

GX

—

2020 LEXUS

More sophisticated style.

Enhanced capability.

Next-generation safety technology.

Experience a utility vehicle
luxuriously crafted to take you further
than ever before.

The 2020 Lexus GX

The 2020 GX

GX 460

With a redesigned, contemporary front fascia; all-new camera technology that enhances both off-road¹ and on-road capabilities; a powerful 4.6-liter V8 engine; full-time four-wheel drive; a Crawl Control² system that's been enhanced from three to five speeds; and new, distinctive interior trims, this is the epitome of rugged refinement.

GX shown in Atomic Silver

GX shown in Starfire Pearl

In addition to the 40/20/40-split second-row seats, the driver and front passenger enjoy 10-way power seats with lumbar adjustability. The third-row seats prove generous and convenient, as the seating folds flat into the cargo-area floor manually, or, when equipped, with the press of a button. And a tilt-and-slide second-row seat feature simplifies passenger-side access to the third row. Available heated and ventilated front seats, heated outboard second-row seats and three-zone climate control offer additional indulgence.

GX shown with Ecrú NuLuxe^{®3} and available captain's chairs⁴

GX shown in Black Onyx

GX shown in Atomic Silver

GX shown in Black Onyx

GX shown in Nebula Gray Pearl

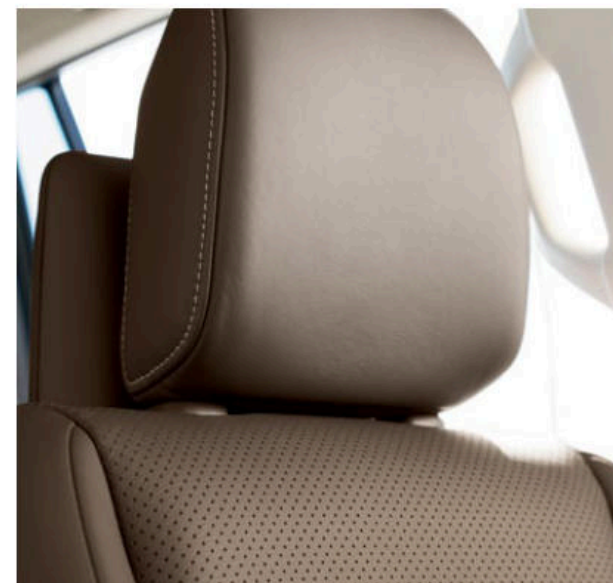

Touting a sophisticated design all its own, the GX features an imposing stance, a more modern, redesigned front fascia with new Premium Triple-Beam LED headlamps, available 19-inch wheels³ and more. Experience unparalleled craftsmanship, bold details and a striking balance of comfort and capability from a luxury utility vehicle that exceeds all expectations.

DESIGNED TO CAPTIVATE

From more contemporary craftsmanship to new, evocative illumination, the reimaged 2020 GX leaves an unforgettable impression.

