

2018 Hyundai

Elantra GT

2018 Hyundai Elantra GT

So much fun. So little compromise.

It's a simple formula, isn't it? Create a car that's incredibly entertaining to drive – so compact, quick and agile that whether you're guiding it through urban congestion or carving across a mountain road, the car's in its element. Make that very same car so roomy, so versatile and loaded with technology, it's at home everywhere from the carpool lane to the campsite. And do all of this without sacrificing exceptional fuel economy.

As reasonable as that sounds, only a handful of cars come close to fitting the description. And none does it better than the all-new 2018 Elantra GT.

Style? Our European Design Center in Germany sculpted Elantra GT's bold shape with details like a cascading grille and satin chrome window trim. Agility? Hyundai engineers used Germany's famed Nürburgring race track and our testing grounds in California's Mojave Desert to prove the performance, durability and handling of their latest – and greatest – Elantra GT.

Versatility? Open the hatch and fold down the rear seats. You've got all the easy-loading room you're likely to need for the day's activities, be it a snow day or a day at the beach. Technology? After your active day outdoors, Elantra GT Sport can get you home safely with the help of advanced safety features like available Automatic Emergency Braking with Pedestrian Detection.¹ And available Driver Attention Alert, a feature that monitors your driving and alerts you of driver fatigue.² It's an innovation typically found on high-end luxury vehicles. But that's what can happen when you're driven to do things better.

¹Automatic Emergency Braking (AEB) with Pedestrian Detection detects pedestrians, but not in all conditions. AEB is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. Automatic Emergency Braking may not stop the vehicle completely and will not avoid all collisions. ²It is the driver's responsibility to remain alert at all times. Driver Attention Alert is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation.

Elantra GT Sport Tech Package in Summit Gray

¹EPA estimates with Dual Clutch Transmission for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and vehicle's condition. ²Claim based on comparison of specifications on manufacturer websites. ³Available on Elantra GT Sport. ⁴Available on Elantra GT Sport. Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible for slowing or stopping the vehicle to avoid a collision. ⁵Available on Elantra GT, standard on Elantra GT Sport. Do not rely completely on Blind Spot Detection (BSD) and be sure to use proper lane-changing procedures. BSD may not detect every object or vehicle and will not prevent accidents. Lane Change Assist provides an audible and visual alert if the turn signal is activated and another vehicle in the blind spot is sensed. There are limitations to the function, range, detection and clarity of the system. See Owner's Manual for further product details and limitations. ⁶Rear Cross-traffic Alert is available on Elantra GT, standard on Elantra GT Sport. It is designed to notify drivers of approaching cross-traffic behind the vehicle. When a vehicle is detected, it provides an audible warning and visual display warning. Rear Cross-traffic Alert is a supplemental system, and the driver must exercise extreme caution when backing up. Drivers must always turn and view oncoming traffic before backing up. See Owner's Manual to learn more. ⁷Available on Elantra GT, standard on Elantra GT Sport.

Performance Engineering

The secret behind Elantra GT? It's all revealed in the spy photos.

You know those spy photos of heavily camouflaged, soon-to-be-introduced models? Look at the ones taken of the 2018 Elantra GT, and it's clear from the backgrounds that Hyundai engineers traveled the world tuning this car's driving dynamics.

Elantra GT prototypes racked up hundreds of thousands of miles of testing to create better handling with no sacrifice in ride comfort. Of course, your test drive can be far shorter. You'll quickly grasp the power of Elantra GT's standard 2.0L GDI 4-cylinder engine. After all, it's got more horsepower than competitors like the Mazda 3 5-door Sport, Chevy Cruze Hatchback or Toyota Corolla iM.²

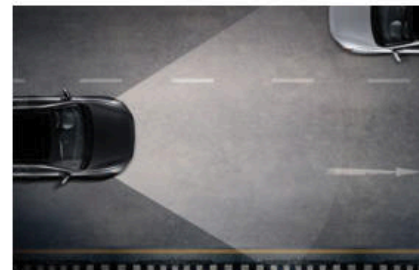

Prefer your performance turbocharged? Elantra GT Sport's 1.6L turbo engine pours 201 horsepower onto the pavement. With a multi-link rear suspension, larger disc brakes, 18" alloy wheels and an available 7-speed Dual Clutch Transmission, it takes driving fun to the next level. One thing those spy photos don't show: More than 50 percent of the chassis is forged from advanced high-strength steel to help ensure Elantra GT never compromises safety in its pursuit of fun.

