

Isuzu's warranties.

We stand behind every vehicle we sell with some of the best warranties in the business. Our 7-YEAR/75,000-MILE POWERTRAIN LIMITED WARRANTY covers the most expensive and essential parts against defects. Then, throughout the vehicle, you have the protection of our 3-YEAR/50,000-MILE BASIC LIMITED WARRANTY, which covers you for its full term. On top of that, every 2008 Isuzu vehicle is covered by a 6-YEAR/100,000-MILE PERFORMANCE FROM CORROSION LIMITED WARRANTY to ensure that your vehicle's exterior will survive everything from scalding road salts to blistering desert heat. Finally, lasting the duration of the POWERTRAIN LIMITED WARRANTY, we offer 7-YEAR/75,000-MILE ROADSIDE ASSISTANCE. Just call 1-800-444-0300 and we'll be there, ASAP. Some in our business would call this overkill. We prefer to call it the right level of protection for an investment this important. See your Authorized Isuzu Dealer for warranty and other details.

The perfect plan.

The Isuzu Protection Plan extended service contract provides coverage well beyond our 3-YEAR/50,000-MILE BASIC LIMITED WARRANTY. It's perfect when you want the added piece of mind that comes with additional coverage of up to 100,000 miles, good nationwide at any Authorized Isuzu Dealer. For plan details, call 1-800-343-0300.

Become a smart shopper.

Doing your homework pays. Go to isuzu.com and request a dealer price quote on an Isuzu Ascender or Isuzu midsize pickup. Your local Isuzu dealer will take it from there, providing a prompt and professional reply with an eye toward putting you behind the wheel. Don't settle for a vehicle that can't match the exceptional value of the 2008 Isuzu lineup. Request your dealer quote today!

ISUZU
SMART MINDS DRIVE SMART

Look smart. Feel smart. Drive smart.

Real-world experience tells you there's a difference between book smarts and street smarts. But think what you could accomplish if you had both. In the automotive world, that choice already exists – the 2008 Isuzu lineup.

With a heritage that dates back more than 90 years, each model is the product of passionate engineering, inspired design and flawless instincts for what is essential to the driving experience. The resulting family of vehicles doesn't just satisfy the analytical mind, it stirs the imagination.

The great is everywhere. Versatile seating, storage and cargo configurations challenge your preconceptions about what's possible in the art of transporting

people and gear comfortably. Powerful engines and heavy-duty suspensions whet your appetite for adventure, bringing new activities and destinations into focus. Advanced safety and performance features put you in command of the road ahead, wherever it leads.

Ready to look smart in making your next vehicle purchase? Then look no further. We've taken the concept of value – the perfect blend of performance, styling, comfort and reliability – to its logical conclusion. A place where smart minds drive alike.

i-370

Crew Cab | Extended Cab

Multiple choices. No wrong answers.

Talk about your brain bases. On one hand, you've got the added comforts, convenience and passenger room of the i-370 Crew Cab (available in 2WD or 4WD). On the other, you've got the serious cargo bed capacity of the i-370 Extended Cab (2WD). Either decision you choose, these stylish performers comfortably seat up to five passengers, always pull their own weight and look great doing it. For a truck that's right up your alley, avenue or access road, the impressive i-370 pickup is difficult to out-work or out-play.

To get you where you're going, the i-370 relies on the mighty Vortec™ 3700 – the lively inline-5 engine that produces 6-cylinder-type outputs (242 hp and 242 lb-ft of torque) with fuel economy you'll appreciate at the pump.

The i-370 also benefits from an assortment of highly evolved design features like the available 60/40 split-bench rear seat that folds flat to stow your gear, a 2-tier tailgate that expands your loading options and push-button, shift-on-the-fly 4-wheel drive that makes the absolute most of this truck's superb ground clearance. Like you, it's ready for anything.

Warranty protection is one more way the i-370 moves toward the head of the class, with its 7-year/75,000-mile Powertrain Limited Warranty with Roadside Assistance.

Always wear your seat belt. ©2008 Isuzu North America, Inc.

1 i-370 Crew Cab 2WD, LS in Deep Crimson Metallic

It's the best of both worlds. The Crew Cab's versatile design means that your passengers and your cargo will both travel in style.

2 i-370 Crew Cab 4WD, LS in Pacific Blue

The Crew Cab's shift-on-the-fly 4-wheel drive is so quick and easy to engage, it's 100% more than an afterthought.