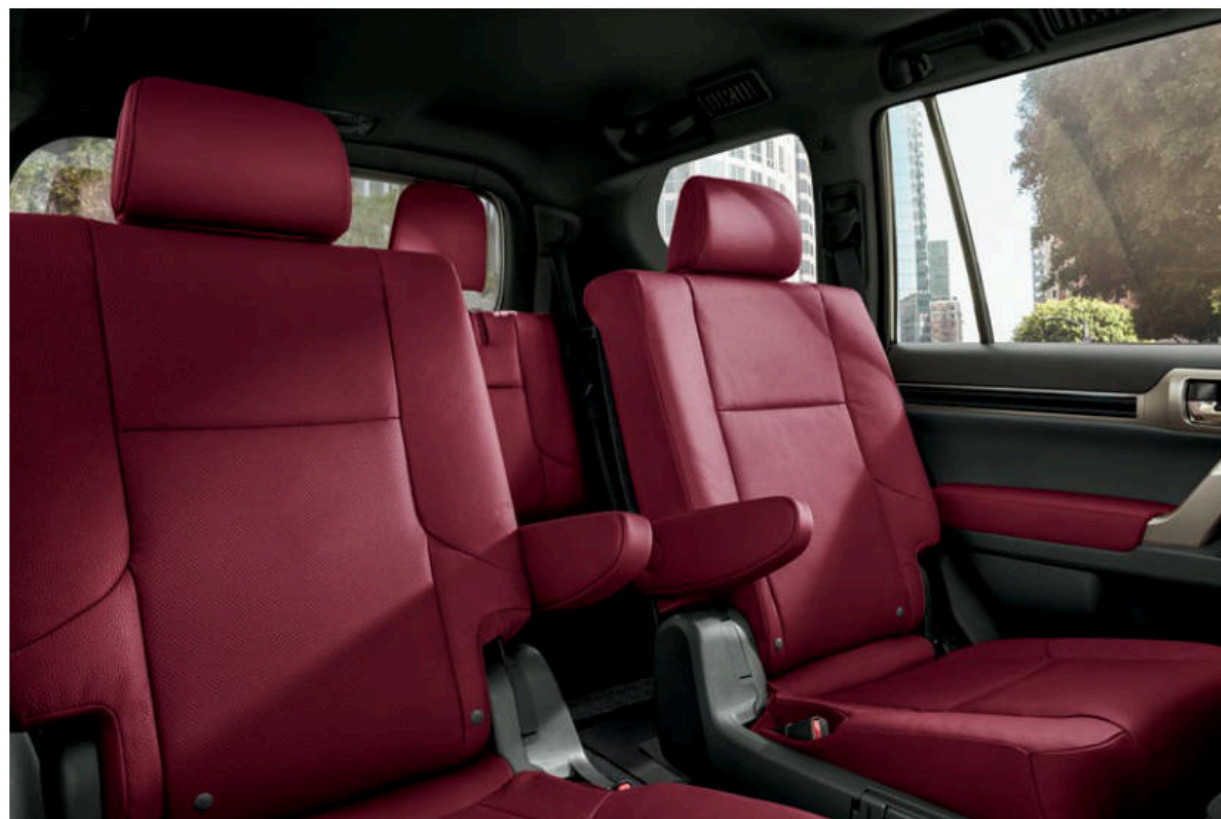

INTERIOR DESIGN

With a new, three-spoke steering-wheel design inherited from the flagship LX, distinctive interior trims and more, this is our most refined GX yet.

Every GX comes from the hands of masters. The leather for the interior is carefully selected from around the world, and only a fraction of that is considered worthy of the Lexus badge. The available semi-aniline leather trim, now offered in a striking Rioja Red, is dyed all the way through, unlike leathers with conventional surface dyes. A higher grade of leather must also be used, since imperfections cannot be hidden. The available Gray Sapele wood trim adds another level of refinement to the cabin. It marries the natural expression of fine wood with the clean sophistication of brushed aluminum by layering the juxtaposing materials—laser technology engraves the wood surface to reveal the delicate metallic lines underneath. The 2020 GX also features a more intuitive, three-spoke steering-wheel design with added controls for the ultimate in convenience.

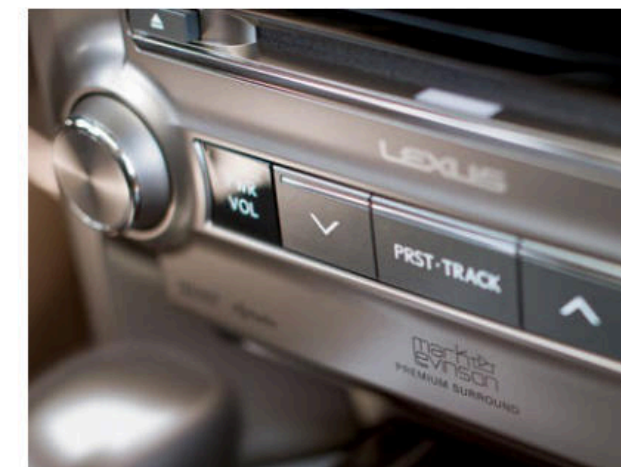

GX shown with Sepia NuLuxe^{®3} and Gray Sapele wood with Aluminum interior trim

SOUND THAT STIRS THE SENSES

MARK LEVINSON^{®6} AUDIO

While most audio systems are adapted to and installed in a vehicle after it's produced, Mark Levinson^{®6} technicians work alongside Lexus engineers from the outset of the development process. That's why the GX features a dynamic sound stage uniquely fitted to the cabin. Sound this rich even allows listeners to experience the arrangement of individual instruments and performers, to more accurately express the artist's original intent. The available Mark Levinson^{®6} Premium Surround Sound Audio System features 7.1-channel architecture, 17 speakers and 330 watts of maximum power. The resulting audio experience immerses the cabin in multidimensional sound that was once reserved for six-figure home audio systems.

