

2020 Hyundai

# ELANTRA GT

## Hatchback performance taken to the Nth degree.

With Elantra GT, Hyundai turns up the heat on the hot hatchback genre. At our European Design Centre, a sensuous shape was formed with details like a cascading grille and satin chrome window-line trim. Using Germany's famed Nürburgring racetrack, Hyundai engineers brought that shape to life – creating a performance car that's inherently quick and agile. Perfect for taming congested city streets or twisty mountain roads.

For 2020, we've taken things to the Nth degree with the Elantra GT N Line. Designed and engineered for driving enthusiasts, its upgrades include a 201-hp 1.6L Turbo engine, stiffer springs, larger front disc brakes and a multi-link rear suspension. Sporty design cues include LED headlights and taillights, a deeper front bumper with larger intakes, a rear diffuser with dual exhaust outlets and 18" N Design alloy wheels.

Inside, the N Line is a driver's dream. You'll find a leather-wrapped steering wheel, leather sport seats with red contrast stitching, a floating 8" touchscreen audio display and available luxuries like class-exclusive ventilated front seats, Smart Cruise Control with Stop & Go,<sup>1</sup> Lane Keeping Assist<sup>2</sup> and wireless device charging.<sup>3</sup>

Yet there's more here than a hot hatch that turns up the heat. Elantra GT turns up the volume, too. Open the hatch, fold down the rear seats, and you've got easy-loading room that rivals compact SUVs for cargo space. Together with an available panoramic sunroof that fills all of that space with fresh air and sunlight, it's a modern GT design that shines everywhere from the fast lane to the concert venue and campsite.

### 2019 IIHS TOP SAFETY PICK

The Insurance Institute for Highway Safety rates Elantra GT as a 2019 IIHS Top Safety Pick when equipped with available Forward Collision-Avoidance Assist and LED headlights.<sup>4</sup>

<sup>1</sup>Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and re-engages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for further details and limitations. <sup>2</sup>Lane Keeping Assist operates only when the lane markings are clearly visible on the road. It will not work under all circumstances and will not prevent loss of control. It is a supplemental assist, and does not replace the need for extreme care and attention by the driver. It uses a camera in the upper windshield area, and it is imperative this area be free of blockage such as stickers, dirt, snow, tinting material, markings and labels. Avoid putting objects on the dashboard that may reflect light or images onto the system camera area. See Owner's Manual for further details and limitations. <sup>3</sup>Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. <sup>4</sup>To qualify for 2019 TOP SAFETY PICK, a vehicle must earn Good ratings in the driver-side small overlap front, moderate overlap front, side, roof strength and head restraint tests, as well as an Acceptable or Good rating in the passenger-side small overlap front test. It also must earn an Advanced or Superior rating for front crash prevention and an Acceptable or Good headlight rating. For details, visit ihs.org.

