

2020 Hyundai

VENUE

This is how you put more carpe in your diem.

You're ready to make things happen. And you're looking for the perfect partner to get you going. Meet the all-new Hyundai Venue – the latest addition to our growing line of SUVs and crossover vehicles.

Venue takes to the streets with some serious capability and advanced safety features, so you can confidently take on whatever comes your way. It's a bold attitude that's obvious the instant you glance at the cascading mesh grille, sculpted wheel arches and shark-fin-shaped rear roof pillar. With eight exterior colors and a variety of interior trims to choose from – including an exclusive Denim trim with a two-tone roof and unique interior elements – Venue also lets you express your own sense of style.

Inside, Venue is all about versatility with an interior that quickly adapts to whatever's next on your agenda. When you've got cargo to carry or gear to pack for your urban adventures, Venue shows off its flexibility with easy-to-fold 2nd-row seating and an adjustable two-level cargo floor.

Want to invite your friends along? Venue's seating for five welcomes everyone to join the party in spacious comfort. Playing host is easy, too, thanks to Apple CarPlay® and Android Auto™. Plug your smartphone into a USB outlet, and familiar icons for accessing your music playlists, maps, text messages and more appear on Venue's 8" touchscreen.

To ensure that a personal security force travels with you, Venue features an array of Hyundai's SmartSense safety technologies. After all, life's a lot more fun when you're feeling secure.

Hyundai has ranked #1 in customer loyalty for the 10th year in a row²

J.D. POWER

Hyundai is among the Top 3 Brands in the J.D. Power 2019 U.S. Initial Quality Study 2 Years in a Row³

¹Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple and Apple CarPlay are registered trademarks of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ²Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019 Brand Keys Customer Loyalty Engagement Index*. ³Hyundai is among the Top 3 Brands in the J.D. Power 2019 U.S. Initial Quality Study of new vehicle owners' experience with their own vehicle after 90 days of ownership. Visit jdpower.com/awards.

Get the compact crossover SUV that gets you.

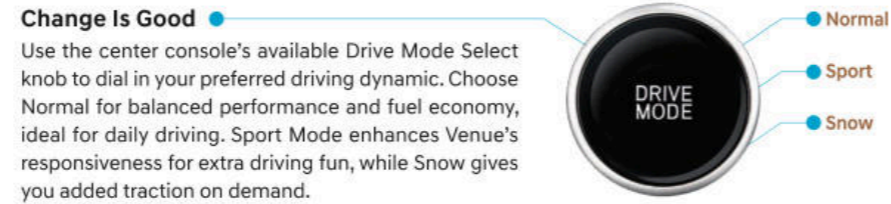

We created the all-new Hyundai Venue after noticing the need for a new kind of crossover vehicle. One that packs a whole lot of content into a compact footprint – but does so in a clever, contemporary way.

Sit inside Venue, and you'll feel like it's an extension of your personality. Like you, Venue is plugged in with USB, auxiliary and 12-volt outlets, along with one of the segment's largest touchscreen displays located front and center.¹ And like you, Venue knows how to keep its composure thanks to an available automatic temperature control that maintains pre-set cabin temperatures, as well as available heated front seats that take the chill off on cool mornings.

Venue is also the perfect partner for helping you stay organized. We looked at all of the gear you carry that needs to be concealed, then created an innovative storage solution. With the two-level cargo floor in the upper position, you can securely stow your stuff and still have cargo space available for any passengers sharing the ride.

After you've put everything in its proper place, you can put yourself in the proper frame of mind. Just tap the touchscreen to call up your favorite tunes from the playlists on your smartphone, then enjoy how great they sound on Venue's available 6-speaker audio system.

"2020 Hyundai Venue: Too Cool To Be A Hatchback"
– Edmunds Expert Review²

Fingertip audio, phone and cruise controls

Automatic temperature control

Power tilt-and-slide sunroof

60/40 split-folding rear seats

¹Claim based on comparison of specifications on manufacturer websites. ²From "2020 Hyundai Venue: Too Cool To Be A Hatchback" on Edmunds.com, April 2019.

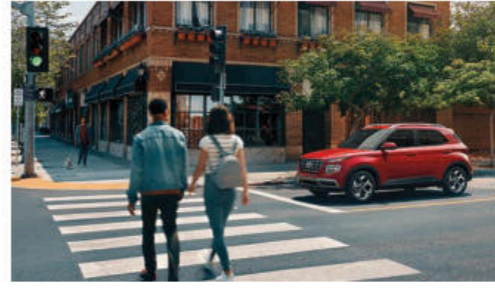

Life's full of surprises. Driving shouldn't be one of them.

Safe driving is all about being prepared. Which is why Venue features Hyundai SmartSense, an array of safety technologies designed to help prevent accidents in the first place. For starters, there's Forward Collision-Avoidance Assist with Pedestrian Detection.¹ If a slowed vehicle or pedestrian is detected in front of you, Venue issues an alert and applies emergency braking if necessary to help avoid a collision.

If your Venue begins drifting from its lane, Lane Keeping Assist alerts you and actively engages the steering, nudging you back into your lane.² To help you avoid distracted driving, Venue uses a feature called Driver Attention Warning.³ Especially helpful on long road trips, it monitors driver attentiveness and warns you if it senses driving behaviors indicating it may be time to take a break.

Beyond these standard features, Venue is also available with Blind-Spot Collision Warning and Rear Cross-Traffic Collision Warning, which act as extra sets of eyes.⁴ Of course, Venue's core safety engineering starts with a body constructed of advanced high-strength steel. It incorporates zones designed to absorb and disperse impacts, helping to protect you and your passengers inside the cabin if an accident occurs.

