

RC

—
LEXUS 2019

Enhanced styling.

Greater response.

More advanced throughout.

Because performance this stunningly crafted
means nothing if it doesn't lead
to the experience of something greater.

The 2019 Lexus RC.

—
Experience Amazing

Options shown

RC 300

An aggressive body style, a more responsive 2.0-liter turbocharged engine delivering 241 horsepower¹, a 7.3-second 0-60 time^{1,2} and eight-speed Sport Direct-Shift transmission. Rear-wheel drive.

RC 300 AWD

Assertive styling with full-time all-wheel drive (AWD), a powerful 260-horsepower¹ 3.5-liter V6 engine, a 6.3-second 0-60 time^{1,2} and six-speed transmission with paddle shifters.

RC 350

Athletic performance with a highly rigid body and lateral performance damper (RWD), a powerful 311-horsepower¹ 3.5-liter V6, a 5.8-second 0-60 time (RWD)^{1,2} and eight-speed Sport Direct-Shift (RWD) or six-speed (AWD) transmission with paddle shifters. Available rear-wheel drive or all-wheel drive.

RC F SPORT MODELS

Each model can be taken to the next level with more aggressive styling, plus a more dynamic F SPORT-tuned Adaptive Variable Suspension and an exclusively available TORSEN[®] limited-slip rear differential³ (RWD). Additional upgrades include front sport seats with enhanced bolsters, digital instrumentation and 19-inch alloy wheels.⁴

RC F SPORT shown in Ultra White // Options shown

RC shown in Nebula Gray Pearl // Options shown

RC shown in Infrared⁵ // Options shown

With its muscular form and aggressive stance, the RC seamlessly balances eye-catching style with breathtaking performance. In front, a redesigned fascia and available Premium Triple-Beam LED headlamps announce its arrival. While strong character lines sweep toward its more dramatic rear valance and new LED taillamps, creating a bold appearance from every angle.

STYLE SHARPENED

—
Newly redesigned, its sleek, sculpted lines command even more attention.

PRECISE IN EVERY DETAIL

From meticulous stitching to exclusive wood trim, the RC delivers an ideal combination of performance and luxury.

While every bit a performance cockpit, the interior of the RC envelops the driver and passengers with stunning craftsmanship. Available perforated trim epitomizes distinctive style and sophistication, while Linear Espresso and Linear Dark Mocha wood accents offer unparalleled artistry. A new analog clock and redesigned F SPORT gauges give the elegant cabin an extra level of refinement. Individual settings for climate control allow the driver and front passenger to adjust their preferred temperatures. And, to ensure the cabin stays as fresh as it is beautiful, a smog-sensing system automatically switches into recirculation mode if it senses high levels of pollutants outside.

RC shown with Glazed Caramel NuLuxe^{®6} and Linear Dark Mocha wood interior trim // Options shown

RC F SPORT shown in Ultra White // Options shown

From the turbocharged RC 300 to high-performance F SPORT models, the RC now puts even more responsiveness at your fingertips. In the V6-powered RC 300 AWD and RC 350, peak output is rated at 260 and 311 horsepower,¹ respectively. A highly rigid platform, double-wishbone-type front suspension and multilink rear suspension provide crisp turn-in and poise through curves. An Adaptive Variable Suspension further sharpens the F SPORT's agility, to deliver handling that's as dynamic as its styling.

EXHILARATION INTENSIFIED

—
With increased throttle response and impressive acceleration, the RC turns every drive into a thrill ride.

RC AWD shown in Atomic Silver // Options shown

THREE FORMS OF POWER

RC 300

The RC 300 is powered by a more responsive 2.0-liter, twin-scroll-turbocharged and intercooled in-line four-cylinder engine with direct injection. The surge of power in the 241-horsepower¹ RC 300 doesn't let up—thanks to the Lexus engineers who spent years researching, developing and refining its turbocharger. Generating 258 lb-ft of torque¹ from 1,650-4,400 rpm, the engine is paired to a rear-wheel drive system and an eight-speed Sport Direct-Shift automatic transmission, and is easy on fuel consumption with a 30-MPG highway fuel economy estimate.⁷

RC 300 AWD

The RC 300 AWD pairs a six-speed automatic transmission with a 260-horsepower¹ 3.5-liter V6. Featuring Variable Valve Timing with intelligence, the engine is designed to provide added torque at lower speeds and greater horsepower at higher speeds. These refinements combine to generate 236 lb-ft of torque¹ from 2,000-4,800 rpm.

