

2020 Hyundai

ELANTRA

How has Hyundai attracted such a loyal following? Here are a million reasons.

Every year, there is a survey taken to see which car brand inspires the most loyalty with its customers. For the 10th consecutive year, that brand – according to the Brand Keys Customer Loyalty Engagement Index® – is Hyundai.¹ A big reason why is right here: The Hyundai Elantra.

Now in its sixth generation, Hyundai has continually improved the Elantra to make it better. Our 2020 Elantra is the most refined and advanced we've ever offered. Elantra's fluid design sets the standard for sedan styling and aerodynamic efficiency. Inside, premium features fill an airy, modern interior that welcomes you with class-above spaciousness.

Elantra helps keep you protected with advanced safety technologies normally reserved for more expensive cars. For 2020, Forward Collision-Avoidance Assist,² Lane Keeping Assist³ and Driver Attention Warning⁴ are standard on every Elantra model. Elantra keeps you connected with Hyundai's award-winning Blue Link[®] and a smartphone app that lets you interact with your car in powerful, practical ways.⁵ And, like every Hyundai, Elantra is backed by America's Best Warranty.⁶

In going the extra mile to be better, we've reached some remarkable milestones. Our latest: A Hyundai owner in Kansas recently recorded 1 million miles in her Elantra. Other car companies known for legendary durability have touted similar achievements, but this Elantra owner's story is truly amazing. She reached the 1 million mile mark after just 5 years of driving her 2013 Elantra – with the original engine and transmission.⁷

Of course, not every Hyundai owner's journey is likely to span a million miles. But with our loyal following, don't be surprised if this is the beginning of a long-term relationship.

For the 10th year in a row, Hyundai has ranked #1 in customer loyalty.

¹Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019 Brand Keys Customer Loyalty Engagement Index®. ²Forward Collision-Avoidance Assist (FCA) is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. ³Lane Keeping Assist operates above approximately 44 mph and only when the lane markings are clearly visible on the road. It will not work under all circumstances and will not prevent loss of control. It is a supplemental assist, and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details. ⁴It is the driver's responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect or provide an alert in every situation. See Owner's Manual for details. ⁵20MY Elantras include 3 years of the Blue Link Connected Care, Remote, and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit hyundai.com. ⁶See your authorized Hyundai dealer for LIMITED WARRANTY details. ⁷This customer's experience is unique and not guaranteed for other Hyundai vehicles.

