road manners.

NEW GAS-CHARGED HYDRAULIC MACPHERSON STRUTS ARE INCLUDED. FRONT STABILIZER BARS HAVE BEEN STIFFENED. A NEW ONE-PIECE BODYSIDE STAMPING PROCESS IS USED WHICH INCREASES THE TORSIONAL RIGIDITY OF THE BODY. SEVERAL BRAKE SYSTEM IMPROVEMENTS HAVE ALSO

BEEN INCLUDED. ALL THIS HAS RESULTED IN A NEW TRACER WITH A CONTROLLED RIDE THAT PUTS YOU IN TOUCH WITH THE ROAD. WITHOUT FEELING EVERY LITTLE BUMP AND POTHOLE. ITS REFINED ROAD MANNERS ARE EVIDENT WHEN RUNNING THOSE SEEMINGLY ENDLESS WEEKEND ERRANDS OR TEARING ALONG A WIDE OPEN STRETCH OF HIGHWAY. HAVE FUN!

ANOTHER MAJOR IMPROVEMENT YOU MAY BE HEARING A LOT ABOUT IS THE QUIETNESS OF THE NEW TRACER. ENGINEERS WENT THROUGH THE CAR FROM BUMPER TO BUMPER TO SEARCH OUT AND BANISH NOISE WHEREVER POSSIBLE. AS A RESULT, TRACER NOW INCLUDES LARGER PRIMARY WEATHERSTRIPPING, TEFLON®-COATED DOOR HINGES, A STIFFER INSTRUMENT PANEL WITH MODIFIED CROSSBEAMS AND A FULL SOUND INSULATION PACKAGE. THIS INCLUDES SOUND-DEADENING MATERIAL IN THE A-PILLARS WHICH HELPS KEEP OUT WIND AND ROAD NOISE.

NUMEROUS IMPROVEMENTS HAVE BEEN MADE TO THE ENGINE BLOCK, MANIFOLD, INTAKE AND EXHAUST VALVES, AND VALVE TRAIN. THE RESULT IS A NOTICEABLE REDUCTION IN ENGINE NOISE, VIBRATION AND HARSHNESS.

Tracer goes a long

THE NEW TRACER HAS BEEN DESIGNED TO OFFER YOU MAXIMUM PROTECTION. AND IT HAS THE KIND OF SAFETY FEATURES YOU'VE COME TO EXPECT FROM A MERCURY. A FEW OF THESE FEATURES ARE SHOWN HERE.

way to protect you.

Standard dual air bags offer added protection to both front seat passengers in a frontal collision. Always wear your safety belt.

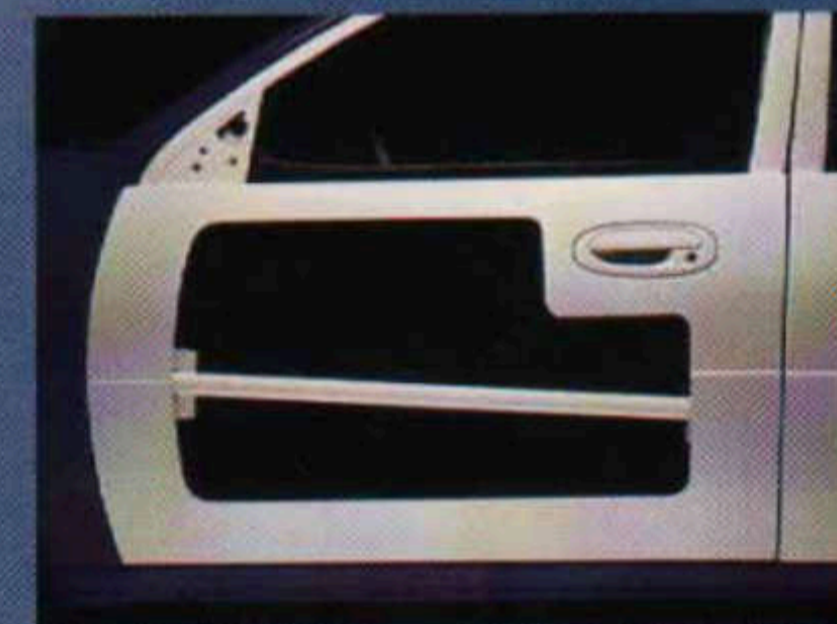

No more lugging unwieldy child safety seats from one car to another. With this optional feature, they're always on board.