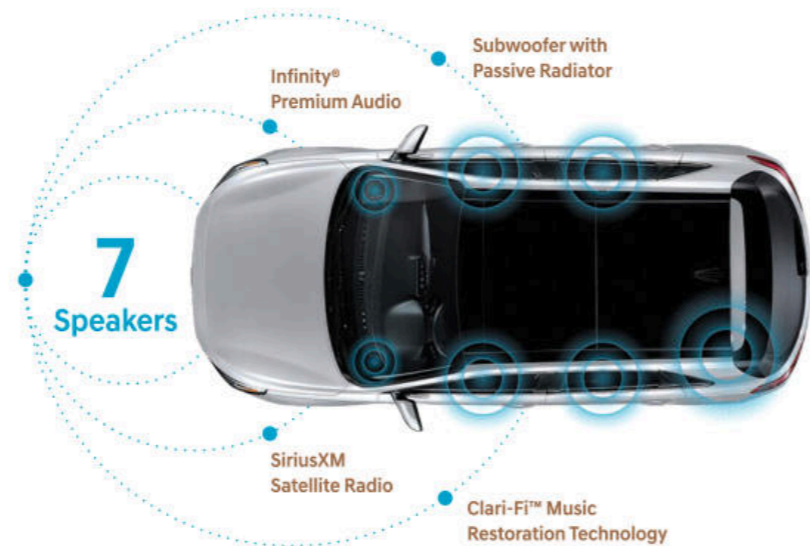

# Take your show on the road.

Since you're constantly on the go, your next car needs the versatility and features required to keep you moving in comfort and style. Step inside Elantra GT's spacious interior and look around. You and your passengers are greeted with soft-touch materials on the doors and dash. Set your compatible smartphone down on Elantra GT's available Qi wireless charging pad,<sup>1</sup> and its battery will get all the power it needs.

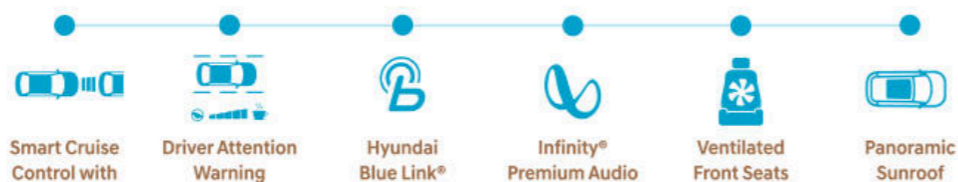

What about the power you need? Start by wrapping your hands around the thick rim of Elantra GT's tilt-and-telescopic steering wheel. And be sure to check out Elantra GT N Line. Inside, you'll find standard leather seating surfaces with more aggressive bolsters and contrast stitching. Steering-wheel-mounted paddle shifters at your fingertips. Alloy pedals at your feet. And sport-inspired accents throughout the interior. Or get Elantra GT's Style Package, with luxuries like a leather-wrapped steering wheel and seating surfaces (heated in front), Proximity Key entry with push button start and dual automatic temperature control with auto-defogging.

And what's a road trip without your favorite music? N Line's available Infinity® Premium Audio system uses Clari-Fi™ Music Restoration Technology to return the sound quality lost in digitally compressed music files. With its deep bass, clear midrange and crisp highs, you'll think you're hearing a live performance.

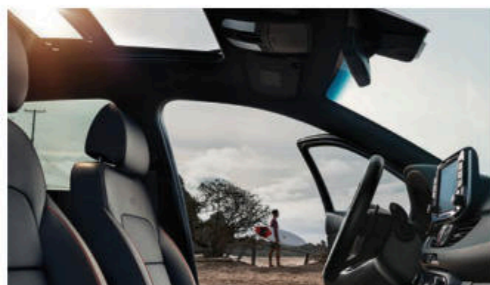

"Hatchbacks are well-suited for cargo, and the Elantra GT is a model example of this. Cargo space is generous and in-cabin storage is well thought out with good options for all of your personal effects."<sup>2</sup> – *Edmunds Expert Review*

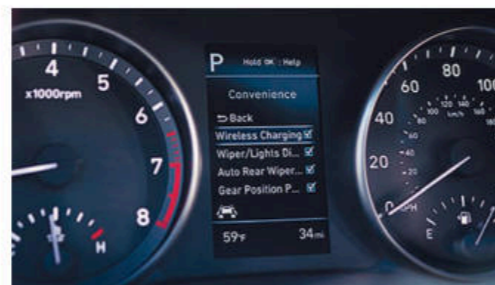

## N Line Tech Package Highlights

8" high-resolution touchscreen display

Panoramic sunroof

4.2" high-resolution multi-info display

N Line leather-wrapped manual shift knob

<sup>1</sup>Available on Elantra GT N Line only. <sup>2</sup>Edmunds Expert Review, 2019 Hyundai Elantra GT.

