

2020 Hyundai

KONA

It's our prized possession. Will Kona be yours, too?

How did the Hyundai Kona earn so many industry awards, including 2019 North American Utility Vehicle of the Year™ and a 2019 Best Buy Award from Kelley Blue Book's KBB.com? It starts with an international award-winning design that's just the right size for the way you live.

The 2020 Kona's stylish and colorful exterior is compact, so it's easy to maneuver around parking lots and traffic congestion. A choice of two powerful and fuel-efficient engines boosts its fun-to-drive factor.

Behind the wheel, Kona looks and feels like a sporty SUV. Thanks to a Drive Mode Select feature, you can customize steering, transmission and overall powertrain responsiveness to your preference. Adding to Kona's confident driving character is the enhanced traction of available All Wheel Drive.

Step inside, and you're greeted by an intuitively designed interior that combines room and versatility with an exceptional level of standard safety and convenience features. You'll love the comfortable seating, refined materials and upscale amenities – including a large 7" color LCD floating display and segment-exclusive wireless device charging.¹

To help keep you secure, Kona offers an unrivaled suite of advanced safety technologies. The peace-of-mind you'll enjoy doesn't stop there, either. Like every new Hyundai, Kona is backed by America's Best Warranty. Regardless of which model you choose, Kona lets you live large all week...then make big plans for your weekend adventures.

KONA Ultimate in Black Leather

Designed to keep up with all your moves.

Kona is a vehicle that's as versatile as you are. When it's your turn to play social director, Kona assists with a surprising amount of space for passengers, cargo or – thanks to 60/40 split-folding rear seats – a combination of both. With the rear seats up, Kona has 19.2 cubic feet of cargo space – perfectly suited for the daily necessities of you and your crew. A dual-level cargo floor makes it easier to load, and large door openings are sure to be crowd pleasers, too.

When it's me-time, Kona's color touchscreen display serves as command center for an available Infinity® Premium Audio system, which uses Clari-Fi™ Music Restoration Technology to restore sparkling sound qualities lost in the compressed files used by music streaming services. Kona Ultimate's 8" touchscreen includes a navigation system with split-screen display, junction view lane guidance and real-time traffic updates through HD Radio™ (no subscription required).

When it's time to park, a Rear View Monitor with Parking Guidance helps you back into tight spaces. Reinforcing your sense of command is Kona's high seating position. Along with available features like heated side mirrors and rain-sensing wipers, it helps you see every move with exceptional clarity.

*"The Hyundai Kona is an excellent vehicle. Its superior combination of quality and value led us to name it our 2019 Best Subcompact SUV for the Money."
– U.S. News & World Report, 2019 Kona Review*

60/40 split-folding rear seats

Power tilt-and-slide sunroof

Full-color Heads-up Display

Full-color multi-information display

KONA Ultimate in Surf Blue

You'll love driving Kona. And Kona will love you right back.

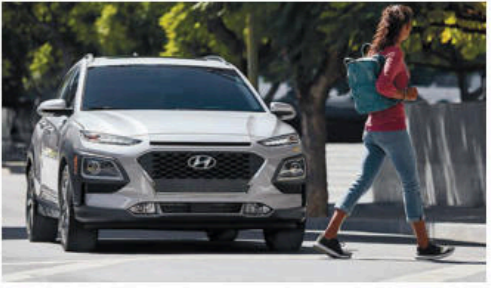

Want to feel the emphasis Hyundai puts on performance? Test-drive Kona SE, SEL or SEL Plus, and you'll enjoy the fuel-efficient power of an eco-friendly 2.0L Atkinson Cycle engine paired with a smooth 6-speed SHIFTRONIC® transmission. Step up to Kona Limited or Ultimate, and a turbocharged 1.6L engine with class-exclusive 7-speed Dual Clutch Transmission is at your command.¹

Kona's Turbo engine delivers more horsepower (175 HP) and more torque (195 lb-ft) than Ford EcoSport, Honda HR-V and Chevy Trax¹ – while remaining clean and green. And every model is available with All Wheel Drive and the handling precision of a multi-link rear suspension. All of which makes Kona, in the words of Edmunds, “one of the best subcompact crossover SUVs on the market.”²

Want to see the importance Hyundai places on your safety? Check out Kona's advanced safety technologies – not just on the top-of-the-line Kona Ultimate, but Kona SE as well. You'll find Driver Attention Warning, a feature more commonly seen on luxury vehicles, standard on every model.³ As is Forward Collision-Avoidance Assist, which is enhanced with Pedestrian Detection on Kona Ultimate.⁴ It's a feature many competitors don't even offer. Clearly, Kona's window sticker is a sign of affection.