Silent Partners Automatic Emergency Braking with Pedestrian Detection senses a vehicle or pedestrian and warns the driver of a potential collision.² If the driver doesn't maneuver to avoid impact, emergency braking is automatically applied. Smart Cruise Control adjusts your speed to help maintain a safe distance from vehicles ahead. It can even stop and start automatically.³

The Eyes Have It You don't have eyes in the back of your head. No worries – Elantra GT's got your back with Blind Spot Detection and Lane Change Assist.⁴ To help you back out of driveways and parking spaces, there's a rearview camera with dynamic guidelines and available Rear Cross-traffic Alert.⁵

High-Functioning Style An eye-catching pair of air vents bracket the front grille to improve aerodynamics around the wheel house area. Stylish LED headlights help improve your night vision,⁶ while Elantra GT Sport's available High Beam Assist automatically switches off and on to avoid dazzling oncoming drivers.

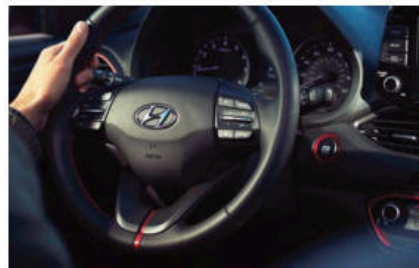

Ergonomic Innovations

Utility without the utilitarian feel.

Compact Utility Vehicles are great when you need to carry things. There's just one problem: They can feel utilitarian, too. Elantra GT is different. With its hatchback design, folding rear seats and low lift height, it rivals those CUVs for cargo versatility. Our 2018 model has 8 percent more cargo room than the previous generation – with the rear seats folded down, its cargo volume exceeds the Mazda 3 5-door, VW Golf, Ford Focus Hatchback, Honda Civic Hatchback and Chevy Cruze Hatchback.¹

But along with impressive cargo credentials, Elantra GT was also designed to impress you and your passengers. The interior has an expansive, airy feeling – even more so with the available panoramic sunroof. And those premium soft-touch materials lining the doors and dash? They're a clear contrast to the hard plastic surfaces often found in this class.

Wrap your hands around the thick rim of the multi-function 3-point tilt-and-telescopic steering wheel. Set the dual automatic temperature control to the preferred individual setting for you and your front passenger.² Now relax and enjoy the deep comfort of the seat beneath you. Those heated leather seats² are also available with cooling ventilation. After all, you're the precious cargo, right?

Play A New Sport Inside of your Elantra GT Sport, reminders that you're in a hot hatch are everywhere. There's the standard leather seating surfaces with more aggressive bolsters and contrast stitching, the steering wheel paddle shifters at your fingertips, alloy pedals at your feet and sport-inspired accents throughout the interior.

Hear That? Elantra GT's available Infinity® Premium Audio uses Clari-Fi™ Music Restoration Technology to help restore sound quality lost with digitally compressed music. Even the most discerning audiophile will be impressed by the deep bass, clear mid-range and crisp highs. It's like you're listening to a live performance.

Cut The Cord You knew there had to be a better way to keep your smartphone charged, right? Well, here it is: Just set your compatible smartphone down on Elantra GT's available Qi wireless charging pad, and its battery will soak up all the power it needs.

¹Claim based on comparison of specifications on manufacturer websites. ² Available on Elantra GT, standard on Elantra GT Sport.

Elantra GT Sport Tech Package in Black Leather with Red Contrast Stitching

“In its most recent comparison test, we called the new Hyundai Elantra sedan ‘arguably the best-looking vehicle the company has ever offered for sale.’ That argument is about to get tougher with the arrival of the 2018 Hyundai Elantra GT.” – Car and Driver, Feb 2017

Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. ³ Blue Link Connected Car System includes a complimentary 3-year subscription for Connected Care, Remote and Guidance packages. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit Hyundai.com or your authorized Hyundai dealer. ⁴ Requires Blue Link Remote package, automatic transmission and automatic temperature control.

