Exterior Finishes

It takes an exceptional hide to make the cut. Less than 1% of those produced globally are chosen for Lincoln Black Label. They're selected by a 3rd-generation craftsman at Eagle Ottawa – a tannery since 1865 – then transformed into our exclusive Venetian leather through a process that imparts the softest “hand” and outstanding durability. Custom perforation patterns and precise stitching give this exquisite, naturally grained leather the perfect finishing touches.

The rich texture of an enchanting wood makes a lasting impression. Ziricote, a heavily grained wood from South America, has long inspired artisans of furniture, musical instruments and yachts. The ethereal, sparkling effect of Argento wood is achieved by infusing metallic dust between its layers. Special touches like these draw you inside the Lincoln Black Label collection.
