THREE ROWS. ZERO COMPROMISE.

When you craft the third row with the same consideration as you do the first, everyone wins. Introducing the first-ever Lexus TX, an all-new luxury three-row SUV, where every seat is the best seat. Each seat has been thoughtfully designed to let up to seven passengers plug in, or simply unwind. A generous cargo area behind the third row helps ensure nothing gets left behind. Three distinct

powertrains offer everything from plug-in efficiency to thrilling, F SPORT performance. And Lexus Safety System+ 3.0¹ features our most advanced suite of standard active safety technologies, for added peace of mind. This is not just a three-row SUV. This is the new era of three-row luxury.