3 i-370 Extended Cab 2WD, LS in Platinum Silver Metallic

When cargo is your first consideration, you'll find the Extended Cab perfectly suited to your mission.

ISUZU
ISUZU.COM

4 Bed Tie-Down Hooks

Keeping your load from shifting in transit is a job made easier by sturdy tie-down hooks strategically located throughout the i-370's spacious bed.

5 Tire Pressure Monitoring System

This advanced electronic system actively monitors tire pressure, quickly alerting you to any significant pressure drops.

6 60/40 Folding Seat

Fold one seat, the other, or both. With available 60/40 split-bench rear seating, you'll find an optimal configuration for whatever combination of cargo and passengers you choose.

7 Shift-On-The-Fly 4-Wheel Drive

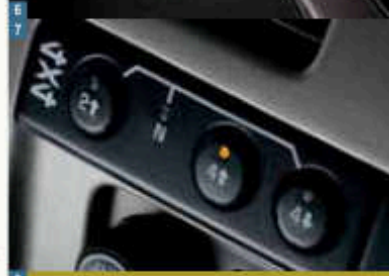

When you need a little extra grip, this convenient push-button system lets you go from 2-wheel to 4-wheel drive on the fly.

8 Driver-Friendly Instrument Panel

Gauges are in clear and easy view. Controls are intuitively positioned.

9 High-Stroke Off-Road Suspension

For a smooth ride and precise handling, even in off-road conditions, the i-370 4WD employs stamped A-arms, front stabilizer and torsion bars, and firm urethane jounce bumpers as part of a durable independent front suspension.

Featured Highlights

POWER & PERFORMANCE

- **POWERFUL VORTEC® 3700** – 3.7-liter inline-5 engine that delivers 242 hp and 242 lb-ft of torque.
- **DURABLE UNDERBODY SKID PLATES** that protect the oil pan, front differential and transfer case in 4WD models.
- **STURDY DOUBLE-WALL PICKUP BOX** with strategically positioned tie-down hooks for securing heavy payloads.
- Available **ELECTRONIC TRACTION CONTROL** and **AUTOMATIC LOCKING REAR DIFFERENTIAL** for improved handling in slippery road conditions.

SAFETY

- **DRIVER AND FRONT-PASSENGER DUAL-STAGE AIRBAGS** that regulate inflation according to impact severity for safer deployment.
- **AUTOMATIC AIRBAG SUPPRESSION SYSTEM** that deactivates the front-passenger airbag to help reduce the potential for airbag-related injury.
- Advanced **TIRE PRESSURE MONITORING SYSTEM** alerts the driver when any tire becomes significantly under-inflated.
- **DAYTIME RUNNING LIGHTS** for raised visibility in daytime driving conditions with automatic on/off headlights.

CONVENIENCE & COMFORT

- **DUAL-POSITION TAILGATE** and heavy-duty cargo box with tie-down hooks and convenient bed light.
- **REMOTE KEYLESS ENTRY** and **CONTENT THEFT-DETERRENT ALARM SYSTEM** for quick and easy access with exceptional security.
- **6-SPEAKER AUDIO SYSTEM** with XM/AM stereo and CD/MP3 player for rich audio entertainment.
- **POWER WINDOWS, POWER DOOR LOCKS** and **CRUISE CONTROL** for added driving control.
- **TRIPLE DOOR SEALS** that help reduce cabin noise, ensuring a more enjoyable driving experience.

*Always remember to wear your seatbelt. Air bags are a supplemental restraint system whose effectiveness varies with speed, conditions and angle of impact. See owner's manual for complete details.

i-290

Extended Cab

Clever enough to know what works.

There are times to work hard, and there are times to work smart. Fortunately, there's also a truly versatile pickup capable enough to do both. Meet the i-290 Extended Cab. When the job calls for pure, old-fashioned elbow grease, the i-290's durable construction (like its sturdy double-wall pickup box for example), generous 72.6-inch cargo bed and heavy-duty suspension make it a heroic addition to any work detail.

When a little finesse is what's required, the i-290's 2-tier tailgate offers greater flexibility in loading oversized items. If you still need more room to operate, the available rear jump seats fold up to reveal handy under-seat storage compartments

perfect for stowing small essentials. And because it's an Extended Cab, it delivers room for up to five adults or loads of interior cargo room.