<sup>1</sup> Blind-Spot Collision Warning (BCW) assists the driver by warning of other cars in the blind-spot region when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. Do not rely completely on BCW and be sure to use proper lane changing procedures. BCW may not detect every object or vehicle and will not prevent accidents. Rear Cross-Traffic Collision Warning (RCCW) is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCW. Always look over your shoulder and use your mirrors to confirm rear clearance. See Owner's Manual for further details and limitations. <sup>2</sup> Forward Collision-Avoidance Assist (FCA) with Pedestrian Detection helps detect pedestrians, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. See Owner's Manual for further details and limitations. <sup>3</sup> Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit [hyundai.com](http://hyundai.com). <sup>4</sup> It is the driver's responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for further details and limitations.

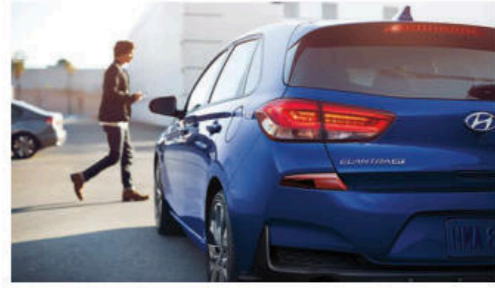

ELANTRA GT with Style Package in Scarlet Red Pearl

# This is your sweet spot.

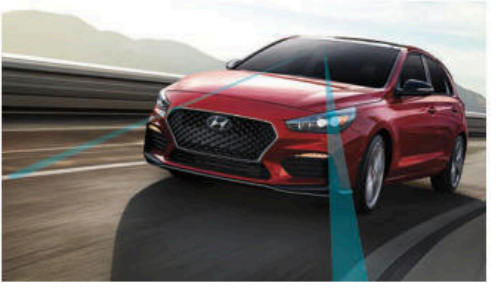

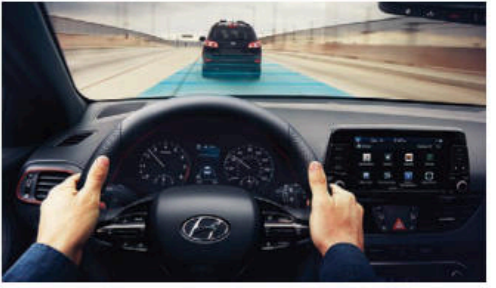

What motivates Hyundai's band of engineers can be summed up in one word: Better. They pursue it relentlessly, traveling the world and racking up hundreds of thousands of test miles in search of performance that's more responsive. Controls that are more intuitive. And safety technologies that are smarter. When they bring it all together... that's the sweet spot.

You'll feel it in everything your Elantra GT does. In the way its crisp handling is perfectly balanced with a comfortable ride. In the smooth flow of power from Elantra GT's standard 2.0L GDI 4-cylinder engine or N Line's 1.6L Turbo with available 7-speed Dual Clutch Transmission. And in the deep substance of a body structure forged with advanced high-strength steel.

Better is also engineered into Elantra GT's advanced safety features. From the Blind-Spot Collision Warning and Rear Cross-Traffic Collision Warning available in Elantra GT's Style Package<sup>1</sup> to the Lane Keeping Assist and Forward Collision-Avoidance Assist with Pedestrian Detection available in N Line's Tech Package,<sup>2</sup> you can rest assured your car is keeping an eye out for you on the road. And that's a sweet feeling.

Forward Collision-Avoidance Assist

## Hyundai SmartSense Safety Technologies<sup>3</sup>

**Drive On High Alert**  
Driver Attention Warning quietly monitors your driving and alerts you if it detects potential fatigue.<sup>4</sup> It's a feature normally found in expensive European luxury vehicles from Mercedes-Benz, Audi and BMW. So what's it doing as a feature available on the Hyundai Elantra GT? Helping to make you a better driver.

ELANTRA GT with Style Package in Intense Blue

## Upgrade your mobile plan.

Your smartphone has become your infotainment center, vital to staying connected on the go. So it only makes sense that Elantra GT lets you make the most of your mobile phone's capabilities. Exhibit A: An 8" floating high-resolution touchscreen display that syncs with Apple CarPlay® and Android Auto™ to let you seamlessly access your phone's maps and navigation, contact lists, texts, calls, music library and more.<sup>1</sup>

Elantra GT N Line's available navigation system adds split-screen functionality to the display, along with junction view lane guidance and subscription-free traffic flow/incident data via HD Radio™ technology.