Rear View Monitor with dynamic guidelines

Forward Collision-Avoidance Assist with Pedestrian Detection

Rear Cross-Traffic Collision Warning

Hyundai SmartSense Safety Technologies⁵

There's Safety In Numbers

Given the superlative safety technologies engineered into every Hyundai, it's no surprise that 13 different Hyundai models equipped with front crash prevention and specific headlights earned an IIHS 2019 Top Safety Pick+ or Top Safety Pick rating – one of the industry's highest safety honors.⁶

¹ Forward Collision-Avoidance Assist (FCA) with Pedestrian Detection helps detect pedestrians, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. See Owner's Manual for further details and limitations. ² Lane Keeping Assist operates only when the lane markings are clearly visible on the road. It will not work under all circumstances and will not prevent loss of control. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details. ³ It is the driver's responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for further details and limitations. ⁴ Blind-Spot Collision Warning (BCW) assists the driver by warning of other cars in the blind-spot region when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. Do not rely completely on BCW and be sure to use proper lane changing procedures. BCW may not detect every object or vehicle and will not prevent accidents. Rear Cross-Traffic Collision Warning (RCCW) is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCW. Always look over your shoulder and use your mirrors to confirm rear clearance. See Owner's Manual for further details and limitations. ⁵ Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit hyundai.com. ⁶ 2019 Top Safety Pick for 2019 Accent, Elantra GT, Ioniq Hybrid, Ioniq Plug-in Hybrid built after July 2018, Veloster built after August 2018 and Santa Fe XL. 2019 Top Safety Pick+ for 2019 Elantra built after September 2018, Tucson built after March 2019, NEXO built after June 2019, Sonata, Kona, Santa Fe and 2020 Palisade.

VENUE SEL Premium Package in Scarlet Red Pearl

VENUE SEL Premium Package in Scarlet Red Pearl

Stay cool, calm and connected.

We know how connected you are to your smartphone. Which is why the all-new Venue comes standard with features that take smartphone integration to a whole new level. Apple CarPlay® and Android Auto™ give you seamless access to your compatible phone's maps and navigation, contact lists, texts, phone calls, music playlists and more using Venue's large color touchscreen display or voice commands.

Venue is also available with Hyundai's award-winning Blue Link® connected car technologies.¹ Simply download the MyHyundai app, and your smartphone becomes a remote control that lets you lock/unlock and start your Venue before walking out the door.² With your Amazon Echo® or Google Home™ device, you can also use voice commands to set Venue's cabin temperature from the comfort of your couch or kitchen.³ Blue Link's Guidance package lets you search for addresses or points of interest on your smartphone, and download the driving directions to Venue's available navigation system before you slip behind the wheel.⁴

Then there's Blue Link Connected Care. Like all Blue Link packages, it's complimentary for your first three years and offers exceptional peace of mind. If you're in an accident and the airbags deploy, your Venue automatically calls for help in a heartbeat. You can also push the SOS button on your rearview mirror for emergency assistance 24/7, 365 days a year.⁵ Your Blue Link app can even help law enforcement recover your vehicle if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

"It (the new Hyundai Venue) has an excellent mix of features, including one of the best warranties in the business." – Kelley Blue Book's KBB.com⁶

¹Select Venue models are available with 3 years of the Blue Link Connected Care, Remote, and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit hyundai.com or your authorized Hyundai dealer. ²Requires Blue Link Remote package and vehicles equipped with push button start. ³Requires Blue Link Remote package and vehicles equipped with automatic temperature control. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google Inc. ⁴Requires Blue Link Guidance package and vehicles equipped with navigation system. ⁵Blue Link agents will contact existing emergency service responders. ⁶From "2020 Hyundai Venue First Review: Right tech, right price" on Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. ⁷Smartphone GPS location must be within 1-mile radius of vehicle's location to display searched location. ⁸Not available with Venue SE trim level.

Automatic Emergency Assistance
Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

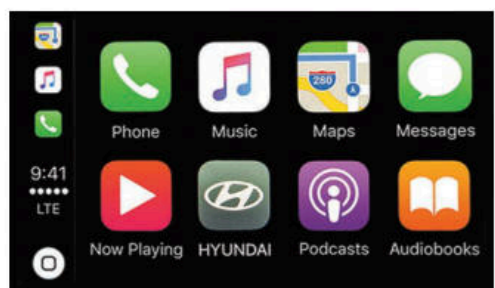

On-Demand Diagnostics
Run vehicle diagnostics from your Venue's touchscreen, report issues at the press of a button, and receive Monthly Vehicle Health Reports and maintenance reminders by email.

Service Link
Conveniently schedule your Venue for service from the driver's seat or using your MyHyundai smartphone app.

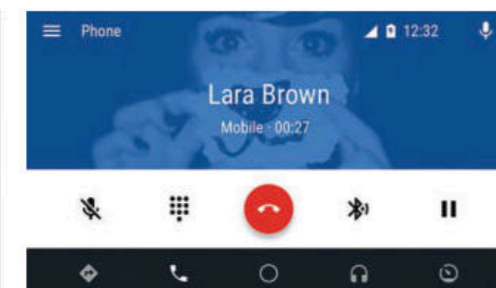

Remote Controls
Use your smartphone, home assistant or wearable device to remotely start your Venue's engine, unlock the doors, set the cabin temperature and more.

Customizable Alerts
Proud parent of a teenage driver? Blue Link lets you set geofence, curfew and speed alerts so you can relax when your loved ones are on the road.

Car Finder
Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Venue.⁷
