on Denali and SLT-2 models, and are available in the Safety Package on SLT-1 and SLE-2 models. Sophisticated digital imaging technology is used to help you avoid a crash. Forward Collision Alert provides an audible and visual signal if you are rapidly approaching another vehicle and it appears that a collision may be imminent. Lane Departure Warning alerts you if you happen to wander from your lane without using your turn signal.

SIDE BLIND ZONE³ AND REAR CROSS TRAFFIC ALERTS Terrain Denali's radar-equipped sensors monitor side blind spots, alerting the driver to help reduce the risk of collisions. While in reverse, the Rear Cross Traffic Alert monitors your surrounding environment to provide visual and audible alerts to traffic approaching the vehicle from outside your field of vision.

³Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

ONSTAR FEATURES

WITH YOU EVERY MILE. Standard for 6 months, the OnStar

Directions & Connections Plan⁵ lets you speak to a live OnStar Advisor just by pressing the blue OnStar button in your vehicle.

SAFETY

AUTOMATIC CRASH RESPONSE⁶ In many crashes, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help sent to your location—even if you can't respond.

CRISIS ASSIST During severe weather or other crisis situations, OnStar offers assistance to help you connect with loved ones and navigate your way to safety.

EMERGENCY SERVICES If someone in your Terrain needs emergency help, the OnStar emergency button gives you a priority connection to a specially trained Advisor at any time, day or night.

ROADSIDE ASSISTANCE⁷ If you're stranded, run out of gas or have a flat tire—one push of the OnStar button can immediately connect you to an Advisor, ready to help any hour of the day or night.

REMOTE DOOR UNLOCK⁸ If you get locked out of your Terrain, OnStar can help. An OnStar Advisor can send a signal to your Terrain that usually unlocks the doors within minutes.

REMOTE HORN AND LIGHTS Can't remember where you parked? Call the toll-free number and OnStar will send a signal to flash your lights and sound your horn to help you locate your Terrain.

STOLEN VEHICLE ASSISTANCE⁹ If your Terrain is ever stolen, OnStar can help locate it after verification with law enforcement.

CONNECTIONS

HANDS-FREE CALLING² WITH VOICE COMMAND

Available OnStar Hands-Free Calling is built into your Terrain. Push a button, call out the number and you're free to keep your eyes on the road.

TURN-BY-TURN NAVIGATION OnStar Turn-By-Turn Navigation is simple—all you have to do is push your blue OnStar button and ask the OnStar Advisor to download directions to your Terrain.

ONSTAR eNAV WITH MAPQUEST.COM¹⁰ Get a head start on a trip by checking out your destination on mapquest.com. With OnStar eNav, just click the "Send" link on the Web site, and directions will be sent to your vehicle.

DESTINATION DOWNLOAD With the optional Navigation System, simply press your blue OnStar button, and a trained Advisor will download directions to your Terrain's navigation screen.

ONSTAR REMOTE LINK¹¹ KEY FOB SERVICES¹

Unlock. Start. Find. From anywhere. New this year, OnStar RemoteLink Key Fob Services are included for 5 years on OnStar-equipped 2014 vehicles when you download the app and use RemoteLink services during the 6-month trial period and any consecutive periods with an OnStar plan. Services include remote door unlock and lock, remote start and stop (requires factory-installed remote start) and remote horn and lights.

PROFESSIONAL GRADE COVERAGE

GMC PRO GRADE PROTECTION.

Pro Grade Protection is now standard on every 2014 Terrain. From scheduled maintenance to protecting the entire vehicle, you can drive with confidence.

2-YEAR/24,000-MILE RECOMMENDED
SCHEDULED MAINTENANCE¹²

3-YEAR/36,000-MILE BUMPER-TO-BUMPER
LIMITED WARRANTY¹³

5-YEAR/100,000-MILE POWERTRAIN
LIMITED WARRANTY¹³

¹Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. ²OnStar acts as a link to existing emergency service providers. ³Roadside service provided by Allstate Roadside Services. ⁴Services vary by model and conditions. ⁵Visit onstar.com for coverage map, details and system limitations. OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only. ⁶Available on select Apple®, Android™ and BlackBerry® devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription. ⁷Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, 3rd year vehicle is sold, it is important to contact an OnStar Advisor. See onstar.com/mobile for full details. ⁸Covers only scheduled oil changes with filter, tire rotations and 12 point inspections, according to your new vehicle's select scheduled maintenance for up to 3 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of 4 service events. See participating dealer for other restrictions and complete details. ⁹Whichever comes first. See dealer for limited warranty details.