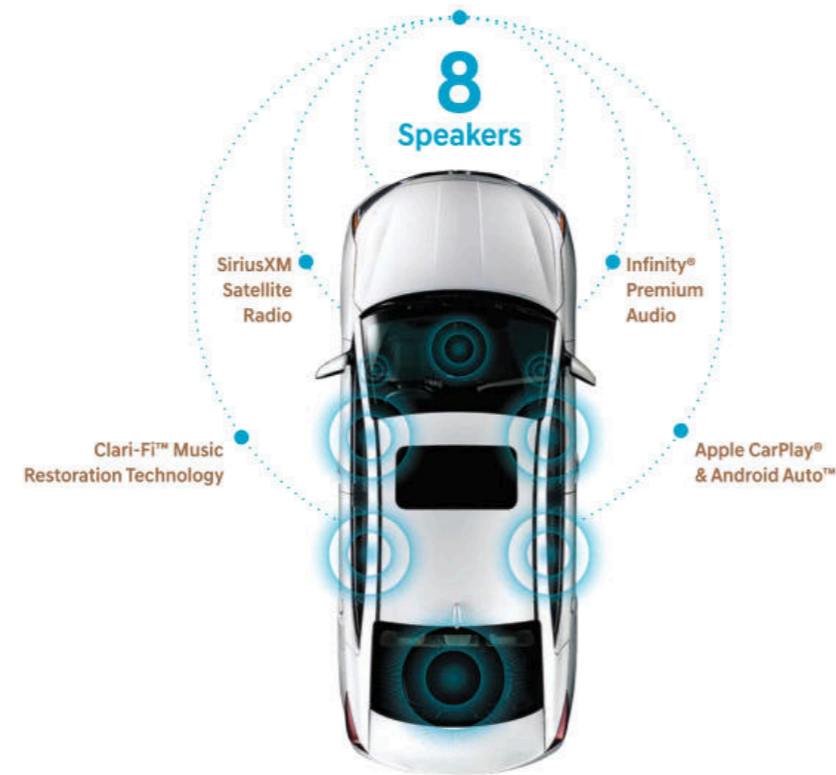

Measured in miles, inches or decibels, Elantra is a class above.

You've learned that Hyundai quality can be measured in miles – one million of them, in fact – with a 5-year-old Elantra that recently surpassed all six digits on its odometer with the original engine and transmission. But there are other ways to measure quality, too.

Inches, for instance. We found critical inches of headroom and legroom inside Elantra, so its interior rivals the roominess of some midsize sedans. It's like upgrading your airline seats – you feel the extra room right away. To heighten your relaxation, we lowered the decibel levels inside using thicker glass, high-density carpet and sound-absorbing wheel well insulation. It's a quietness typically experienced only when you move up a class or two.

Want to make some noise? Elantra's available 8" color touchscreen can be bundled with an 8-speaker Infinity® Premium Audio system that sounds like something out of a luxury sedan. It features Clari-Fi™ Music Restoration Technology, which reconstructs the full sound lost in digital music's compressed file formats. Bringing your playlists along is easy, too, thanks to the availability of Android Auto™ and Apple CarPlay®. There's even an available wireless charging pad² and dual USB ports to keep your devices powered up.

Some class-above features can be measured in degrees, like Elantra's available heated front seats. And dual automatic temperature control – complete with CleanAir Ionizer and auto defogger – that allows front-seat passengers to dial in their own comfort. Other features are measured in oohs and aahs. Sit in Elantra Sport, and the deeply bolstered driver seat and thick flat-bottomed steering wheel invite you to enjoy the performance. Elantra's hands-free smart trunk release? It recognizes when you're standing nearby and pops the trunk lid automatically.³

Integrated Memory System

¹ Not available on Elantra SE. Apple CarPlay® works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple CarPlay is a registered trademark of Apple Inc. Android Auto™ requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, and Google Play are trademarks of Google Inc. ² Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ³ The hands-free smart trunk will open when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with normal operation. See Owner's Manual for details.

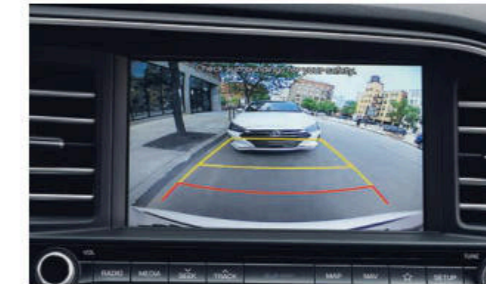

ELANTRA Sport with Premium Package in Intense Blue

Being smart about safety just makes sense.

It wasn't hard to come up with SmartSense as the name for our suite of advanced safety technologies. After all, it just makes sense that you shouldn't have to choose the top-of-the-line Elantra to feel like you and your family are safe and secure.

Every 2020 Elantra keeps you alert with Driver Attention Warning – a feature you won't find on Toyota Corolla, Honda Civic, Nissan Sentra, Ford Focus or Chevy Cruze.¹ A rearview camera and available Rear Cross-Traffic Collision Warning² provide extra confidence when backing out of parking spaces. Lane Keeping Assist and available Blind-Spot Collision Warning³ add watchful eyes along your journey. Elantra even offers the segment's first Safe Exit Assist.⁴ It helps warn you about opening your doors into traffic when parallel parked on a busy street.