Another sign of intelligence is the i-290's Vortec® inline-4 engine. It delivers enough smooth power to confidently handle a 1,312-pound payload* and provides welcome fuel efficiency. Did we forget to mention the extra effort that went into giving the i-290 smart styling, a comfortable, spacious interior and a 7-year/75,000-mile Powertrain Limited Warranty with Roadside Assistance? Let's see how that works for you.

i-290

Featured Highlights

POWER & PERFORMANCE

- **POWERFUL VORTEC® 2800** – 2.5-liter inline-4 engine that delivers 185 hp and 180 lb-ft of torque.
- **HEAVY-DUTY SUSPENSION** that provides a comfortable ride with enhanced hauling capacity.
- **DURABLE DOUBLE-WALL PICKUP BOX** that accommodates payloads in excess of 1,300 pounds¹.
- **3-CHANNEL, 4-WHEEL ABS** with power-assisted front disc/rear drum brakes.

SAFETY

- **DRIVER AND FRONT-PASSENGER DUAL-STAGE AIRBAGS** that regulate inflation according to impact severity for safer deployment.
- **AUTOMATIC AIRBAG SUPPRESSION SYSTEM** that deactivates the front-passenger airbag to help reduce the potential for airbag-related injury.
- **Advanced TIRE PRESSURE MONITORING SYSTEM** alerts the driver when any tire becomes significantly under-inflated.
- **DAYTIME RUNNING LIGHTS** for raised visibility in daytime driving conditions with automatic coast headlights.

CONVENIENCE & COMFORT

- **DUAL-POSITION TAILGATE** and heavy-duty cargo box with tie-down hooks and convenient load light.
- **AIR CONDITIONING** and **CRUISE CONTROL** for added driving comfort.
- **AM/FM STEREO** with available **CD/MP3 PLAYER** for rich audio entertainment.
- **TRIPLE DOOR SEALS** that help reduce cabin noise, ensuring a more enjoyable driving experience.

¹ Actual payload may vary. Payload is the GVW minus curb weight and includes weight of occupants, optional equipment and cargo. Refer to owner's manual for determining correct load limit. *Always remember to wear your seatbelt. Air bags are a supplemental restraint system whose effectiveness varies with speed, conditions and angle of impact. See owner's manual for complete details.

See us at

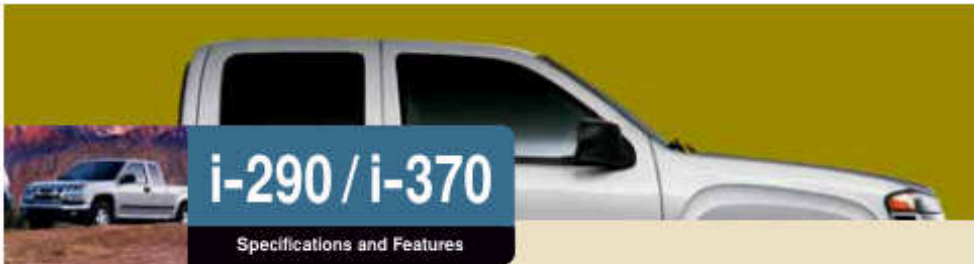

- 1 Surprising Payload Capacity**
The i-290's rugged ladder-on-frame chassis construction and impressive payload capacity give you the right tools when it comes time to do the heavy lifting.
- 2 2-Tiered Tailgate**
If your cargo won't cooperate and can't be secured with the tailgate in the full upright position, use the 2nd-tier position to extend the bed those few critical extra inches.
- 3 Under-Seat Storage Compartments**
These available out-of-the-way yet easy-to-access under-seat compartments provide the perfect antidote to cab clutter. Use them to stow all of those items you don't need until you need them.
- 4 Cargo Box Light**
When daylight is scarce, but the job is far from finished, you won't be left in the dark loading or unloading thanks to the cleverly placed cargo box light.

4 Auto-Dimming Rearview Mirror

Reducing the glare of bright headlights has never been easier thanks to an available auto-dimming rearview mirror* that features an 8-point compass and outside temperature gauge.

5 4-Wheel Anti-Lock Brake System

Ascender's 4-wheel Anti-Lock Brake System improves steering control and helps prevent wheels from locking up in extreme braking or slippery conditions. It's one important component in Ascender's advanced stability control system, StabiliTrac® and is standard equipment.

6 Driver-Adjustable Pedals

By allowing the driver to adjust the positions of the accelerator and brake pedals with the simple push of a button, this available feature creates a more comfortable seating position that helps reduce fatigue and improve driver control.

7 Inviting Interior

Ample legroom, headroom and rich, supportive seating surfaces do their part to reduce driving fatigue and add a luxurious feel.