ENGINEERED TO CONQUER

With enhanced capability and responsiveness, the 2020 GX is crafted to take on any terrain.

The luxury utility vehicle that combines rally-proven off-road¹ performance and responsive on-road handling boldly returns to do it once again. With an intelligent V8 engine, a robust towing capacity⁷ and full-time four-wheel drive, the 2020 GX offers high strength in high style.

GX shown in Starfire Pearl

POWER. POISE.

Experience peak performance on any road with a highly advanced suspension system unlike any in its class.⁸

Utilizing technology proven in FIA World Rally Championship competition, the Kinetic Dynamic Suspension System is designed to automatically act on the front and rear stabilizer bars to vary the degree of roll stiffness depending upon road conditions. This system not only improves on-road handling and ride comfort, it allows for greater suspension travel and articulation off-road¹ so that the vehicle remains remarkably level.

ON-ROAD

The system automatically optimizes the stabilizer bars to increase agility and reduce body lean, especially while cornering.

OFF-ROAD

The stabilizer bars automatically loosen in off-road¹ scenarios for greater wheel articulation while crawling over rocks and navigating uneven terrain.

6,500-LB TOWING CAPABILITY

Engineered to accommodate almost any excursion, the GX is capable of towing up to 6,500 pounds,⁷ thanks to a solid body-on-frame construction and a 4.6-liter V8 with 329 lb-ft of torque⁹ at low engine speeds. Taking a smart approach to strength, Trailer Sway Control¹⁰ helps detect and prevent excessive trailer movement. To help reduce sway, braking is applied independently to each wheel, and the throttle is moderated to help reduce vehicle speed. For added peace of mind, a flashing indicator alerts the driver when the system is taking corrective measures.

329
lb-ft of torque⁹

GX shown in Atomic Silver

COMMAND THE CITY

With a variety of on-road technologies, the 2020 GX conquers perhaps the most challenging terrain of all for utility vehicles: the city. The available Adaptive Variable Suspension system monitors and adjusts the electronically controlled shock absorber settings of each wheel according to driving conditions or preference. The Torsen^{®11} torque-sensing limited-slip center differential efficiently distributes engine power between the front and rear axles to optimize traction. And when navigating some of the most challenging city-driving scenarios, the GX also features Downhill Assist Control¹² to help keep the vehicle at a slow, constant descent speed and prevent the wheels from locking up, and Hill-start Assist Control¹² to provide you with extra confidence when ascending from a stop by applying the brakes to all four wheels until the vehicle begins moving forward.

GX shown in Nightfall Mica

OFF-ROAD. ON DEMAND.

Take your weekend adventures to the next level with advanced technology to take on any road.

In addition to full-time 4WD, commanding performance reaches a new peak with the available Off-Road Package. Multi-Terrain Select allows you to choose from multiple surfaces such as loose rocks, mud and sand, moguls and more to optimize drivability. And for greater visibility to match, the Multi-Terrain Monitor¹³ works with Multi-Terrain Select to display a variety of distinct camera views, including a convenient under-vehicle view. The 2020 GX also offers a Crawl Control² system that was enhanced from three to five speeds. Activated with the simple push of a button, it helps automatically maintain an optimal slow and steady pace over challenging terrain. And to give the most avid off-road¹ driver peace of mind, the package even features a transmission-oil cooler and a fuel-tank protector.

UNDER VIEW

Useful when traversing rocks or moguls, this view¹³ displays the terrain and tire location underneath your vehicle.

MULTI-TERRAIN MONITOR

SIDE VIEW

When your excursion leads you into tight spaces, this view¹³ allows you to clearly see the areas to the left and right of your vehicle.

FRONT VIEW

This view¹³ displays both the front panoramic and overhead views to give you a 360-degree perspective of your vehicle.

REAR VIEW

When you put the vehicle in reverse, the backup camera¹⁴ and overhead views¹³ are shown on the multimedia display in full color with dynamic gridlines to help you avoid obstacles.