Elantra's body is infused with advanced high-strength steel and bonded by aircraft-quality adhesives. This rigid-yet-lightweight structure not only creates a solid foundation for responsive driving dynamics, but helps protect you in the event of an accident by channeling impact forces around the passenger compartment.

SmartSense Safety Technologies⁵

2019 Top Safety Pick+
Hyundai's commitment to the highest standards for safety is evident in Elantra receiving a 2019 IIHS Top Safety Pick+ award when equipped with optional Forward Collision-Avoidance Assist and LED headlights.⁶

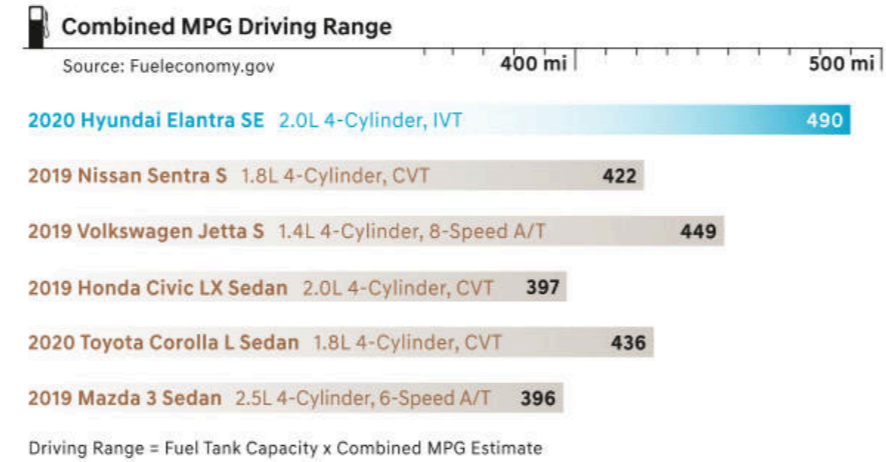

¹ Claim based on comparison of specifications on manufacturer websites. ² Rear Cross-Traffic Collision Warning (RCCW) is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCW. Always look over your shoulder and use your mirrors to confirm rear clearance. See Owner's Manual for further details and limitations. ³ Blind-Spot Collision Warning (BCW) assists the driver by warning of other cars in the blind spot region when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. Do not rely completely on BCW and be sure to use proper lane changing procedures. BCW may not detect every object or vehicle and will not prevent accidents. See Owner's Manual for details. ⁴ When the vehicle is parked, Safe Exit Assist (SEA) can alert occupants planning to exit the vehicle when a vehicle is approaching from behind. When Child Locks are active, SEA helps prevent the rear doors from opening if a vehicle approaching from behind is detected. All doors must be closed for Safe Exit Assist to operate. Functionality is retained for 30 minutes after the ignition is turned off. Opening the door switches Safe Exit Assist off. See Owner's Manual for details. ⁵ Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit hyundai.com. ⁶ To qualify for 2019 TOP SAFETY PICK+, a vehicle must earn Good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an Advanced or Superior rating for front crash prevention and a Good headlight rating. For details visit www.iihs.org.

The power of choice.

Elantra gives you a choice of three ways to power through your day. Elantra SE, SEL, Value Edition and Limited come with a 2.0L Atkinson Cycle 4-cylinder engine – the same engine type that typically provides gasoline propulsion on hybrid vehicles. With its higher compression ratio, it squeezes more energy out of every drop of fuel and burns fuel more completely to help lower emissions. The result is a driving range of up to 490 miles while running clean and green. An all-new proprietary Smartstream Intelligent Variable Transmission (IVT) helps improve Elantra's already impressive fuel economy.

On Elantra Eco, a 1.4L Turbo GDI engine and 7-speed EcoShift® Dual Clutch Transmission (DCT) create power that's so efficient, it achieves EPA-estimated fuel economy of up to 41 MPG highway/36 MPG combined.¹ Switch Elantra Eco's Drive Mode Select to Sport mode, and you'll feel the gear shift points rise, allowing the engine to rev more freely.