8 Heated Seats

Keep cozy with Ascender's available dual-seating driver and front-passenger heated seats. They quickly spread warmth and comfort evenly across the backrest and seat surface.

9 Command and Control

The driver's cockpit puts you in charge of highly adjustable controls and gauges that provide feedback in plain view.

Ascender 5-Passenger

Featured Highlights

POWER & PERFORMANCE

- A POWERFUL 4.2-LITER DOHC IN-LINE-6 ENGINE that delivers 265 hp and 278 lb-ft of torque.
- TOW-READY for up to 5,800 pounds* with a receiver hitch and trailer wiring that comes standard.
- RIGID CHASSIS with body-on-frame construction and full-length hydroformed side rails.
- ON-DEMAND 4-WHEEL DRIVE that delivers superior performance off highway or on a slippery road.

*Maximum trailer weight is calculated assuming only the driver is in the tow vehicle and it has all the required towing equipment. The weight of additional optional equipment, passengers and cargo in the tow vehicle must be subtracted from the maximum trailer weight. Refer to owner's manual for construction application.

*Always remember to wear your seatbelt. Airbags are a supplemental restraint system whose effectiveness varies with speed, conditions and angle of impact. See owner's manual for complete details.

SAFETY

- DRIVER AND FRONT-PASSENGER DUAL-STAGE AIRBAGS* regulate inflation according to impact severity for safer deployment.
- AUTOMATIC AIRBAG SUPPRESSION SYSTEM* that deactivates the front-passenger airbag to help reduce the potential for airbag-related injury.
- HEAD-CURTAIN SIDE-IMPACT AIRBAGS* that provide added driver and passenger protection.
- STABILITrac® ELECTRONIC STABILITY CONTROL for maintaining directional control and in uncertain driving conditions.
- Advanced TIRE PRESSURE MONITORING SYSTEM alerts the driver when any tire becomes significantly under-inflated.

CONVENIENCE & COMFORT

- REMOTE KEYLESS ENTRY and CONTENT THEFT-DETERRENT ALARM SYSTEM for quick and convenient access with exceptional security.
- TRIPLE DOOR SEALS that help reduce cabin noise, ensuring a more enjoyable driving experience.
- Available 8-WAY POWER FRONT SEATS with lumbar support and dual setting seat heaters.
- Available PREMIUM 6-SPEAKER BOSE™ AUDIO SYSTEM or XM™ SATELLITE RADIO featuring more than 170 channels.

Accessories

Your Isuzu truck won't shy away from the tough jobs. But to make it work even harder at delivering the capability and styling that's right for you, be sure to add on the accessories that make it the pickup you've always wanted.

- | | |
|-----------------------|-------------------|
| Ashtray Package | Front Door Visors |
| Bed Extender | Hood Protector |
| Bed Liner | Nose Mask |
| Bed Rail Protectors | Side Steps |
| Bed Web Net | Splash Guards |
| Block Hoister | Wheel Locks |
| Block Hoister Harness | |

1 | Splash Guards

Protect your vehicle from mud, gravel, salt and more with these attractive, molded guards that won't chip, crack or tear.

2 | Bed Liner

The nylon-reinforced rubber on this liner includes a non-skid surface to help prevent cargo movement and is designed to withstand extreme temperatures.

3 | Bed Extender

Stretch your ability to haul oversized cargo loads with this handsome brushed-aluminum bed extender.

4 | Side Steps

It's easy-come, easy-go with these great-looking assist steps that make our Extended Cab and Crew Cab pickups even more passenger-friendly.

Ascender

Accessories

Now is the time to make your new Ascender all you want it to be, so you have everything you need every step of the way. You know our accessories will fit perfectly for flawless integration to keep your rig looking sharp.

5 | Hood Protector

Countless pebbles are vying to be the first to chip your new Ascender. Are you going to take that? Show them what the boss with this durable shield.

6 | Tonneau Cover

You don't have to be carrying gold bricks for prying eyes to want a peek at what you've got on board. Show them what they deserve—nothing!

7 | Hitch-Mounted Bike Carrier

Bikes are a handful to load onto a roof-mounted carrier. This hitch-mounted accessory provides a much more manageable loading height.

8 | Cargo Tray

Keep your carpet as clean as the day you bought it with this durable tray. Once it's in place, the cargo area is ready for anything.

9 | Running Boards

Whether you're securing items to the roof or someone needs a leg up to hop in, running boards are a step in the right direction.
