

2022

NEXO

Clean up your act.

NEXO Limited in Copper Metallic

With NEXO, Hyundai introduced the world's first dedicated hydrogen fuel cell SUV. The electricity powering its 161-hp electric motor is created by combining hydrogen fuel with oxygen from the ambient air. The only emission? A few droplets of water.

Refueling takes about five minutes or less,¹ so NEXO is as practical as it is easy on the planet. No need to plan your evenings around lengthy electric vehicle plug-in times. NEXO offers two alternatives for how you go alternative: The Blue model features an EPA-

estimated 65 MPGe rating in the city and an estimated driving range of 380 miles.² NEXO Limited combines an array of additional luxury features and safety technologies with an EPA-estimated 59 MPGe in the city.²

Without the noise of a gas engine, the five-passenger NEXO is remarkably quiet, too. Press the accelerator pedal, and NEXO responds with a hushed whoosh and the powerful thrust of 291 lb-ft of torque.

¹Fueling time will vary based on ambient temperature, hydrogen fueling pressure, current fill level and other factors. ²MPGe is the EPA-equivalent of gasoline fuel efficiency for electric mode operation. Use for comparison purposes only. Mileage may vary depending on driving conditions, driving habits, vehicle condition, the age/condition of the lithium-ion polymer battery and other factors. ³Standard and available safety features vary by model and trim level. See the Features section in this brochure or visit HyundaiUSA.com for details. ⁴Lane Following Assist (LFA), when actively engaged with Smart Cruise Control, can help keep your vehicle centered in its lane only when the lane markings are clearly visible on the road. LFA will not work under all circumstances and will not prevent loss of control. LFA is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details and limitations. ⁵Blind-Spot View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle, and an audible alert if another vehicle is detected. Turn signal must be activated and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for details and limitations. ⁶To qualify for 2021 TOP SAFETY PICK+, a vehicle must earn good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an advanced or superior rating for vehicle-to-vehicle and vehicle-to-pedestrian front crash prevention and come with standard acceptable- or good-rated headlights. For details visit www.iihs.org.

NEXO's a natural at innovation.

In NEXO's eco-friendly interior, the headliner is woven from bamboo. The carpet fibers are spun from sugarcane. The interior trim's color dyes are extracted from soybeans and canola oil, and the leatherette seating surfaces are vegan-based. In all, innovative bio-based materials were applied on 47 different parts.

Below the surface, an ultra-rigid body structure forged with advanced high-strength steel helps preserve the integrity of the passenger cabin in the event of a collision. To help avoid that from happening in the first place, a suite of Hyundai SmartSense technologies alert and assist the driver.³

Lane Following Assist helps keep your NEXO centered in its lane of travel and lends the driver a hand with subtle steering corrections.⁴ Need to change lanes? NEXO Limited's Blind-Spot View Monitor displays wide-angle views of your blind spots on the instrument cluster, allowing you to see more than you would in the rearview mirror alone.⁵

No bulky batteries. More room for you.

In a traditional electric vehicle, bulky battery packs take away from your interior room. Since NEXO isn't battery powered, the passenger area has more space for what matters most – like extra front and 2nd-row legroom. The 8-way power driver seat with power lumbar support and 8-way power front passenger seat? They're both heated. And NEXO Limited adds ventilated front seats to help keep you cool.

Behind the 60/40 split-folding 2nd-row seats, there's plenty of space to load your belongings and stow them out of sight, thanks to a cargo-area cover and privacy rear glass. Accessing all of that space is easy as well, thanks to NEXO's available hands-free smart liftgate.¹

The spacious NEXO even leaves room for a huge 12.3" touchscreen audio and navigation display. On NEXO Limited, the touchscreen controls a 440-Watt Krell® premium audio system with an 8-channel amplifier, an 8" subwoofer and Live Dynamic sound algorithm technology that restores the fullness lost in compressed digital music.

NEXO Limited's innovation continues even after you exit your vehicle, thanks to Remote Smart Parking Assist. Push a button on your Smart Key, and NEXO parks itself in a parallel or perpendicular space with the driver inside – or outside – the vehicle. You can also use Smart Key controls to remotely move your vehicle backward and forward.²

Surround View Monitor with Parking Guidance

60/40 split-folding 2nd-row seats

Remote Smart Parking Assist

Hands-free smart liftgate with height adjustment

¹The hands-free smart liftgate will open when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with normal operation. See Owner's Manual for further details and limitations. ²Remote Smart Parking Assist can autonomously help park the vehicle. However, several factors can reduce the performance of this feature. Remote Smart Parking Assist may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) interfere with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for further details and limitations.