CHASSIS & SUSPENSION FEATURES

THERE'S NO BETTER COMFORT THAN CONFIDENCE. Terrain is engineered with technologies that help the driver stay comfortably in command. Four-wheel independent suspension, disc brakes and a steering system designed for improved road input and response all work together to give Terrain a supple ride combined with nimble handling and powerful braking.

RACK-MOUNTED POWER STEERING This system automatically gives you extra steering boost when you need it for parking and tight maneuvers, and less assistance for highway driving. On 2.4L Terrain models, the system delivers assist electronically, so there is no need for a power steering pump or mounting hardware.

TRAILER SWAY CONTROL Keep both you and your trailer heading in the proper direction, automatically. The system uses StabiliTrak sensors to detect the rocking of a swaying trailer, and then applies the vehicle's brakes to help bring it back in line.

HILL START BRAKE ASSIST To prevent your Terrain from rolling backward while on a hill or steep incline, Hill Start Brake Assist takes over as soon as you lift your foot from the brake. It holds full brake pressure for up to 1.5 seconds if it senses potential "rollback," giving you time to carefully move your foot to the accelerator and pull away smoothly.

AVAILABLE TRAILERING PACKAGE In addition to its stable, precise ride and exceptional maneuverability, Terrain has an impressive trailer weight rating* of 3500 lbs with the available 3.6L V-6 or up to 1500 lbs with the standard 2.4L I-4. That means a model with the 2.4L I-4 engine can comfortably handle a personal watercraft or a motorcycle, while the 3.6L V-6 can pull larger single-axis camping and boat trailers.

*Maximum trailer weight ratings are calculated assuming a base vehicle, except for any optional necessary to achieve the rating plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details.

ANTILOCK BRAKING SYSTEM (ABS)

For confident stops in a variety of conditions, every Terrain features four-channel antilock brakes. When the brakes are applied, ABS can detect impending wheel lock-up, and then pulse that wheel's brake to prevent it.

ALL-WHEEL DRIVE (AWD) An intelligent AWD system is available for extra traction and the ability to adapt to changing road conditions. This system sends the maximum amount of torque needed and adjusts the torque as required to help you maintain control. Thanks to its efficient design and direct-injection engine technology, four-cylinder Terrain models with All-Wheel Drive offer an EPA-estimated 29 mpg highway.

ADVANCED DUAL-FLOW VALVING

This feature in Terrain Denali's front suspension provides a smoother ride and improved handling across a broad range of driving conditions.

TRACTION CONTROL SYSTEM To make the most of available traction on many road surfaces, traction control measures and compares the speed of your wheels. If it senses one or more wheels starting to spin, such as on a slippery surface, the system applies individual brakes and manages engine power to slow the wheel down and maintain traction, so you can move forward with a better sense of control.

POWERTRAIN FEATURES

ENERGY CONSERVATION. Terrain offers two engines. The standard is the 2.4L I-4, and with front-wheel-drive models, it has an EPA-estimated

32 highway mpg, or there's the available 3.6L V-6 that offers the most horsepower in its class, 301 hp with 24 mpg hwy.² This efficiency comes from engineering

innovations like Variable Valve Timing (VVT) and Direct Injection (DI) to make the most power and torque from every drop of fuel. ¹EPA estimated Terrain FWD.

DIRECT INJECTION For precise fuel distribution and fast, efficient combustion, both Terrain engines feature DI technology. Simply put, this system moves the fuel closer to the point where it ignites inside the engine—in the combustion chamber. By injecting fuel at over 2000 psi, the air and fuel mix

more completely. This helps the charge burn fast for crisp throttle response and lean for efficiency at cruise speeds. The result: The 2.4L I-4 Terrain with automatic transmission features 32 hwy mpg,¹ and 3.6L V-6 models offer more power and an EPA-estimated 24 highway mpg.

¹EPA estimated.

ECO-MODE To help you optimize fuel consumption, the 2.4L I-4 engine has an Eco-Mode button that, when pressed, allows the engine to hold gears longer, with only a slight decrease in acceleration.

E85 FLEXFUEL CAPABILITY* To give you more choices at the pump, both Terrain engines can be equipped to use E85 ethanol fuel. This advanced biofuel is a mixture of 85 percent ethanol, a mostly renewable fuel that helps to reduce the need for imported oil, and 15 percent unleaded regular gasoline.