Tired of the songs on your smartphone's playlists? Elantra GT's touchscreen display connects you with SiriusXM Satellite Radio, so you can enjoy over 140 commercial-free channels of streaming music, sports, news and entertainment.<sup>2</sup> Fingertip controls on the steering wheel let you switch stations or make Bluetooth® hands-free phone calls.

Now here comes the really cool part: Using the available Hyundai Blue Link® Connected Car System (complimentary for your first three years)<sup>3</sup> and MyHyundai app, you can turn your smartphone into a remote control that unlocks and starts your Elantra GT N Line before you walk out the door.<sup>4</sup> Blue Link Remote services also integrate with Amazon Alexa® and Google Assistant™ voice services.<sup>5</sup> To start your N Line's engine, unlock the doors and set the cabin temperature from the comfort of your home, just ask your Amazon Echo® or Google Home™ assistant. Sound like a plan?

**"Hyundai was one of the first to offer Apple CarPlay and Android Auto, and it continues to offer smart, well-integrated solutions to connect and use your smartphone."<sup>6</sup> – Edmunds Expert Review**

### Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.<sup>7</sup>

### On-Demand Diagnostics

Run vehicle diagnostics from your Elantra GT's touchscreen, report issues at the press of a button, and receive Monthly Vehicle Health Reports or maintenance reminders by email.

### Customizable Alerts

Proud parent of a teen driver? Hyundai Blue Link lets you set curfews and speed alerts so you can relax when your loved ones are on the road.

### Service Link

Conveniently schedule your car for service from the driver seat of your Elantra GT, or by using the MyHyundai smartphone app.

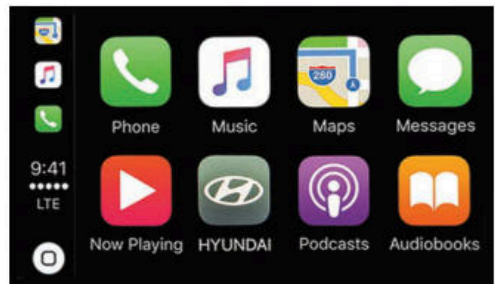

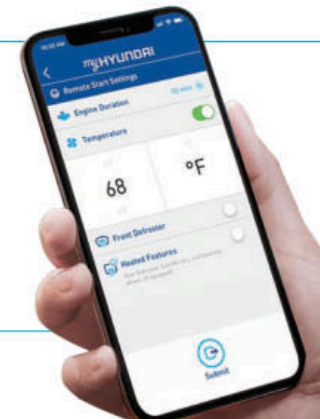

### Car Finder

Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Elantra GT.<sup>8</sup>

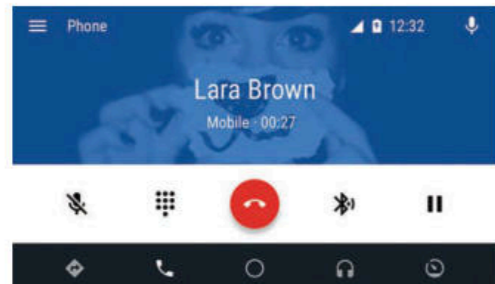

### Remote Controls

Use your smartphone, home assistant or wearable device to remotely start your Elantra GT's engine, unlock the doors, set the cabin temperature and more.

Apple CarPlay®

Android Auto™

Fingertip steering wheel controls

Wireless device charging

<sup>1</sup> Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple CarPlay® is a registered trademark of Apple Inc. Android Auto™ requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, and Google Play are trademarks of Google Inc. <sup>2</sup> All SiriusXM services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. after a 3-month trial period. The subscription plan you choose will automatically renew, and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. <sup>3</sup> 20MY Elantra GT N Line includes 3 years of the Blue Link Connected Care, Remote, and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change.
