

1995  
MERCURY  
GRAND MARQUIS

ROOM, RIDE, COMFORT  
AND V-8 POWER  
ON A GRAND SCALE.

Grand Marquis has set the standard for full-sized sedans. Now, the 1995 model has been restyled to be more contemporary. It's still spacious enough to seat six passengers comfortably. A powerful overhead cam V-8 and body-on-frame construction contribute to its legendary ride. And, numerous features such as dual air bags, anti-lock brakes and speed-sensitive power steering help make this a most impressive Grand Marquis.

With its sleek, aerodynamic appearance and accommodating size, it's unmistakably a Grand Marquis. Its thoughtfully restyled exterior gives it a decidedly more contemporary flair. And since it's a Mercury, every last detail has been thought through. With the new Grand Marquis, a great thing has just gotten better.

ONE GLANCE TELLS YOU  
IT'S CLEARLY A  
GRAND MARQUIS.

IT GOES TO GREAT  
LENGTHS, WIDTHS AND  
HEIGHTS TO PLEASE YOU.

Mercury Grand Marquis has been redesigned with one important objective in mind: to put the driver's and passengers' comfort first. To this end, the 1995 Grand Marquis features a roomy six-passenger interior. And, among its many amenities you'll find rear seat heat ducts, luxurious upholstery and courtesy light switches for all doors.

Our engineers have completely redesigned the instrument panel to be substantially more user friendly with everything you need placed right at your fingertips. Gauges and controls are easier to locate to allow you to concentrate on driving.

ERGONOMICALLY DESIGNED  
FUNCTIONALITY WITH A  
DASH OF ELEGANCE.