Hyundai Blue Link

What gives Elantra GT owners a better connection to the things they need? Hyundai's award-winning Blue Link Connected Car System, now complimentary for the first 3 years of ownership. For details on all the Blue Link features offered, visit HyundaiBlueLink.com.

Available Blue Link Connected Car System features include:

Connected Care

- Automatic Collision Notification
- Enhanced Roadside Assistance
- SOS Emergency Assistance
- Monthly Vehicle Health Report
- Service Link
- On-Demand Diagnostics

Remote

- Remote Door Lock/Unlock
- Remote Horn and Lights
- Car Finder
- Remote Start with Climate Control
- Alarm Notification
- Stolen Vehicle Recovery
- Valet/Geo-Fence/Speed/Curfew Alerts

Guidance

- Destination Search powered by Google™
- Destination Send-to-Car by Google

Connected Car Technologies

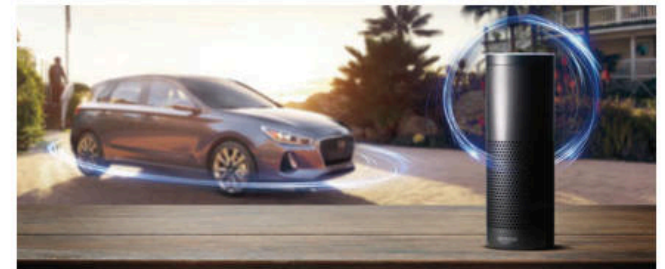

You're totally packed for road trips. Shouldn't your car be, too?

The 2018 Elantra GT is packed with the latest mobile connectivity and infotainment technologies. So practically anywhere you go, you and your passengers stay linked to your digital lives. A large 8" high-resolution touchscreen display is your command center for in-car entertainment options like HD Radio™ and SiriusXM® Satellite Radio! The playlists on your smartphone are readily accessible with streaming Bluetooth® audio, Android Auto™ or Apple CarPlay.™ Keeping your phone powered is easier, too, thanks to a Qi wireless charging pad that's now available, along with a USB port that charges your devices.

To help you get exactly where you're going, just ask your Elantra GT for directions. Its new advanced navigation system provides traffic flow and incident data free-of-charge via voice recognition that lets you speak using simple, natural commands. Then it uses a split-screen display and junction view lane guidance to help you see where you're headed in more detail. Add SiriusXM Travel Link® features¹ and Hyundai Blue Link® (complete with a complimentary 3-year subscription) into the mix, and it's almost as if the whole world is along for the ride.³

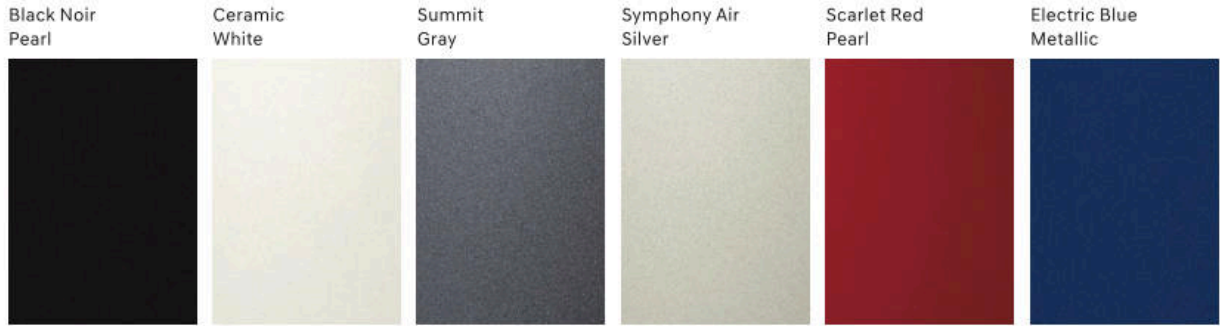

Smartphones Made Smarter Seamlessly integrate your compatible smartphone's features with your car via Android Auto (pictured above) or Apple CarPlay.² Both let you make calls and activate compatible apps, messaging and navigation using familiar voice commands or the touchscreen. For additional details, visit Hyundai.com.