RC 350 / RC 350 AWD

Boasting direct and port fuel injection and an awe-inspiring exhaust note reminiscent of the LFA supercar, the 311-horsepower¹ 3.5-liter V6 generates 280 lb-ft of torque¹ at 4,800 rpm and propels the RC 350 from 0 to 60 in 5.8 seconds (RWD)^{1,2} and 6.0 seconds (AWD)^{1,2}. The all-wheel drive RC 350 features a six-speed automatic, while the rear-wheel drive model is equipped with an eight-speed Sport Direct-Shift transmission. And in the rear-wheel drive F SPORT, an available TORSEN[®] limited-slip rear differential³ helps maximize your ability to power out of corners.

ALL-WHEEL DRIVE

Make the most of every commute with the enhanced control delivered by the all-wheel drive system on the RC 300 AWD and RC 350 AWD. By monitoring current conditions, the rear-biased system automatically distributes engine power from 30/70 to up to 50/50 between the front and rear axles to help provide optimum traction—even in inclement weather or on less-than-ideal road surfaces.

Torque split up to

50/50

F SPORT PERFORMANCE

With upgraded components, 19-inch wheels⁴ and a thrilling Custom drive mode, F SPORT models take performance to the next level.

The RC F SPORT is an unflinching take on performance. It features race-inspired upgrades like a G-force monitor as well as Sport S+ and Custom drive modes. And the rear-wheel drive RC's available TORSEN[®] limited-slip rear differential³ distributes engine power to the rear wheel with the most grip to help optimize traction, handling and control in a variety of conditions.

DYNAMIC REAR STEERING

Available Lexus Dynamic Handling coordinates steering at the front and rear of the vehicle and elevates the RC 350 F SPORT (RWD) to another level. Variable Gear-Ratio Steering optimizes the front steering ratio to sharpen vehicle handling and control. And class-exclusive Dynamic Rear Steering⁸ adjusts the angle of the rear wheels by up to two degrees to help provide optimal agility and stability. The system makes calculations based on vehicle speed and driver input, and is designed to deliver what you desire: performance on demand.

RC F SPORT shown in Ultrasonic Blue Mica 2.0⁵ // Options shown

F SPORT STYLING

Beyond the striking lines of the coupe body, the interior of the RC F SPORT is a sleek, inspiring command center. Feel confidence through every curve with exclusive front sport seats, designed to hold you through even the most aggressive of turns. Featuring a unique foam-injected construction and designed to contour to the needs of the driver, these sport seats will have you wrapped from hip to shoulder—especially in high-G situations. Their low position helps place the driver's hip point as close as possible to the vehicle's center of gravity for a more dynamic driving experience.

LFA-INSPIRED GAUGES

Nearly identical to the gauges in the world-renowned LFA supercar, the redesigned instrument cluster in the RC F SPORT features numerous upgrades like a G-force monitor and a digital display that moves in concert with a sliding metallic-trimmed bezel, expanding and retracting screens when information is accessed.

EXCLUSIVE DETAILS

Other race-inspired features include an F SPORT-badged steering wheel, a perforated leather-trimmed shift knob, aluminum sport pedals, Dark Gray Streamline accents and three exclusive interior trim options, including two-tone Black and Yellow NuLuxe^{®6} with unique stitching.

CONTROL REMASTERED

Newly integrated technology, like Apple CarPlay, won't just keep you connected to what's ahead, it will keep you ahead of the curve.

