

NX

LEXUS 2019

Dynamic style.

Precision-engineered performance.

Driver-inspired technology.

Because going far beyond utility
means nothing if it doesn't lead
to the experience of something greater.

Introducing the 2019 Lexus NX.

Experience Amazing

NX 300

Razor-sharp styling conceals a 2.0-liter turbocharged in-line four-cylinder engine delivering 235 horsepower.¹ Available 10.3-inch multimedia display and onboard Wi-Fi.^{TM2} Available AWD.

NX 300 F SPORT

The NX 300 can be further enhanced with more aggressive styling and performance upgrades, including a more dynamic F SPORT-tuned suspension.

NX 300h AWD

Behind its cutting-edge style, the NX 300h pairs a potent 2.5-liter engine with powerful electric motors for instantaneous torque and a 31-MPG combined estimate.³ Standard AWD.

NX F SPORT shown with Black NuLuxe and Metallic Sport interior trim // Options shown

NX shown in Atomic Silver // Options shown.

Inspired by the facets of a cut gemstone, LED taillamps are just one of many eye-opening details that set the NX apart. Available triple-projector-beam headlamps and dramatically styled front and rear fascias further punctuate its low, wide stance. From the sharp contours of its exterior styling to the available expansive moonroof, every aspect pushes the conventional to the leading edge.

CUTTING-EDGE DESIGN

— Multifaceted LED illumination puts scintillating design in razor-sharp focus.

NX F SPORT shown in Ultra White // Options shown

STRETCHING THE LIMITS OF VERSATILITY

Lexus-first innovations and class-leading features push comfort and convenience even further.

Versatility goes beyond boundaries with a Lexus-first kick-sensor-activated power rear door.⁴ Just wave your foot beneath the concealed sensor, and the available Touch-Free Power Rear Door⁴ raises or lowers. Inside, available heated and ventilated front seats provide customized comfort, while available first-in-class power-folding and -reclining rear seats^{5,6} take amenities to another level.

60/40

split power fold-flat rear seats

UNCOMPROMISING PERFORMANCE

NX F SPORT shown in Ultra White // Options shown

From the high performance and fuel efficiency of its hybrid to the available adaptive suspension on its F SPORT, the NX is exhilaration, evolved.

Offering the instant acceleration of the NX Hybrid to the instant gratification of the NX 300 and higher-performance F SPORT models, this is a visceral driving experience, delivered. With a dynamic suspension, specially tuned components, and an available adaptive F SPORT suspension inspired by the LC, this is the most responsive NX yet.

NXh shown in Caviar // Options shown

**MORE EFFICIENCY.
MORE RESPONSE.
MORE NX, PERIOD.**

With two sources of power and intelligent all-wheel drive, the NXh gives even more to the driver while taking less from the world.

NX 300h

Welcome to the next level of NX. Pairing a potent 2.5-liter engine with powerful electric motors, the NX Hybrid delivers immediate torque and smooth, seamless acceleration off the line. And, with its 31-MPG combined estimate,³ you won't just enjoy a smoother and quieter ride, you'll enjoy it over many more miles on a single tank of gas. All without requiring a charge. Featuring an all-wheel drive system so innovative that it's designed to adapt to the angle or condition of the road, as well as an exclusive damping control system, it offers performance as captivating as its style.

TURBOCHARGED *POWER*

NX 300 / NX 300 F SPORT

The surge of the 235-horsepower¹ engine in the NX 300 and NX 300 F SPORT doesn't let up—thanks to the Lexus engineers who spent years researching, developing and refining a turbocharger with advanced twin-scroll technology. The powerplant itself seamlessly moves between conventional and Atkinson cycles, for quick acceleration with greater efficiency.

ALL-WHEEL *DRIVE*

Go beyond limitations with available all-wheel drive. AWD predicts your path, monitoring the vehicle and your input. On the NX 300 and NX 300 F SPORT, if wheelspin is detected, it can deliver up to 50% of available torque to the rear wheels. On the NX 300h, the electronic AWD system is so innovative, it can even adapt to the angle or condition of the road.