GX shown in Nebula Gray Pearl

From new advanced camera technologies that help provide greater visibility to a larger digital multi-information display within the gauge cluster that delivers key data at a glance, the 2020 GX forges a deeper connection between driver and vehicle. Lexus Enform¹⁵ offers concierge-level convenience, allowing you to access your favorite apps, receive destination assistance¹⁶ and more. And with available entertainment features such as a dual-screen Rear-Seat Entertainment System,¹⁷ the GX offers control that caters to the entire family.

CRAFTED TO CONNECT

With added innovations inside and out, this is the most advanced GX ever.

GX shown with Black NuLuxe^{®3} and available Navigation Package

SEE MORE. DO MORE.

With new advanced camera technology and the flexibility to start your engine remotely from your smartphone, the 2020 GX offers a new perspective on exploration.

PANORAMIC VIEW MONITOR

Designed to help drivers avoid potential obstacles and make parking more convenient, the available Panoramic View Monitor,¹³ with wide front view and side view, uses four high-resolution cameras to create a composite image of the vehicle's near surroundings. It can be paired with backup view¹⁴ or wide back view¹⁴ to assist with parking and maneuvering in hard-to-see areas in real time.

LEXUS ENFORM

Lexus Enform¹⁵ elevates connected technology and provides concierge-level convenience. From emergency assistance and a live response center agent, to the ability to start your engine remotely¹⁶ using your smartphone, smartwatch, the Lexus skill for Amazon Alexa¹⁹ built-in devices, or the Lexus action on Google Assistant-enabled²⁰ devices, our premium suite of connected technology offers peace of mind with every drive.

REAR-SEAT ACCOMMODATIONS

Providing first-class entertainment and convenience to second- and third-row passengers, the GX offers a dual-screen Rear-Seat Entertainment System¹⁷ and a highly intelligent climate-control system. The available three-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode helps to provide peak comfort in any type of weather.

BLIND SPOT MONITOR WITH REAR CROSS-TRAFFIC ALERT

To help you change lanes with confidence, the Blind Spot Monitor²¹ is designed to help detect and warn you of vehicles approaching or positioned in the adjacent lanes. And for added confidence, Rear Cross-Traffic Alert²² is designed to help you when backing out of a parking space by notifying you of vehicles approaching from either side.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.²³ Learn more about these services at lexus.com/specialists.

PEACE OF MIND, STANDARD

Introducing Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the GX.²⁴

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²⁵ is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist²⁶ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT

This system²⁷ utilizes a high-resolution camera to monitor visible lane markings and determine the vehicle's position within a lane. If an inadvertent lane departure is detected at speeds above 32 mph, the system attempts to alert the driver with audible and visual warnings and steering-wheel vibrations.

HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL

This system²⁸ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams²⁹ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

GX shown in Claret Mica

GX STYLES

GX

Standard features on every GX:

- Body-on-frame construction
- Premium Triple-Beam LED headlamps
- Color multi-information display
- Lexus Multimedia System³⁰ with color display and nine speakers
- Voice Command
- Bluetooth^{®31} and USB³² smartphone connectivity
- Subscription-free Traffic and Weather updates via HD Radio³³
- Siri[®] Eyes Free³⁴
- Lexus Enform Safety Connect³⁵ and Service Connect³⁵ Included for the first 10 years of ownership.
- Lexus Enform Remote¹⁸ with the Lexus skill for Amazon Alexa¹⁹ and Google Assistant²⁰ compatibility. Included for the first year of ownership.
- Lexus mobile app services (Lexus Enform Remote,¹⁸ Lexus Drivers and more)
- Four USB³² ports (two front/two rear)
- NuLuxe^{®3} interior trim
- SmartAccess^{36,37} with push-button Start/Stop
- 10-way power-adjustable front seats
- Reclining, sliding middle-row seats with 40/20/40 split seatback
- Fold-flat third-row seats
- Dual-zone climate control with interior air filter
- Lexus Memory System
- Power moonroof
- Privacy glass
- Illuminated running boards
- Lexus Safety System+²⁴ (Pre-Collision System with Pedestrian Detection,²⁵ Lane Departure Alert,²⁷ High-Speed Dynamic Radar Cruise Control²⁸ and Intelligent High Beams²⁹)
- Blind Spot Monitor²¹ with Rear Cross-Traffic Alert²²
- 10 standard airbags³⁸
- Trailer Sway Control¹⁰
- Backup camera¹⁴

GX PREMIUM

Includes GX features and Navigation Package, plus:

- Wood trim
- Intuitive Parking Assist³⁹
- LED foglamps
- Rain-sensing windshield wipers
- Windshield wiper de-icer
- Heated and ventilated front seats
- Heated second-row outboard seats
- Three-zone automatic climate control with interior air filter
- 18-in split-six-spoke alloy wheels⁵ with Dark Gray metallic finish

GX LUXURY

Includes GX Premium features, and adds or replaces:

- Headlamp washers
- Adaptive Variable Suspension
- Auto-leveling rear air suspension
- Semi-aniline leather interior trim
- Wood- and leather-trimmed heated steering wheel
- Power-reclining and -folding third-row seats
- Auto-dimming heated power-folding outside mirrors
- Cargo-area tonneau cover
- Illuminated door scuff plates
- 19-in split-six-spoke alloy wheels⁵ with Gray and machined finish

PACKAGES

NAVIGATION PACKAGE

- Navigation System⁴⁰
- Lexus Enform App Suite¹⁵
- High-resolution color LCD display
- Lexus Enform Destination Assist!¹⁶ Included for the first year of ownership.

MARK LEVINSON^{®6} PREMIUM SURROUND SOUND AUDIO PACKAGE (GX LUXURY)

Includes Navigation Package, plus:

- A Mark Levinson^{®6} 17-speaker, 330-watt Premium Surround Sound Audio System
- 7.1-channel architecture

SPORT DESIGN PACKAGE (GX PREMIUM, GX LUXURY)

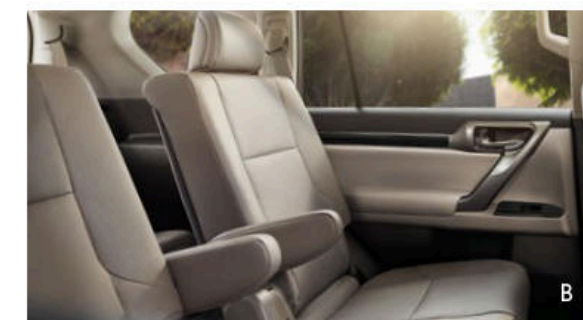

- 19-in split-six-spoke alloy wheels⁵ with Dark Gray and machined finish
- Sport Design front fascia with Dark Gray finish
- Lower grille surround with Satin Chrome finish
- Sport Design mirrors
- Exhaust tip with Gunmetal Metallic finish
- Sport Design rear valance with Dark Gray finish
- Scarlet taillamps
- B Second-row captain's chairs⁴

OFF-ROAD PACKAGE (GX LUXURY)

- C Panoramic View Monitor¹³ with Multi-Terrain Monitor¹³
- Transmission-oil cooler
- Fuel-tank protector
- Crawl Control²
- Multi-Terrain Select

OPTIONS

- Panoramic View Monitor¹³ with Multi-Terrain Monitor¹³ (GX Luxury)
- Heated and ventilated front seats (GX)
- Blind Spot Monitor²¹ with Rear Cross-Traffic Alert²² (GX)
- Intuitive Parking Assist³⁹ (GX)
- Headlamp washers (GX, GX Premium)
- Wood- and leather-trimmed steering wheel (GX Premium)
- Dual-screen DVD Rear-Seat Entertainment System¹⁷ (GX Luxury)
- Second-row captain's chairs⁴ (GX Premium)

DISCLOSURES

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the GX Warranty and Services Guide at your Lexus dealer for details.

