

VELOSTER

2019 Hyundai

Performance takes a new form. And it's wicked awesome.

Tired of all the performance cars out there that look so much the same, you can hardly tell them apart? Then it's time you took a look at the all-new 2019 Hyundai Veloster.

Reprogrammed with next-gen technology. Retuned to optimize its sure-footed traction. Re-engineered with turbocharging on three trim levels. And redesigned to give its signature 3-door concept a modern, boldly sculpted form. "The new Veloster" notes *Motor Trend* "certainly won't be mistaken for anything else." Not with that underbody rear air diffuser, center exhaust and, on Turbo Ultimate models, contrasting black roof.

And while it separates itself from the pack of cookie-cutter designs, the new Veloster is all about connecting you seamlessly to both the road and your digital world. The tight grip of a new multi-link rear suspension is the next best thing to Velcro.[®] Veloster also syncs with connectivity technologies, voice assistants and custom apps that transform the relationship between you, your car and your smartphone.

If the new 2019 Veloster sounds like a car you can't wait to drive, visit your Hyundai dealer. While you're at it, check out the free downloadable version of the new Veloster you can drive via Forza Motorsport 7 on Xbox One.^{®2} Spotting the new Veloster is easy. It's the wicked-looking one.

Hyundai has the lowest 5-Year Cost to Own of all brands for 2018 according to Kelley Blue Book's KBB.com, highlighting our industry-leading ownership value.¹

¹ *Motor Trend*, "2019 Hyundai Veloster First Look: Halo Kiddy", January 2018. ² www.youtube.com/watch?v=NPla93tk7bA. ³ 2018 model-year vehicles' projected cost to own for the initial five-year ownership period is based on the average Kelley Blue Book 5-Year Cost to Own data which considers depreciation and costs such as fuel and insurance. For more information, visit www.kbb.com.

VELOSTER 2.0 Premium in Sonic Silver

It's not a styling exercise. It's a body of knowledge.

Groundbreaking cars like Veloster tend to feature radical-looking designs. But provocative shapes like Veloster's wheel air curtains aren't just for show – they channel airflow to help minimize aerodynamic drag. The body beneath all of Veloster's sleek styling is equally innovative. Advanced high-strength steel is strategically engineered to create a body structure that's highly rigid and optimized for crashworthiness. Yet it's remarkably light. And taking pounds off is what turns Veloster on – it results in acceleration that's naturally quick, and handling that's razor-sharp.

A platform this fundamentally sound enabled Hyundai engineers to fine-tune it into the new Veloster 2.0, Veloster Turbo and Veloster R-Spec. Each is a unique interpretation of how rally-bred performance can translate to the street, starting with the way power transfers to the pavement.

Like to be in total charge of each shift? Choose Veloster's 6-speed manual transmission. Prefer to engage selectively? Hyundai's 6-speed SHIFTRONIC® automatic transmission with manual controls lets you decide when to take a hands-on approach. There's also a 7-speed Dual Clutch Transmission that moves you briskly through the gears. A feature called Drive Mode Select lets you tune the shift points, throttle response and steering feel to one of three modes – Normal, Sport or Smart.¹ Of course, by considering the new Veloster, you're already in smart mode.

Advanced Safety Technologies²

Veloster 2.0

The new Veloster 2.0 features a 2.0L Atkinson Cycle 4-cylinder engine rated at 147 HP and 132 lb-ft of torque. This fuel-efficient, low-emissions engine is offered with your choice of 6-speed transmissions: Manual or automatic (including paddle shifters on Premium models).

Veloster Turbo

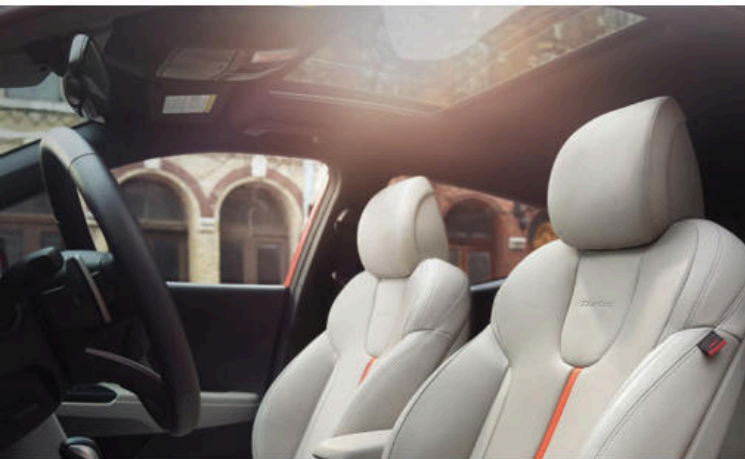

Powered by a 201-hp 1.6L GDI Turbo engine, the new Veloster Turbo serves up 195 lb-ft of peak torque from as low as 1,500 rpm for cheek-flapping launch off the line – with your choice of a smooth 6-speed manual or 7-speed Dual Clutch Transmission with paddle shifters.

Turbo R-Spec

Some things aren't subtle. The Veloster R-Spec's 6-speed manual gearbox lets you actively engage all 201 turbocharged horses in a spirited conversation with the road. Michelin Pilot Sport 4 summer tires lend the standard multi-link rear suspension extra grip for crisp, confident handling.

¹Smart mode offered with available automatic transmissions only. ²Features vary by model. For details, refer to the Features chart in the back of this brochure or visit hyundai.com.

You don't just sit in it. You plug into it.