Child-proof rear door locks prevent rear doors from opening from the inside while allowing parents access from the outside.

Inner aiming fixed lens headlamps have computer-designed optics for a jewel-like appearance. They offer precise alignment for outstanding nighttime visibility.

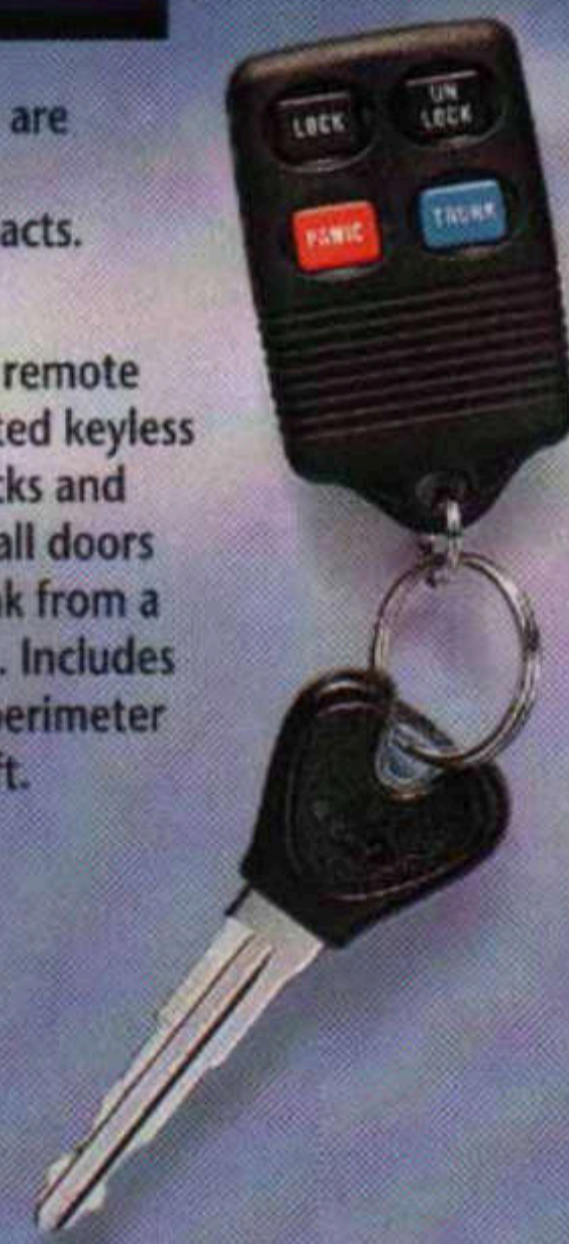

High strength tubular door beams are mounted inside each side door for protection during certain side impacts.

When accidentally left on if the door is ajar, the dome light is automatically shut off after 10 minutes. This helps prevent your battery from wearing down.