Lexus connected technologies offer a whole new realm of possibilities, starting with onboard Wi-Fi[™] and the introduction of Apple CarPlay^{®9} integration. The RC is now also the first vehicle in its class with Amazon Alexa^{™10} compatibility.⁸ And even includes features like a Remote Touchpad¹¹ and an available large 10.3-inch multimedia display that provide access to audio and climate controls, as well as the Navigation System.¹² And with Lexus Enform Remote,¹³ you can conveniently start your vehicle to heat or cool the cabin to its last settings, and much more.

INNOVATION AT THE LEADING EDGE

With Amazon Alexa and more at your fingertips, technology has never moved so fast.

AMAZON ALEXA

Bring all the convenience of Amazon Alexa¹⁰ on the road with this class-exclusive standard technology.⁸ Using only your voice, you can easily access thousands of the same skills you get with Alexa at home. Listen to audiobooks, stream Amazon Music,¹⁰ make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa even syncs to your Navigation System¹² to provide on-the-go recommendations.

APPLE CARPLAY

With Apple CarPlay⁹ compatibility, you can access the same familiar interface from your iPhone¹⁴ through the vehicle's multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,¹⁵ and get access to your favorite apps like Spotify,⁶ Audible⁶ and Apple Podcasts.¹⁶

MARK LEVINSON[®] AUDIO

The available 17-speaker, 835-watt Mark Levinson[®] Premium Surround Sound Audio System¹⁷ features patented, proprietary Clari-Fi^{®17} technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from almost any source. This, combined with technology designed to create an expansive "sweet spot" of audio, envelops every passenger in three-dimensional sound that rivals the finest home audio systems.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.²² Learn more about these complimentary services at lexus.com/specialists.

DRIVE MODE SELECT WITH CUSTOM MODE

Make your vehicle more responsive or efficient with the turn of a dial. Sport mode alters the powertrain for faster and more dynamic throttle response. Normal mode provides an optimal balance of fuel efficiency and engine performance. ECO mode moderates the throttle response, engine power and climate settings for increased fuel efficiency. On F SPORT models, Sport S+ mode provides the most performance-oriented setting, and the addition of a Custom mode lets you combine driving profiles for personalized response.

NAVIGATION SYSTEMS

The available 10.3-inch high-resolution split-screen multimedia display provides immediate, simultaneous access to audio and climate controls and various systems, including Lexus Enform Dynamic Navigation.^{18,19} On vehicles with the standard multimedia display, Scout[®] GPS Link^{18,20} includes 3D functionality and interactive moving maps. With subscription-free Traffic and Weather updates,²¹ getting to your destination is easier than ever.

LEXUS ENFORM

From onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

WI-FI

Take entertainment to go with onboard Wi-Fi. Up to five devices can connect—tablets, laptops, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform Wi-Fi includes a class-leading standard 4GB/one-year complimentary trial.^{8,23}

APP SUITE 2.0

Lexus Enform App Suite 2.0¹⁸ offers access to your favorite mobile applications through your vehicle's multimedia display. After downloading the app on your compatible smartphone, you can stream music, listen to live radio nationwide, check fuel prices, and keep tabs on your stocks and sports scores—all from the center-console display. And, with voice recognition, accessing and controlling App Suite 2.0 features is easier than ever.

SERVICE CONNECT

Lexus Enform Service Connect²⁴ offers remote access to information about your vehicle's status and maintenance needs. Easily accessed through LexusDrivers.com or the Lexus Drivers mobile app, you can get information on everything from your vehicle's fuel level and mileage, to maintenance alerts and Vehicle Health Reports. Service Connect is complimentary for the first 10 years of ownership.

RC F SPORT shown with Circuit Red NuLuxe^{®6} and Dark Gray Streamline interior trim // Options shown

DYNAMIC NAVIGATION

To help you get even more out of the available Navigation System,¹² available Lexus Enform Dynamic Navigation^{18,19} offers greater accuracy through cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on relevance. Lexus Enform Dynamic Navigation is complimentary for up to the first three years of ownership.