Say Hello To Alexa Elantra GT now integrates Amazon Alexa voice services. Just ask Alexa to remotely start your car and set climate controls while you're getting ready to leave.⁴ It's one example of why Hyundai's connected car options have earned industry recognition for being so intuitively easy to use.

City/Highway/Combined

Hyundai has been ranked the #1 automotive brand in customer loyalty 8 years in a row.¹ One reason Hyundai continues to be #1 in the industry for customer loyalty? Awards like this: Kelley Blue Book's KBB.com 2016 5-Year Cost to Own Award for producing vehicles with some of the lowest projected ownership costs.² After all, making it better doesn't have to mean making it more costly to own, right?

¹Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016 and 2017 Brand Keys Customer Loyalty Engagement Index®. ²2016 model year vehicles' projected cost to own for the initial five-year ownership period is based on the average Kelley Blue Book 5-Year Cost to Own data, which considers depreciation and costs such as fuel and insurance. For more information, visit www.kbb.com.

2018 Elantra GT

Key Standard Features

- 161-hp, 2.0L Gasoline Direct Injection 4-cylinder engine
- 6-speed manual or available 6-speed automatic transmission (A/T) with SHIFTRONIC®
- 4-wheel disc brakes (ventilated front discs)
- Drive Mode Select (A/T only)
- 17" alloy wheels with 225/45R17 tires
- Projector headlights with LED Daytime Running Lights
- Bodycolor heated power side mirrors with driver blind spot mirror
- Remote keyless entry system with alarm
- Rear window wiper and spoiler
- Cloth seating surfaces
- Air conditioning
- 3.5" mono cluster display
- One-touch driver's auto-down window
- Power door locks
- Tilt-and-telescopic steering wheel
- Automatic on/off headlights
- Illuminated vanity mirrors with sunvisor extensions
- Steering wheel audio, phone and cruise controls
- 6-way adjustable driver seat with height adjustment for driver and passenger seats
- Center armrest with flip-up storage
- 60/40 split-folding rear seats with center armrest and cupholders
- 8" display audio with rearview camera
- AM/FM/HD/SiriusXM audio system with 6 speakers
- Bluetooth® hands-free phone system
- Smartphone/Dual USB auxiliary input jacks
- Apple CarPlay™ and Android Auto™ support
- 7-airbag safety system with driver's knee airbag
- Vehicle Stability Management
- Electronic Stability Control and Traction Control System
- Hillstart Assist Control
- Anti-lock Braking System with Electronic Brake-force Distribution
- Cargo area hooks and 12V outlet
- Map lights with sunglasses holder

Style Package

GT 6-Speed A/T Standard Features plus:

- + Side mirrors with turn signal indicators
- + Proximity Key entry with push button start
- + Supervision 4.2" TFT instrument cluster display
- + Dual automatic temperature control with auto-defogger
- + Leather-wrapped steering wheel and shift knob
- + Power driver seat with lumbar support
- + Heated front seats
- + One-touch driver's auto-up window
- + Sliding center armrest
- + Blind Spot Detection with Rear Cross-traffic Alert and Lane Change Assist
- Replaces blind spot mirror

Tech Package

GT Style Package plus:

- + Full LED headlights and LED taillights
- + Leather seating surfaces
- + Power tilt-and-slide panoramic sunroof
- + Electronic Parking Brake
- + Larger rear disc brakes
- + Rear seat vents
- + 8" touchscreen navigation system
- + Blue Link® Connected Car System
- + Infinity® Premium Audio System with Clari-Fi™ Music Restoration Technology
- + Qi wireless device charging pad
- + Ventilated front seats
- + Auto-dimming rearview mirror with HomeLink® and compass
- + Covered cupholder and front storage lid

GT Standard Features plus:

- + 201-hp, 1.6L Turbo Gasoline Direct Injection 4-cylinder engine
- + 6-speed manual or available 7-speed Dual Clutch Transmission (DCT) with SHIFTRONIC® and paddle shifters