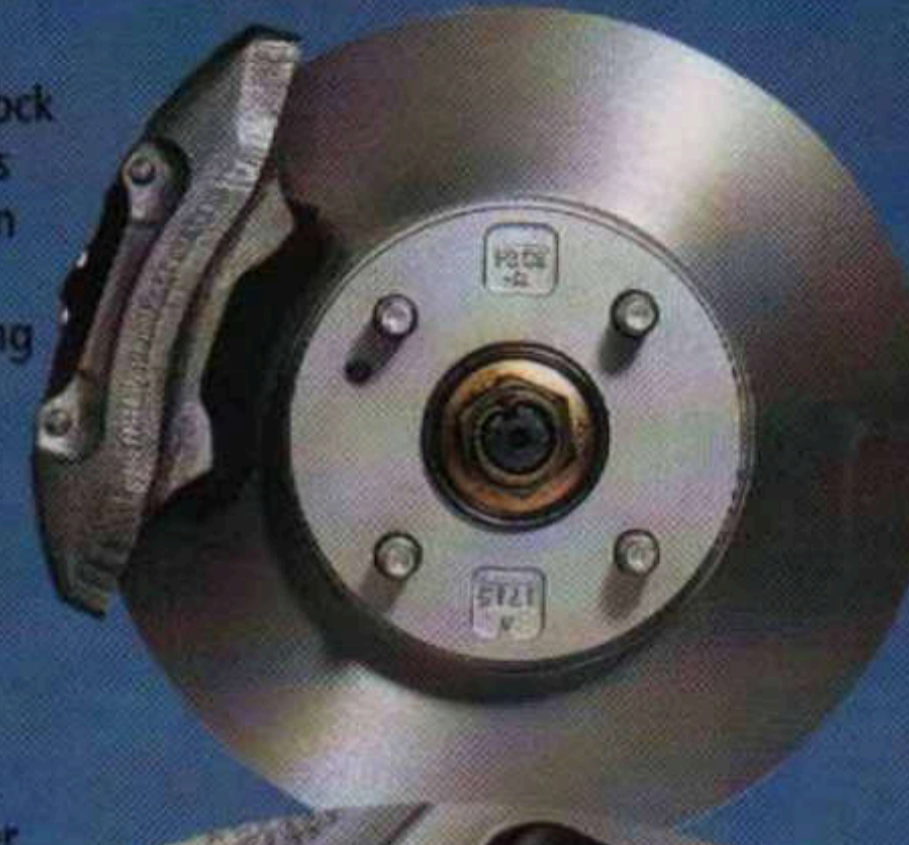

All-door remote illuminated keyless entry locks and unlocks all doors and trunk from a distance. Includes 4-door perimeter anti-theft.

