

ELANTRA GT

2019 Hyundai

This is where good times roll.

Let the sports car purists hold onto the notion that the GT tag stands for something as conventional as *Gran Turismo*. We know the truth – on the 2019 Elantra GT, it stands for *Good Times*. Whether you're on an epic road trip or taking a short trek across town, it's flat-out fun to drive.

From congested city streets to twisty mountain switchbacks, Elantra GT is in its element wherever fast reflexes are rewarded. To instill this nimble handling, Elantra GT turned lap after lap on Germany's famed Nürburgring racetrack. It was literally shaped in Germany, too, at Hyundai's European Design Centre, where sporty new design elements were imagined to amp up the Elantra GT N Line's style points.

Yet Elantra GT is so much more than a hot hatch. Roomy, versatile and loaded with technology, it's at home in the carpool lane, concert venue or campsite. Open the hatch, fold down the rear seats, and you'll find enough easy-loading room to rival compact SUVs for cargo space.

To get you home safely, the new Elantra GT N Line is available with Forward Collision-Avoidance Assist with Pedestrian Detection and Driver Attention Warning, a feature that monitors your driving and alerts you of driver fatigue.¹

Now check that gas gauge: Elantra GT manages to let you have your fun without sacrificing exceptional fuel economy. Is it any wonder Elantra GT was named one of the 10 Coolest New Cars Under \$20,000 in 2018 by Kelley Blue Book's KBB.com?²

The 2018 Hyundai Elantra GT was named one of the 10 Coolest New Cars Under \$20,000 by Kelley Blue Book's KBB.com.²

¹Forward Collision-Avoidance Assist (FCA) with Pedestrian Detection helps detect pedestrians, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. See Owner's Manual for details. It is the driver's responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for further details and limitations. ²For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

2018
IIHS

TOP
SAFETY
PICK

2018 IIHS Top Safety Pick when equipped with available Automatic Emergency Braking and specific headlights¹

¹TOP SAFETY PICK rating based on an IIHS Good rating in the driver-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an Advanced or Superior rating for front crash prevention and an Acceptable or Good headlight rating. For details, visit iihs.org. ²Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit hyundai.com. ³Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and re-engages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for further details and limitations. ⁴Do not rely completely on Blind-Spot Collision Warning (BCW) and be sure to use proper lane changing procedures. BCW may not detect every object or vehicle and will not prevent accidents. There are limitations to the function, range, detection and clarity of these systems. See Owner's Manual for further details and limitations. ⁵Rear Cross-Traffic Collision Warning (RCCW) is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCW. Always look over your shoulder and use your mirrors to confirm rear clearance. See Owner's Manual for details.

Looking for performance you can feel comfortable with? Turn here.

Technically, it's not hard to create a sporty car with precise handling. The challenge is finding that sweet spot where the car's responsiveness doesn't come at the expense of a harsh ride. Which is why Hyundai engineers traveled the world, racking up hundreds of thousands of test miles until the Elantra GT's crisp handling and smooth ride were perfectly balanced.

Of course, your test drive won't have to go that far. A quick maneuver into the passing lane is all it takes to appreciate Elantra GT's spirited 2.0L GDI 4-cylinder engine. For those who prefer their performance turbocharged, Elantra GT N Line comes with a 201-horsepower, 1.6L turbo GDI engine. Together with a multi-link rear suspension, larger disc brakes, new 18" alloy wheels and your choice of a slick-shifting 6-speed manual or available 7-speed Dual Clutch Transmission, it takes driving to a new level of excitement.

A chassis forged with advanced high-strength steel and bonded with aircraft-quality adhesives offers more than a solid foundation for highly responsive driving – it provides uncompromising safety for you and your passengers, too. An array of advanced safety technologies that helped 2018 Elantra GTs equipped with optional Forward Collision-Avoidance Assist and High Beam Assist earn a Top Safety Pick rating¹ are available for 2019 as well.

Available Hyundai SmartSense Advanced Safety²

Get Smart

Forward Collision-Avoidance Assist with Pedestrian Detection alerts you to the potential for a collision and automatically applies braking when needed to help avoid an accident. Smart Cruise Control adjusts your speed to help maintain safe distances from vehicles ahead. It can even stop and start automatically.³

Stay Alert

Elantra GT's available Blind-Spot Collision Warning keeps an eye out as you change lanes on the freeway.⁴ A standard rearview monitor with dynamic parking guidelines and available Rear Cross-Traffic Collision Warning help you back out of a parking space or driveway safely.⁵

Grab Attention

Driver Attention Warning, a safety feature commonly seen on more expensive luxury vehicles, is also available on Elantra GT N Line. Its LED headlights can be enhanced with available High Beam Assist that automatically switches from high to low beams in order to avoid dazzling oncoming drivers.

Your spaceship has landed.

Okay, so maybe it won't take you to the Moon. But Elantra GT is your launching pad for going new places and getting lots of things done. With its folding rear seats and wide-open hatchback access, Elantra GT offers the versatile utility you get from crossover vehicles. Even with the rear seats up, it packs an impressive cargo volume that exceeds the 2018 Mazda 3 5-door, VW Golf, Ford Focus Hatchback, Chevrolet Cruze Hatchback and 2019 Toyota Corolla Hatchback.¹

Elantra GT will also impress your passengers. The spacious interior feels expansive, especially with the available panoramic sunroof overhead. Elantra GT feels expensive, too, with premium soft-touch materials lining the doors and dash. This is a driving space that's easy on the eyes.