With Hyundai Bluelink, life stays connected.

Hyundai's Bluelink® connected car technologies transform your NEXO into an extension of your highly connected life.¹ It starts with Bluelink Connected Care. Complimentary for your first 3 years, it offers exceptional peace of mind with 24/7 access to Enhanced Roadside Assistance, SOS Emergency Assistance,² Monthly Vehicle Health Reports and more.

If you're like most Hyundai owners, the Bluelink feature you'll use most is Remote Access.³ Using the MyHyundai app on your smartphone, you can remotely start your NEXO and activate the climate controls, lock/unlock the doors or locate your vehicle in a crowded parking lot.

Before entering your vehicle, Bluelink Guidance lets you use your smartphone to search, download and send addresses or points of interest (including the location of nearby hydrogen fueling stations) directly to your NEXO's navigation system.⁴

Of course, Bluelink is just one of the ways NEXO makes life easier. With Apple CarPlay® and Android Auto,⁵ NEXO connects to your smartphone and displays familiar icons, apps, playlists and content on its wide 12.3" touchscreen display.⁵ A wireless charging pad ensures your compatible smartphone stays charged as you power through the day.⁶

Bluelink

Automatic Emergency Assistance

Bluelink Connected Care offers 24/7 SOS Emergency Assistance as well as Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your MyHyundai mobile app, report issues at the press of a button and receive maintenance reminders or Monthly Vehicle Health Reports by email.

Hyundai Car Finder

Our Car Finder smartphone app feature helps you find your way back to your NEXO after a day of downtown shopping or an evening spent rooting for your favorite team.

Enhanced Roadside Assistance

Take the guesswork out of calling for help. Bluelink can give your exact location to a Roadside Assistance associate. See HyundaiUSA.com for program details.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest, then send the destination to your NEXO's navigation system for driving directions before you slip behind the wheel.

Remote Vehicle Controls

Use your smartphone, home assistant or wearable device to remotely start your NEXO's motor, unlock the doors, set the cabin temperature, and much more.

- Free vehicle rentals²

Hyundai Complimentary Maintenance

Complimentary maintenance includes Hyundai-approved oil and oil filter change (except for electric vehicles and fuel cell electric vehicles) plus tire rotation at normal factory-scheduled maintenance intervals for 3 years or 36,000 miles, whichever comes first. More frequent maintenance due to severe driving or conditions is excluded. Offer valid only for new 2020-2022 Hyundai models purchased or leased on or after February 1, 2020. See your Hyundai dealer for further details and limitations.

Owner Assurance

Our commitment to Hyundai owners does not end with the transfer of keys. Wherever the road takes you, we've got your back with Owner Assurance, an umbrella of services and benefits that includes America's Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features...and more.

See dealer for LIMITED WARRANTY details. Fuel economy estimated by EPA for comparison only. Mileage may vary. While the information contained in this brochure was correct at the time of printing, specifications and equipment can change. Feature comparisons based on competitor information available at the time of printing. No warranty or guarantee is being extended in this brochure, and Hyundai reserves the right to change product specifications or equipment at any time without incurring obligations. Some vehicles shown with optional equipment. Specifications apply to U.S. vehicles only. Please contact your Hyundai dealer for current vehicle specifications. As part of Hyundai's commitment to a responsible environment, this brochure was printed using paper certified by the Forest Stewardship Council®. FSC® certification helps ensure that the highest social and environmental standards are met in the making of the paper we use, contributing to conservation, responsible management and community-level benefits for people near the forests. ¹ Purchasers of a new Hyundai NEXO can receive hydrogen fueling cards with a combined maximum value of \$15,000 to be used during the first 6 years of ownership. Debit card terms and conditions apply. NEXO card is non-transferable and will only function at certified retail hydrogen fueling stations in California. See participating Hyundai dealer or HyundaiUSA.com for complete program details. ² Purchasers or lessees of a new Hyundai NEXO will receive a non-transferable 21-day car rental voucher from Enterprise Rent-A-Car valid for 3 years from the date of vehicle purchase or lease subject to Enterprise's terms and conditions. See participating Hyundai dealer or HyundaiUSA.com for details.