2019 Top Safety Pick+
The Hyundai Kona is a 2019 IIHS Top Safety Pick+ when equipped with Forward Collision-Avoidance Assist and available LED headlights.⁵

¹Claim based on comparison of specifications on manufacturer websites. ²“Edmunds Expert Review” on Edmunds.com. ³It is the driver's responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for details. ⁴Forward Collision-Avoidance Assist (FCA) is designed to assist drivers to help avoid, or help reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. FCA with Pedestrian Detection helps detect pedestrians, but not in all conditions. See Owner's Manual for details. ⁵To qualify for 2019 TOP SAFETY PICK+, a vehicle must earn Good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an Advanced or Superior rating for front crash prevention and a Good headlight rating. For details, visit www.iihs.org.

KONA Ultimate in Thunder Gray

On Kona, Apple CarPlay and Android Auto come standard. Take that, luxury SUVs.

We know how connected you are to your smartphone. Which is why every Kona model comes with Apple CarPlay® and Android Auto™ standard.¹ You can use Kona's large color display or voice commands to access your phone's maps and navigation, contact lists, texts, phone calls, music playlists and more. It's a level of connectivity some luxury SUVs don't even offer as a standard feature.

With Hyundai's award-winning Blue Link® connected car features,² your smartphone also serves as a remote control. Download the MyHyundai app, and you can lock/unlock and start your Kona before walking out the door.³ With your Amazon Echo® or Google Home™ device, you can also use voice commands to set Kona's cabin temperature from the comfort of your couch or kitchen.⁴ Blue Link Guidance lets you search for addresses and points of interest on your phone and download driving directions to Kona Ultimate's navigation system before you slip behind the wheel.⁵

Then there's Blue Link Connected Care. Like all Blue Link packages, it's complimentary for your first three years and offers exceptional peace of mind. If you're in an accident and the airbags deploy, your Kona will automatically call for help in a heartbeat. You can also push the SOS button on your rearview mirror for emergency assistance 24/7, 365 days a year.⁶ Your Blue Link app can even help law enforcement recover your vehicle if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your Kona's touchscreen, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not be updated on your vehicle's maps, then send the destination to Kona Ultimate's navigation system.

Service Link

Conveniently schedule your vehicle for service from the driver seat of your Kona or the MyHyundai smartphone app.

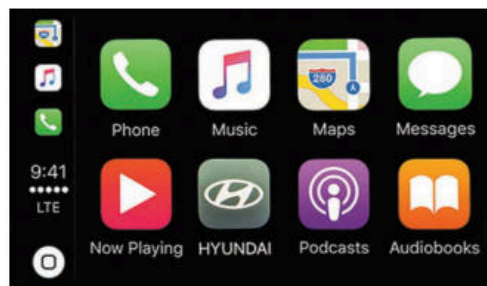

Car Finder

Our Car Finder smartphone app feature helps you navigate your way through crowded parking lots back to your Kona.⁷

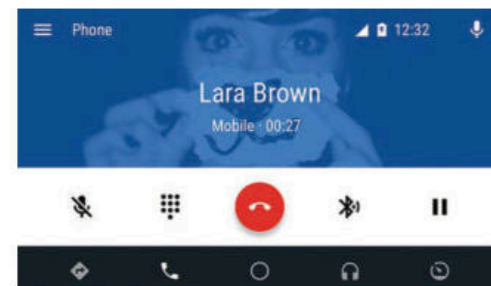

Remote Controls

Use your smartphone, home assistant or wearable device to remotely start your Kona's engine, unlock the doors, set the cabin temperature and more.