1. The GX 460 is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Lexus encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. **2.** Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. The GX 460 is designed to meet off-road driving requirements, but off-roading is inherently dangerous. Always wear seatbelts. See Owner's Manual for additional limitations and details. **3.** NuLuxe is a registered trademark of Toyota Motor Sales, U.S.A., Inc. **4.** Up to six passengers can be accommodated with the captain's chairs available on the GX 460 Premium and the GX 460 Luxury. **5.** 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy or 15,000 miles, depending upon driving conditions. **6.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **7.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle Owner's Manual. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **8.** 2020 GX vs. 2019/2020 competitors. Information from manufacturers' websites as of 5/23/2019. **9.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **10.** Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. **11.** "tor sen" is a registered trademark of TTEK Corporation. **12.** Downhill Assist Control is designed to help the driver maintain vehicle control and speed on steep downhill descents, and Hill-start Assist Control is designed to help minimize backward rolling on steep ascents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect the ability of DAC and HAC to prevent a loss of control. See Owner's Manual for additional limitations and details. **13.** The Panoramic View Monitor and Multi-Terrain Monitor do not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. **14.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. **15.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See lexus.com/enform for details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. **16.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms and conditions of subscription services agreement apply. See Owner's Manual and lexus.com/enform for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. **17.** A single-disc DVD player is included. A separate DVD player or game system utilizing the center console's video/audio inputs is required in order to use the split-screen function of the dual-screen system. **18.** Use only if aware of surrounding vehicle and its legal and safe to do (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Start is a service that is available on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and app download required. Terms and conditions of subscription service agreement apply. Data charges may apply. Services subject to change at any time without notice. See usage precautions and service limitations in Owner's Manual and lexus.com/enform for additional details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **19.** Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain functions require adequate signal strength and/or smartphone technology/connectivity. Data charges may apply for certain functions. Apps and services subject to change at any time without notice. To learn more, go to <https://www.lexus.com/enform>. To learn more about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. **20.** Google is a trademark of Google LLC. Always drive safely and obey traffic laws. Functionality depends on many factors outside of Lexus' control. Actions and services subject to change at any time without notice. To learn more, go to lexus.com/enform. To learn more about Lexus' data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. **21.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details. **22.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. **23.** FaceTime is a registered trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. **24.** Lexus Safety System+ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details. **25.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See Owner's Manual for additional limitations and details. **26.** Brake Assist is designed to help the driver take advantage of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See Owner's Manual for additional limitations and details. **27.** Lane Departure Alert is designed to read visible lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. **28.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. **29.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. **30.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **31.** The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **32.** May not be compatible with all mobile phones, MP3/WMA players and like models. **33.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **34.** Always look on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. See Apple.com and phone carrier for details. Data charges may apply. Siri is a registered trademark of Apple Inc. **35.** The Safety and Service Connect trial periods are at no extra cost and both begin on the original date of purchase or lease of a new vehicle. After the trial periods expire, enrollment in paid subscription is required to access the services. Safety and Service Connect services depend on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center or emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Services subject to change at any time without notice. Terms and conditions of subscription service agreement apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual. See lexus.com/enform for details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. **36.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **37.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.alo.org to find a qualified locksmith in your area who can perform high-security key service. **38.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. **39.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. **40.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depends on many factors and services may not be available in every location. Use common sense when relying on information provided. Apps and services vary by phone/carrier. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See lexus.com for details. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See Owner's Manual for additional limitations and details. **41.** 2020 EPA estimates. Actual mileage will vary. **42.** All Accessories (Genuine Lexus and F SPORT) installed at the time of retail vehicle delivery are warranted for the same time as the new-vehicle warranty (48 months/50,000 miles). Accessories purchased after retail vehicle delivery and installed by an authorized Lexus dealer are warranted for 12 months from date of purchase or installation, regardless of mileage, or the remainder of any applicable new-vehicle limited warranty, whichever is greater. Accessories purchased over the counter are covered for 12 months from the date of purchase. For all Accessories, refer to your accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. **43.** For accessories purchased at the time of the new-vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles, from the vehicle's in-service date, which is the same coverage as the new-vehicle Basic Warranty. For accessories purchased after the new-vehicle purchase and installed by a Lexus dealer, the coverage is 12 months for the parts and labor, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new-vehicle warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Refer to your Lexus Accessory Limited Warranty or documentation that accompanies accessory purchase for coverage and conditions. **44.** Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **45.** This floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner must be secured with its fasteners. Do not install a floor liner on top of an existing floor liner. **46.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **47.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **48.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **49.** Lexus Universal Tablet Holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the vehicle in the event of an accident. Tablet, phone, music and video player sold separately. **50.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the hood and front fenders. Depending on the model, it may also be applied to select portions of the front bumper for an additional charge. Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **51.** Do not overload your vehicle. See Owner's Manual for weight limits and restrictions. **52.** Ball mount, trailer ball and tow hitch sold separately. Please consult your Lexus dealer or Owner's Manual for towing and load specifications. Some models require factory tow package option. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **53.** Headphones are for passenger use only. Do not use while operating vehicle. Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Vehicles shown may be prototypes and/or shown with options. Actual models may vary. Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-Lexus (877-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