*When running on E85, Terrain 2.4L offers an EPA-estimated 15 mpg city/22 mpg hwy and the 3.6L offers an EPA-estimated 13 mpg city/22 mpg hwy. E85 FlexFuel capability is not available in AZ, CA, CT, DE, HI, MD, ME, NJ, NY, OR, PA, RI, VT and WA. E85 is a combination of 85% ethanol and 15% gasoline. Visit epa.energy.gov/eflc/fuels to see if there is an E85 fuel station near you.

6-SPEED AUTOMATIC WITH OVERDRIVE For brisk acceleration from a stop and reduced highway rpm, this advanced transmission has a wide ratio spread. That means first gear is numerically "high" to let the engine rev quickly into its power band, while sixth gear is an overdrive ratio that is numerically "low" to reduce engine rpm, saving fuel, reducing wear and minimizing engine noise. The gear ratios between low and high are appropriately spaced for strong, consistent acceleration at almost any speed.

AUTOMATIC GRADE BRAKING To prevent unwanted acceleration and reduce the need for the driver to brake during a hill descent, the 6-speed automatic with overdrive features Automatic Grade Braking. This "smart" feature monitors braking, acceleration, throttle position and even whether a trailer is connected to the vehicle. Then it commands the transmission to remain in a lower gear if the vehicle is decelerating or coasting on a downgrade to help you hold your desired speed and minimize the need for additional braking.

OIL LIFE MONITOR For long life and durability, changing your engine oil at the right time is essential. GMC engineered the mystery out of this essential service with the Oil Life Monitor. It calculates how much life your oil has left, based on when and how you drive. Then it updates you with a tailtale on your Driver Information Center.

VARIABLE VALVE TIMING (VVT) Standard in both Terrain engines, this technology gives you the power of a high-performance engine with the low-speed response you need for situations such as trailering or climbing steep inclines. VVT constantly monitors and changes how the valves open and close to give you optimum levels of torque across the entire range of engine speeds.

3.6L V-6 VVT DI (LFX)
HORSEPOWER: 301 hp @ 6500 rpm
TORQUE: 272 lb-ft @ 4800 rpm

STABILITRAK STABILITY CONTROL SYSTEM To help you stay in control when the road is loose, snowy, icy, wet or uneven, StabiliTrak uses a network of vehicle sensors to monitor how your Terrain is responding to your steering and braking commands.

TAKE IT A STEP FURTHER. GMC Accessories are engineered and tested to meet the standards of your Terrain. Available individually or as part of a complete package, they are the easiest way to personalize your Terrain. Your dealer can help make it happen.

CARGO NET Enhance the efficiency of your Terrain with this black cargo net. It attaches easily to the sides of your cargo area to keep small, light items neat and handy while in transit.

CARGO ORGANIZER This durable, flexible, collapsible cargo organizer has multiple compartments, allowing you to carry lightweight items of various sizes in the rear of your Terrain. Can be folded flat or removed from the vehicle as needed. Black with GMC logo.

CARGO SECURITY SHADE Conceal your possessions in the cargo area of your Terrain with this retractable cargo shade.

12 HITCH TRAILERING PACKAGE This structural, welded steel Hitch Trailering Package features a standard receiver to fit most ball mount assemblies for your towing needs. Includes the wiring harness.

13 PREMIUM ALL-WEATHER FLOOR MATS These precision-designed mats fit the floor exactly. Their deep-ribbed pattern collects rain, mud, snow and other debris for easy cleaning. Nibs on the back help keep them in place. Available in Ebony with an embossed GMC logo on front mats only.

OUTSIDE REARVIEW MIRROR COVERS Add a stylish look to your Terrain with these chrome mirror covers.

CARGO AREA FLOOR PANEL Create a flat, easy-to-load cargo area regardless of the rear-seat position. This panel bridges the gap between the cargo floor and the rear seatback.

DOOR HANDLES These chrome door handles replace the production door handles to give your Terrain a stylish and personalized look.

14 ROOF RACK CROSS RAIL PACKAGE These cross rails add function and style to the factory roof rack of your Terrain. The cross rails are the base mount for cargo management accessories. [Shown with factory roof rack.]

15 MOLDED SPLASH GUARDS Custom-molded splash guards fit directly behind the wheels. Rear guards feature the GMC logo.

PROTECTION PACKAGE (V06)

- All-weather floor mats
- Custom-molded splash guards

CARGO CONVENIENCE PACKAGE (V0R)

- Cargo organizer
- Cargo security shade
- Cargo net

ACCESSORY WHEEL¹ Roll with the best. This custom wheel features a brilliant, durable chrome finish, and is available with matching lugs and GMC center cap.