In creating the new Veloster, designers from Hyundai studios around the world were given a challenge: Reimagine the driver's car. Which explains why, when you sit in the driver's seat of the 2019 Veloster, you sense the interior was designed with you at the center of it all.

Each trim level is designed with unique colors, materials and accents. An asymmetrical dashboard layout and connectivity technologies like Apple CarPlay,¹ Android Auto² and Bluetooth[®] cater to your sense of command and control.¹ The seat you've settled into is instantly comfortable with the firm support you'll need to keep you planted when the road twists and turns. And like a jet pilot, you can project information such as turn-by-turn navigation onto the available Heads-up Display transparent pop-up screen in front of you.²

Opening the hidden third door makes it easy for rear-seat passengers to enjoy Veloster almost as much as you do. And there's space in back to bring everyone's gear along. With the rear seats up, the new Veloster has more cargo room than the Honda Civic Coupe, MINI Cooper 2-door and 4-door, Fiat 500 and VW Beetle.³ When you need to transport larger objects, Veloster's 60/40 split rear seats fold down for 44.5 cubic feet of storage – and its hatch opens wide for easy loading.

The Air In There

A standard cabin air filter lets you breathe easy, knowing dust and pollen are being cleansed from the interior air. Automatic temperature control and an oversized sunroof let you choose the perfect climate inside your Veloster's cockpit.⁴

Big Screen, Big Sound

The available 8" floating touchscreen display that comes equipped on most Veloster models controls the Infinity[®] Premium Audio System. Veloster Turbo Ultimate's 8" display includes advanced navigation with split-screen display, junction view lane guidance and traffic flow/incident data via HD Radio.

Power With Precision

With the power of an external amp and deep bass of a subwoofer, the 8-speaker Infinity Premium Audio System packs a punch.⁵ It features Clari-Fi[™] Music Restoration Technology, which analyzes digital or streaming audio files during playback and restores high-fidelity sound qualities lost in compression.

¹Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ²Available on Veloster Turbo Ultimate only. ³Claim based on comparison of specifications on manufacturer websites. ⁴Standard on Veloster 2.0 Premium, Turbo and Turbo Ultimate only. ⁵Not available with Veloster 2.0.

It's time you felt a truly special connection with your car.

Hyundai's award-winning Blue Link technology keeps you connected to the services, information and entertainment you want and need on the road.¹ It starts with Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind. Your vehicle can automatically call for help if you're in an accident and the airbags deploy. You can also push Blue Link's SOS button for 24/7 emergency assistance 365 days a year.² Then there's Blue Link Guidance. It lets you search, download and navigate to addresses and points of interest using voice commands from the driver's seat or your smartphone before entering your car.³

If you're like most Hyundai owners, the Blue Link feature you'll love most is Remote Access.⁴ Using your MyHyundai app, you can turn your smartphone into a remote control that locks or unlocks and starts or stops your Veloster before you walk out the door.⁵ You can also use voice commands with your Amazon Echo[®] or Google Home[™] device to set your car's cabin temperature from the comfort of your couch or kitchen.⁶ Blue Link can even help law enforcement recover your vehicle if it's ever stolen.

Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Cut The Cord

We get it – your life basically runs on your phone. Which is why Veloster 2.0 Premium and Veloster Turbo Ultimate models feature a built-in wireless charging pad.⁷ Leave the hassle of messy cords behind – place your compatible smartphone on the pad, and it soaks up the juice.

The Smartphone, Now Smarter

Standard Apple CarPlay[™] and Android Auto[™] integrate your smartphone with Veloster's large floating display. So you can seamlessly access maps and navigation, contact lists, texts, calls, your music library and more using the car's touchscreen or simple voice commands.

Hyundai Blue Link[®]

What gives Veloster owners a better connection to the things they need? Hyundai's Blue Link Connected Car System, complimentary for the first 3 years of ownership. For details on all of the Blue Link features offered, visit hyundaibluelink.com.

 <p>Automatic Emergency Assistance Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.</p>	 <p>On-Demand Diagnostics Run full vehicle diagnostics from your Hyundai's touchscreen and receive Monthly Vehicle Health Reports and maintenance reminders by email.</p>
 <p>Destination Send-to-Car Use your smartphone to find new restaurants or points of interest that may not be updated on your car's maps, then send directions to Veloster's navigation system.</p>	 <p>Remote Controls Use your smartphone, home assistant or wearable device to remotely start your Hyundai's engine, unlock the doors, set the cabin temperature and more.</p>
 <p>Car Finder Your MyHyundai app lets you navigate your way through crowded stadiums or shopping malls back to your parked car.⁸</p>	 <p>Service Link Conveniently schedule your car for service from the driver seat of your Veloster or MyHyundai smartphone app.</p>

¹Not available with Veloster 2.0. Hyundai Blue Link is complimentary for the first 3 years of ownership and requires an active Blue Link subscription. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when it is safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit hyundaibluelink.com or your authorized Hyundai dealer. ²Blue Link agents will contact existing emergency service responders. ³Requires navigation-equipped vehicle and Blue Link Guidance package. ⁴Requires Blue Link Remote package. ⁵Remote Start is only available for vehicles with an automatic transmission or Dual Clutch Transmission. Not available on all models. ⁶Remote Climate Control available on properly equipped models with automatic temperature control. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google, Google Home and other marks are trademarks of Google Inc. ⁷Standard on Veloster 2.0 Premium and Turbo Ultimate models only. ⁸Smartphone GPS location must be within 1-mile radius of vehicle's location to display searched location.