Choose Elantra GT's Style Package, and you'll wrap your hands around the thick rim of a leather-clad multi-function tilt-and-telescopic steering wheel. Set the dual automatic temperature controls to the preferred individual setting for you and your front passenger. Now relax and enjoy the deep comfort of the leather driver seat beneath you – it's power-adjustable with soothing heat and lumbar support. Further proof of Elantra GT's affinity for personal space that actually reflects your personality.

Sport Report

Step inside Elantra GT N Line and discover what it's all about: Standard leather seating surfaces with more aggressive bolsters and contrast stitching. Steering wheel paddle shifters at your fingertips.² Alloy pedals at your feet, and sport-inspired accents throughout the interior.

Lost Is Found

With digitally compressed music files, sound quality has gotten lost. Elantra GT's available Infinity® Premium Audio with Clari-Fi™ Music Restoration Technology helps find the deep bass, clear mid-range and crisp highs again. Even the most discerning audiophile will be impressed.

Nice Pad

Toss those plug-in cords. There's now a better way to keep your smartphone charged. Just set your compatible smartphone on Elantra GT's available wireless charging pad, and your phone's battery soaks up all the power it needs to keep you connected.

N Line Tech Package Highlights

- Hyundai Blue Link®
- Infinity® Premium Audio
- Driver Attention Warning
- Smart Cruise Control with Stop & Go
- 8" Navigation Touchscreen
- Wireless Charging Pad
- Ventilated Front Seats
- Panoramic Sunroof

¹Claim based on comparison of specifications on manufacturer websites. ²Requires Dual Clutch Transmission.

ELANTRA GT N LINE with Tech Package in Black Leather with Red Stitching

¹Available for Elantra GT N Line. Blue Link is complimentary for the first 3 years of ownership and requires an active Blue Link subscription. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when it is safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit hyundai.com or your authorized Hyundai dealer. ²Blue Link agents will contact existing emergency service responders. ³Available for models with navigation system and active Blue Link Guidance package. ⁴Requires active Blue Link Remote package for N Line models equipped with Dual Clutch Transmission. ⁵Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple CarPlay is a registered trademark of Apple Inc. Android Auto™ requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto and Google Play are trademarks of Google Inc. ⁶Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google Inc. ⁷Smartphone GPS location must be within 1-mile radius of the vehicle's location to display searched location.

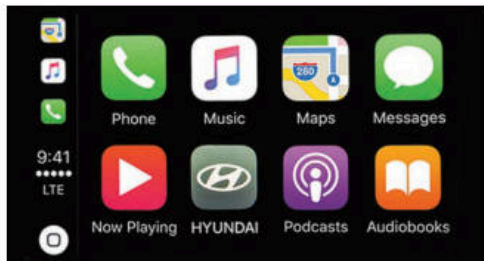

ELANTRA GT N LINE with Tech Package in Summit Gray

Seamlessly connect your life with your Hyundai? We've got an app for that.

Welcome to Blue Link,[®] a technology that transforms Elantra GT into an extension of your highly connected life! It starts with Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind with 24/7 access to Enhanced Roadside Assistance, SOS Emergency Assistance,² on-demand vehicle diagnostics and more.

Then there's Blue Link Guidance. It lets you search, download and navigate to addresses and points of interest using voice commands from the driver seat or your smartphone before entering your vehicle.³ Elantra GT N Line's available navigation system features split-screen display, junction view lane guidance and traffic services through HD Radio™ that provide real-time traffic flow and incident data without requiring a subscription.

If you're like most Hyundai owners, the Blue Link feature you'll love the most is Remote Access.⁴ Using your MyHyundai app, you can turn your smartphone into a remote control that locks/unlocks the car doors and starts/stops your Elantra GT N Line's engine and climate controls before you walk out the door. Blue Link can even help law enforcement recover your vehicle if it's ever stolen.

The Smartphone, Now Smarter

Apple CarPlay™ and Android Auto™ integrate your smartphone with your Elantra GT's 8" touchscreen display. So you can seamlessly access maps and navigation, contact lists, texts, calls, your music library and more using the car's touchscreen or simple voice commands.⁵

Voices Carry

Blue Link integrates with both Amazon Alexa[®] and Google Assistant™ voice services. No need to lift a finger – just ask your Amazon Echo[®] or Google Home™ device to start your car's engine, unlock the doors and set the perfect cabin temperature from the comfort of your couch, kitchen or office.⁶

Hyundai Blue Link[®]

What gives Elantra GT owners a better connection to the things they need? Hyundai's Blue Link Connected Car System, complimentary for the first 3 years of ownership. For details on all of the Blue Link features offered, visit hyundai-bluelink.com.

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your Hyundai's touchscreen, report issues at the press of a button, and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Customizable Alerts

Proud parent of a teen driver? Hyundai Blue Link lets you set curfews and speed alerts so you can relax when your loved ones are on the road.

Remote Controls

Use your smartphone, home assistant or wearable device to remotely start your Elantra GT's engine, unlock the doors, set the cabin temperature and more.⁴

Car Finder

Your MyHyundai app lets you navigate your way through crowded stadiums or shopping mall parking lots back to your car.⁷

Service Link

Conveniently schedule your vehicle for service from the driver seat of your Elantra GT or your MyHyundai smartphone app.
