Q60

INFINITI

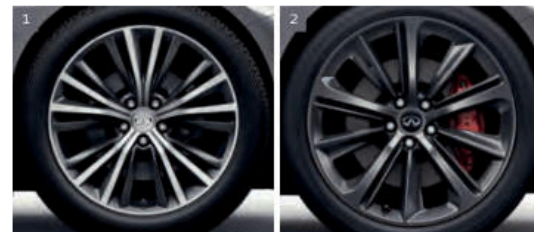

EMPOWER THE DRIVE™

FREEDOM FOR THE DARING. LUXURY FOR REAL LIFE.

Engineered for those who are inspired by fearless forward progress, the Q60 is a next-generation performance coupe that heightens your senses emotionally, and aesthetically. When the journey requires exhilarating power, you'll accelerate your way with a choice of a 300-hp or 400-hp twin-turbocharged V6 engine that can charge forward and pass with confidence. When the twists and turns of the path ahead demand that you adapt, an INFINITI world's first digital steering system¹ makes cornering feel smooth and instinctual, while Dynamic Digital Suspension¹ can adjust to the road and the driver in real time to yield the best response for the moment. When standing out is non-negotiable, you'll exhibit daring curves and inspiring lines on city streets and beyond. This is luxury for a life lived in Drive.

LUXURY SHOULD BE LIVED IN

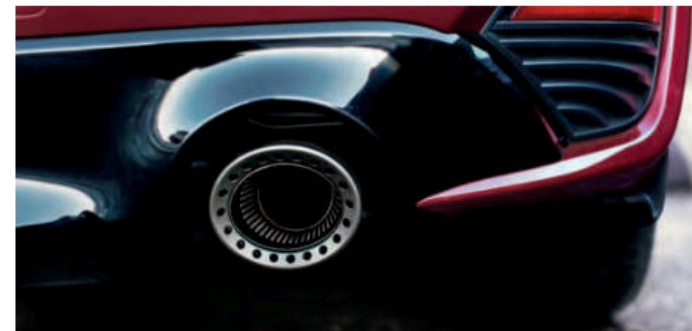

▲ **ROLL WITH DISTINCTION** 1 19 X 9.0-inch Aluminum-Alloy Wheels 2 20 X 9.0-inch Front, 20 X 9.5-inch Rear Staggered Aluminum-Alloy Wheels***

▲ EVERY LINE CAPTURES AN EMOTION

The sight of a Q60 stirs something deep inside. You sense it when gazing upon its dramatic creases and distinctive shapes. You anticipate it when looking over its athletic stance. With a sleek body that stands low and wide, the Q60 conveys exciting performance. With the Q60 RED SPORT 400,¹ select elements dial up its sporting presence. Wide, summer performance tires on 20-inch alloy wheels provide impressive levels of grip, while red brake calipers add some eye-catching flair.² Sports exhaust tips exit from the lower rear bumper and sing an engaging tune as the engine powers through its rev range.

▲ 300-HP OR 400-HP. EXHILARATION FROM THE START

Press the Push Button Start and feel the power of a 3.0-liter twin-turbocharged V6 come to life. Featuring turbochargers designed to respond quickly to driver throttle input and a speed sensor to help increase boost pressure, the engine in the RED SPORT 400 raises output from 300 hp to 400 hp. The water-cooled air travels a short path to the engine so it stays more dense for more power – and an infinite rush.¹ The 7-speed automatic transmission can match engine RPMs to gear speeds for smooth downshifts.

FORM FIT TO PERFORM

Performance drivers know the feeling of a good pair of driving gloves – personal, fitted and above all, comfortable. This kind of tailored design and craftsmanship was the vision behind the cockpit. High-back bolstered seats offer greater thigh, lumbar and lateral support to enhance your in-control feel. Contrast stitching¹ found on the leather-wrapped steering wheel and shifter complement the contact points of your hand, while available semi-aniline leather appointments² provide durable and soft seating surfaces. Dual screen displays are ergonomically positioned to relay information and make for easy driver input. This is an exclusive space for drivers, capturing the spirit of a premium sport coupe.