¹Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For approved tire and wheel combinations and other important information, go to gmcaccessories.com or see your dealer for details.

¹E85 FlexFuel capability is not available in AZ, CA, CT, DE, MA, MD, ME, NC, NJ, NY, OH, PA, RI, VT and WA. E85 is a combination of 85% ethanol and 15% gasoline. Visit efuel.energy.gov/efuels to see if there is an E85 fuel station near you. ²Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. ³If you subscribe after your trial period, subscriptions are continuous until you call GMCXM to cancel. See Streamlin Customer Agreement for complete terms and geographic limitations at gmc.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit www.gmc.com/navtraffic. For more information about Travelink, visit www.gmc.com/travelink. XM satellite service is available only in the 48 contiguous United States and Washington, D.C. Sirius XM and all related marks and logos are trademarks of SiriusXM Radio, Inc. ⁴RDS functions only when station broadcast RDS information. ⁵Not compatible with all devices. ⁶Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. ⁷Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. ⁸Go to gmc.com/connected to find out which phones are compatible with the vehicle. ⁹Visit onstar.com for map coverage, details and system limitations. ¹⁰NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. ¹¹Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details. ¹²When properly equipped, includes weight of vehicle, passengers, cargo and equipment. ¹³Cargo and load capacity limited by weight and distribution.

IMPORTANT WORDS

PRO GRADE PROTECTION

For 2014, Terrain comes with the Pro Grade Protection Plan, which includes 3-year/24,000-mile recommended scheduled maintenance,* 3-year/36,000-mile bumper-to-bumper limited warranty¹ and 5-year/100,000-mile powertrain limited warranty.² Roadside Assistance and Courtesy Transportation.

Starting with the owner orientation—and full tank of gas—you receive when you take possession of your Terrain to the **24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits**, you receive a portfolio of owner privileges that lasts throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-GMC-8782.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service; reimbursement of certain public transportation or fuel expenses for overnight warranty repairs and courtesy rental for overnight work repairs. See your dealer for details.

GMC OWNER CENTER A complimentary, one-stop resource to enhance your GMC ownership experience. It's easy to sign up. Just go to gm.com/gmownercenter/gmc.

ONSTAR

OnStar is a core asset of your Terrain. Benefiting from more than a decade of innovative development, it is both a highly advanced technology—fully integrated within the vehicle—and a warm human service. Standard on all Terrain models are 6 months of the OnStar Directions & Connections Plan, including the convenience of available Hands-Free Calling.³ It also includes Automatic Crash Response, Stolen Vehicle Assistance, link to Emergency Services, Roadside Assistance, Remote Door Unlock, OnStar Vehicle Diagnostics, Crisis Assist and Remote Horn and Lights. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage maps, details and system limitations. Services vary with conditions.

SIRIUSXM SATELLITE RADIO

SiriusXM Satellite Radio⁴ is standard on all Terrain models. It includes 3 trial months of service. SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

GMC CERTIFIED SERVICE

To help your Terrain live up to its performance promise, GMC Certified Service—found exclusively at your GMC dealer—is there. With all the engineering excellence in Terrain, GM-trained technicians have the expertise to care for all of it.

ADDITIONAL NOTES

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. GMC reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. All competitive claims are based on the latest information available at the time of printing and the 2013 GM Compact SUV segment.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES GMC products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in GMC products may also be used in other GM makes and models.

GMC.COM See more of Terrain on our Web site: gmc.com/terrain. More photos and information; hot links to related subjects: convenient dealer locator, pricing guide, spec out your own vehicle. Or call 1-800-GMC-8782.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assemblies, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All GMC light-duty vehicles come with a fully transferable, no-deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the USA are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 5 years or 100,000 miles (whichever comes first). Terrain also comes with a 2-year/24,000-mile (whichever comes first) select scheduled maintenance.⁵ See dealer for details.

ASSEMBLY GMC vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-325-8935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

GMCARDMEMBERSERVICES.COM Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty truck, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you.

¹Covers only scheduled oil changes with filter, tire rotations and 27-point inspection, according to your new vehicle's recommended maintenance schedule for up to 3 years or 24,000 miles, whichever comes first. Does not include air filters. Maximum of 4 service events. See participating dealer for other restrictions and complete details. ²Whichever comes first. See dealer for limited warranty details. ³Visit onstar.com for coverage maps, details and system limitations. OnStar Hands-Free Calling requires existing OnStar service contact and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only. ⁴If you subscribe after your trial period, subscriptions are continuous until you cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only to those in the 48 contiguous USA and DC.