DESTINATION ASSIST

The available Lexus Enform Destination Assist²⁵ offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you're searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and can remotely send the destination to your vehicle's Navigation System.¹² Destination Assist is complimentary for the first year of ownership.

SAFETY CONNECT

Lexus Enform Safety Connect²⁶ offers you the peace of mind of knowing that Roadside Assistance²⁷ can be there when you want it most. Whether you're involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle's GPS location. Safety Connect is complimentary for the first 10 years of ownership.

REMOTE

Using your smartphone, smartwatch or the Lexus skill on Amazon Alexa¹⁰-enabled devices, Lexus Enform Remote¹³ can let you start the engine and climate control, lock and unlock doors, and check the fuel level, the status of windows and more. You can also use the mobile app to help find your vehicle's location. And, should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership.

PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{8,28}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system²⁹ is engineered to help detect a vehicle or a pedestrian³⁰ in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it's designed to automatically prepare Brake Assist³¹ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system³² utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL

This system³³ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³⁴ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the RC Warranty and Services Guide at your Lexus dealer for details.

DISCLOSURES 1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 3. TORSEN[®] is a registered trademark of Zexel Torsen, Inc. 4. 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy or 15,000 miles, depending upon driving conditions. 5. Ultrasonic Blue Mica 2.0, Infrared and Flare Yellow available for an additional charge. 6. NuLuxe is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 7. Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 8. 2019 RC vs. 2018/2019 competitors. Information from manufacturers' websites as of 4/30/2018. 9. Apple CarPlay is a trademark of Apple Inc. All rights reserved. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 10. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain Alexa functionality is dependent on smart home technology. Not all Amazon Alexa functionality is available for in-vehicle use. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 11. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. 12. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner's Manual for details. 13. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect is dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit the ability or functionality of the system. Registration and app download are required. See usage precautions and service limitations in Owner's Manual. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. 14. iPhone is a registered trademark of Apple Inc. All rights reserved. 15. Always drive safely, obey traffic laws and focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. Data charges may apply. See Apple.com and phone carrier for details. Siri is a registered trademark of Apple Inc. 16. Apple Podcasts is a trademark of Apple Inc. All rights reserved. Spotify is a registered trademark of Spotify Technology Holding. Audible is a registered service mark of Audible, Inc. Always drive safely and obey traffic laws. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 17. Use common sense when relying on this information. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. See Owner's Manual for additional details. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions of subscription service agreement apply. 26. Lexus Safety Connect is dependent upon an operative telematics device, a cellular connection and other factors outside of Lexus' control, which can limit the ability to reach the response center or receive emergency support or otherwise limit the functionality or availability of the system. Terms and conditions of subscription service agreement apply. To learn about Lexus' data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. The Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. Terms and conditions apply. 27. Roadside Assistance coverage is for 48 months from your vehicle's in-service date, regardless of mileage. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. With an active Safety Connect subscription, all 2019 models include an additional 72 months of Enhanced Roadside Assistance coverage. See Lexus dealer for details. 28. LSS+ drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 29. The LSS+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 30. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See Owner's Manual for additional limitations and details. 31. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 32. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 33. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. 34. Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 35. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 36. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 37. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 38. May not be compatible with all mobile phones, MP3/WMA players and like models. 39. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 40. Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 41. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 42. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details. 43. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. 44. Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 45. HomeLink and the HomeLink house icon are registered trademarks of Genetec Corporation. 46. High-traction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. It is an inherent characteristic of materials and design of brake pads used in this high-performance brake system that brake noise/ squeal may result. 47. F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car/CPO warranty in force at the date of installation by a Lexus dealer, whichever is greater. These warranties do not cover maintenance services such as replacement of brake pads/linings, clutch linings, noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. See dealer for details. 48. Carpet and all-weather floor liners/mats are model-specific with model names. Floor liners/mats are designed for use in a specific model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner/mat must be secured with its fasteners. Do not install a floor liner/mat on top of an existing floor liner/mat. 49. 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch[™] study from Kelley Blue Book Strategic Insights. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any and with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