Elantra Sport's 201-hp 1.6L Turbo GDI engine is paired with a 7-speed EcoShift® DCT and paddle shifters on its race-inspired flat-bottom steering wheel. For road-gripping performance, Elantra Sport's specs include performance-tuned steering, 18" alloy wheels, larger front brakes and an independent multi-link rear suspension.

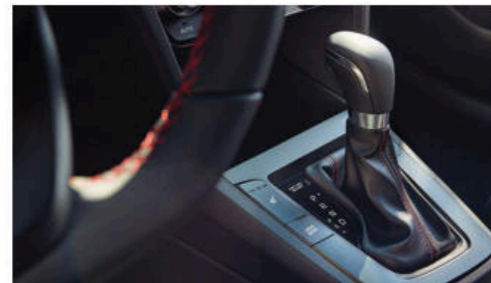

Slick In The City

Elantra's agility helps you maneuver through city streets and parking lots with ease. Its turning radius is shorter than the 2020 Toyota Corolla, 2019 Honda Civic and 2019 VW Jetta.² Starting on an incline? Hillstart Assist Control helps prevent you from rolling backwards.

Starting your Elantra by remote control? That's just the beginning.

We know how connected you are to your smartphone. So we made sure that connection extends to a host of connected car conveniences through Hyundai Blue Link.¹ By downloading the free MyHyundai app, your smartphone becomes a remote control capable of locking or unlocking your Elantra and starting the engine before you walk out the door.² With your Amazon Echo[®] or Google Home[™] device, you can also use voice commands to set the cabin temperature in your car or activate the front and rear window defrosters from the comfort of your couch or kitchen.³

Blue Link Guidance lets you search, download and navigate to addresses and points of interest using voice commands from the driver's seat or your smartphone before entering your car.⁴ Apple CarPlay[®] and Android Auto[™] let you tap into your smartphone's maps and navigation, as well as contact lists, texts, calls, music library and more using Elantra's large touchscreen display or simple voice commands.⁵

And then there's Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind. Wherever you may roam, trained operators are standing by to provide emergency roadside assistance in the event of an accident where airbags are deployed.⁶ Your Blue Link app can even help law enforcement recover your vehicle if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Apple CarPlay

Wireless device charging

Automatic Emergency Assistance
Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics
Run vehicle diagnostics from your Elantra's touchscreen, report issues at the press of a button, and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car
Use your smartphone to find restaurants or points of interest that may not be updated on your car's maps, then send the destination to Elantra's navigation system.

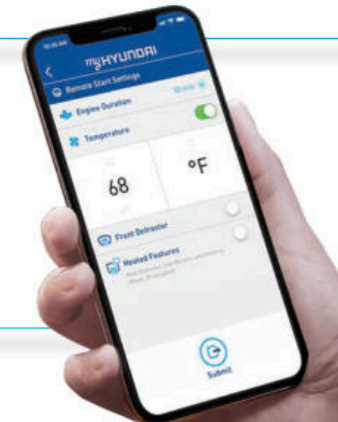

Service Link
Conveniently schedule your car for service from the driver's seat of your Elantra, or by using the MyHyundai smartphone app.

Car Finder
Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Elantra.⁷

Remote Controls
Use your smartphone, home assistant or wearable device to remotely start your Elantra's engine, unlock the doors, set the cabin temperature and more.

¹Not available on Elantra SE or SEL models. ²Requires Blue Link Remote package and vehicles equipped with push button start. ³Requires Blue Link Remote package and vehicles equipped with dual automatic temperature control. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google Inc. ⁴Requires Blue Link Guidance package with available navigation system. ⁵Not available on Elantra SE. ⁶Blue Link agents will contact existing emergency service responders. ⁷Smartphone GPS location must be within a 1-mile radius of the vehicle's location to display searched location.