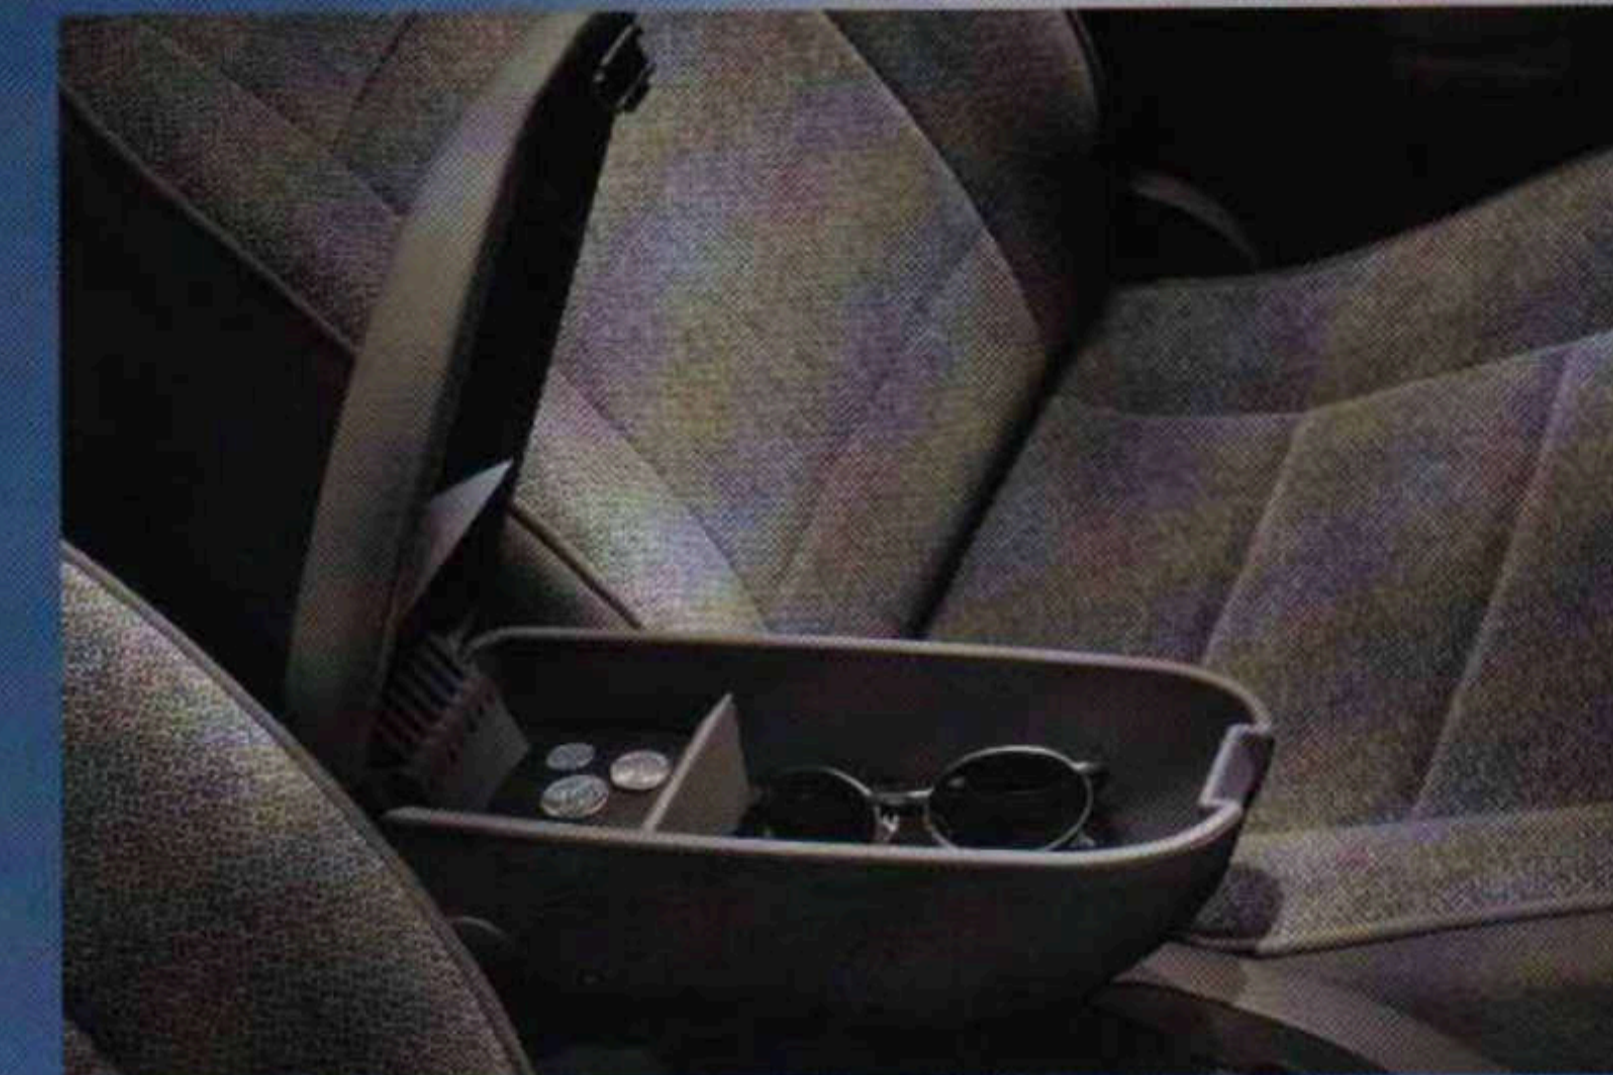

Front and rear bumpers are designed to absorb 5-mph impacts to minimize body damage.

Options and Accessories

An available anti-lock brake system helps the driver maintain steering control during hard braking or while braking on ice, snow, or rain-slick roads.

Switches for power windows and door locks are designed for easy operation without taking your eyes off the road.

An armrest console is available. It features a padded armrest that flips open for extra storage space. A removable cassette holder/coin tray is included.

Power mirrors are conveniently controlled by a switch at the driver's side.

Fingertip speed control is available. You set the speed and it does the rest.

An available front end cover is made of heavy-duty vinyl and helps protect Tracer's front end from stones. Special design lets you open the hood without removing the cover.

Take your music along for the ride with an available AM/FM stereo radio with cassette player and 4 premium speakers on sedan, 2 premium and 2 standard speakers on wagon.

Adapters used with factory-installed roof rack can accommodate two bikes or four pairs of skis. Available for all Tracer models.

An available rear window defroster clears your rear view with the flick of a switch. For wagon models, an optional rear window wiper/washer is extra convenient when the wet stuff starts to hit.

The sporty Tracer Trio includes a rear spoiler, fog lamps, special 14" geometric spoke aluminum wheels, a bright exhaust tip, Trio badging and unique sport seats.