▼ SYNC YOUR LIFE HERE

INFINITI InTouch™ with Apple CarPlay® integration lets you bring the iPhone® experience along for the ride. Or make your Android Auto™ compatible phone your

preferred driving companion.³ Navigation provides real-time Premium Traffic information, turn-by-turn directions and more.^{3,4} Finally, enhanced Wi-Fi capability transforms your Q60 into a high-speed hotspot.³

Bose® Performance Series Audio with Bose® CenterPoint™ surround technology

EVOLVE YOUR DRIVE INFINITI drive assist technologies were engineered to help reduce driving stress. Available systems such as Blind Spot Warning and Lane Departure Warning can alert you to potential hazards.^{5,6} Driving aids such as Intelligent Cruise Control (Full-Speed Range) can automatically adjust your speed to the flow of traffic.⁷ In the ProACTIVE Package, Lane Departure Prevention, Blind Spot Intervention® and Active Lane Control, utilize automated steering input to help you stay in your lane.^{5,6,8} Innovations like these help make the driving experience as enlightening as it is engaging.

HANDLING IS PERSONAL With two steering and two suspension systems, the path to agility is yours to customize. Select either Rack Electronic Power Steering with Sport mode for a lively response. Or go digital with Direct Adaptive Steering,⁹ on the ProACTIVE Package, and feel how easy it is to carve a perfect turn.¹ The choice of suspension is equally empowering. Independent front and rear suspension gives you a smooth level ride while Dynamic Digital Suspension, on Q60 RED SPORT 400,¹ recalibrates the balance between comfort and performance electronically as adjustable dampers react in real time to changing road demands and driver input.

PERFORMANCE ON YOUR TERMS

Equipped with advanced suspension, steering and drive mode systems, the Q60 RED SPORT 400 allows drivers to fine-tune the performance to their liking. The drive mode selector allows drivers to choose from a menu of settings that include Standard, Sport, Sport+, Personal, Eco and Snow. Sport and Sport+ modes offer higher engine output and dial up the suspension, steering and transmission settings for performance driving. The Personal mode allows the driver to create a custom setting profile. The Eco mode helps reduce fuel consumption through the modulation of accelerator pedal pressure, while the Snow mode helps reduce traction loss in inclement weather.

^ EQUIPPED TO ENTHRALL

The three-spoke steering wheel in the Q60 RED SPORT 400 features shift paddles for manual gear selection. The available Direct Adaptive Steering® system can adjust steering response to suit driving conditions. Large 14.0-inch front and 13.8-inch rear brake discs help improve braking performance.

INFINITI InTouch with Wi-Fi terms and conditions of subscriber agreement apply. ⁴ Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ⁵ Blind Spot Warning and Blind Spot Intervention® Systems cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ⁶ Lane Departure Prevention and Lane Departure Warning Systems only operate when lane markings are detectable. See Owner's Manual for safety information. ⁷ Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁸ Active Lane Control cannot prevent collisions or loss of control. Driver should remain in control of vehicle at all times. See Owner's Manual for safety information. ⁹ Intelligent All-Wheel Drive cannot prevent collisions or provide enhanced traction in all conditions. Always monitor traffic and weather conditions. ¹⁰ Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ¹¹ RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. ¹² Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ¹³ Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving technique. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information. ¹⁴ Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. ¹⁵ Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. ¹⁶ Distance Control Assist uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ¹⁷ State laws may apply. Review before using. ¹⁸ Forward Emergency Braking with pedestrian detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ¹⁹ Predictive Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. ²⁰ Around View® Monitor with Moving Object Detection cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. ²¹ Backup Collision Intervention may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. ²² The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system can sense exterior odors, can suppress unpleasant interior odors, can stop the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. ²³ Monitor traffic conditions and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information. ²⁴ Cargo and load capacity limited by weight and distribution. Always secure all cargo. ²⁵ Accessories shown on Q60 are not genuine INFINITI accessories. Not warranted by INFINITI. Refer to product manufacturer for warranty details. INFINITI limited warranty does not cover damages or failures to the vehicle caused by improper installation or alterations of any INFINITI-approved accessory or component.