AWD available on NX 300

Full-time all-wheel drive (AWD) with rear electric-drive motor standard on NX 300h

NX F SPORT shown in Atomic Silver // Options shown

F SPORT PERFORMANCE

For those with an even greater passion for performance, the NX F SPORT offers head-turning styling and technology that puts the F SPORT stamp on its thrilling driving experience.

A bold front fascia sets the distinctive NX F SPORT even further apart. The 18-inch, split-five-spoke alloy wheels⁷ and black exterior mirrors visually ground its sleek stance, while a suspension tuned by the same team that created the LFA supercar was specially engineered to make this the most responsive NX yet.

ADAPTIVE VARIABLE SUSPENSION

Available AVS allows the driver to harness the engine's power and communicate with the pavement like never before. Based on the state-of-the-art technology in the Lexus LC, this system features 650 levels of damping that can automatically adapt to changing conditions, for enhanced response based on the selected drive mode.

NX F SPORT shown in Ultra White // Options shown

F SPORT STYLING

The NX 300 F SPORT doesn't just look the part—it feels it. Deeply bolstered front sport seats hug you through the turns. Circuit Red NuLuxe interior trim boldly reflects its performance roots. And impeccable contrast stitching completes the experience of pure invigoration for all the senses.

NX F SPORT shown in Atomic Silver // Options shown

BOLSTERED SPORT SEATS

Feel confidence through every curve with the F SPORT front sport seats. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these enhanced bolstered sport seats cradle you from hip to shoulder for a more dynamic driving experience.

DRIVER'S COCKPIT

F SPORT performance is deeply ingrained in the driver's experience, with quick-shifting paddle shifters, exclusive G-force and turbo-boost gauges, and an exclusive perforated leather-trimmed steering wheel and shift knob. Additional signature touches in the F SPORT include rubber-studded aluminum pedals and Metallic Sport interior trim.

From fast-charging USB ports⁸ to onboard Wi-Fi,² the NX offers innovation at every turn. There's a large, intuitively designed Remote Touchpad.⁹ And an expansive available 10.3-inch split-screen multimedia display provides simultaneous access to audio and climate controls and various systems, including the available voice-activated Navigation System.¹⁰ On the NX F SPORT, G-force and turbo-boost displays ensure performance information is front and center.

INTUITIVE TECHNOLOGY

Experience an array of innovations—from class-leading standard active safety equipment⁵ to onboard Wi-Fi.

Options shown

PEACE OF MIND, STANDARD

Introducing Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{5,11}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system¹² is engineered to detect a vehicle or a pedestrian¹³ in the path of your Lexus under certain conditions. Should it determine a frontal collision is imminent, it's designed to automatically prepare Brake Assist¹⁴ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system¹⁵ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take corrective measures to help keep you within your visibly marked lane.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system¹⁶ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system can detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams¹⁷ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it senses the headlamps or taillamps of vehicles ahead.

NX shown in Silver Lining Metallic // Options shown

LEXUS SAFETY SYSTEM +

TECHNOLOGY AT THE LEADING EDGE

Driver-centric innovation takes another leap forward.

LEXUS ENFORM

Lexus Enform¹⁸ elevates connected technology and provides concierge-level convenience. From emergency assistance and a live response center agent, to the ability to start your engine remotely through your smartphone, and now via your smartwatch or Amazon Alexa™-enabled¹⁹ devices at home, our premium suite of connected technology offers peace of mind with every drive.

BLIND SPOT MONITOR WITH REAR CROSS-TRAFFIC ALERT

The available Blind Spot Monitor²⁰ is designed to detect and warn you of vehicles approaching or positioned in the adjacent lanes. For added peace of mind, its Rear Cross-Traffic Alert²¹ system can help when backing out of a parking space, notifying you of vehicles approaching from either side.

NAVIGATION SYSTEMS

The available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including Lexus Enform Dynamic Navigation.^{18,22} On vehicles with the standard multimedia display, Scout® GPS Link^{18,23} includes interactive moving maps with subscription-free traffic and weather updates,²⁴ getting to your destination is easier than ever.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.²⁷ Learn more about these complimentary services at lexus.com/specialists.

REMOTE TOUCHPAD

More than a convenient way to access multimedia, climate controls and Navigation,¹⁰ the Remote Touchpad⁹ mimics smartphone operations with ample touch surface area, pulsation feedback, intuitive pinch, swipe and flick gestures⁹—even integrating handwritten input. Additional functionality also allows drivers to quickly access submenus when on screens with multiple options.

PANORAMIC VIEW MONITOR

Offering a new level of clarity, this available advanced system²⁵ uses four high-resolution cameras mounted on the front, sides and rear of the vehicle to give you a bird's-eye view of the nearby environment. Moving View and See-Through View options create a composite image of your surroundings as on-screen guides assist with parking and tight maneuvering.

INTUITIVE PARKING ASSIST

Using sensors in the front and rear bumpers, available Intuitive Parking Assist²⁶ cues the driver with audible tones and an indicator on the multimedia display. Notifications indicate a detected object's location and proximity, which is especially helpful for routine tasks like parallel parking. If contact with an obstacle is imminent, the system can also bring the vehicle to a complete stop, under certain circumstances.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. All warranties with zero deductible. See the *NX Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES 1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. Lexus Enform Wi-Fi is available on select 2019 Lexus vehicles. Visit lexus.com for vehicle availability. Verizon Wireless is the network provider for Lexus Enform Wi-Fi, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to five devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 12-month trial period or use of 4 GB data (whichever comes first). Use of Lexus Enform Wi-Fi is subject to Verizon Wireless' Customer Agreement (verizonwireless.com/legal/notices/customer-agreement/), Privacy Policy (verizonwireless.com/about/privacy/privacy-policy-summary/), and data use policies (verizonwireless.com/support/vz-email-legal/). 3. Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 4. The touchless sensor can be affected by water, weather, dirt and other conditions. It may not operate properly, or may operate unintentionally, under certain conditions. See *Owner's Manual* for details. 5. 2018 NX vs. 2018/2019 competitors. Information from manufacturers' websites as of 3/28/2018. 6. Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See *Owner's Manual* for details. 7, 17, 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions. 8. May not be compatible with all mobile phones, MP3/WMA players and like models. 9. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. 10. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 11. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 12. The Lexus Safety System+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 13. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. 14. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. 15. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 16. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. 17. Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. 18. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. 19. Amazon Alexa™ is a trademark of Amazon Technologies, Inc. 20. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. 21. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. 22. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Dynamic Navigation system and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See *Owner's Manual* for details. 23. Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See lexus.com/enform for details. Scout® is a registered trademark of Telenav, Inc. 24. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 25. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 26. Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. 27. FaceTime® is a registered trademark of Apple Inc. All rights reserved. 28. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 29. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 30. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 31. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 32. Roof rack with rails not recommended for luggage. 33. Roof rack capacity is 176 lb. See *Owner's Manual* for details. 34. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. 35. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc. 36. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space). Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in *Owner's Manual*. 37. Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. 38. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. Calculated with the new SAE J2807 method. 39. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com/enform for details. 40. Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. 41. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. 42. Automatic Braking is intended to assist a driver, but it is the driver's responsibility to be aware of the vehicle's surroundings. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 43. 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 44. All-weather floor liners are model-specific with model names. Floor liners are designed for use in a specific model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner must be secured with its fasteners. Do not install a floor liner on top of an existing floor liner. 45. F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car/CPO warranty in force at the date of installation by a Lexus dealer, whichever is greater. These warranties do not cover maintenance services such as replacement of brake pads/linings, clutch linings, noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. See dealer for details.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
