

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving through life with greater confidence, excitement and connection to the world around you.

LEAF[®]
2022

¹2022 EPA range of 149 miles for LEAF[®] S, SV; 226 miles for LEAF S PLUS; 215 miles for LEAF SV PLUS, SL PLUS. 2022 EPA Fuel Economy Estimates 123 City MPGe/99 Highway MPGe/111 Combined MPGe for LEAF S and SV; 118 City MPGe/97 Highway MPGe/108 Combined MPGe for LEAF S PLUS; 114 City MPGe/94 Highway MPGe/104 Combined MPGe for LEAF SV PLUS and SL PLUS. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy. Actual range will vary with trim levels, options, and driving conditions; see Customer Disclosure Form for details. ²Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ³Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information. ⁴Availability of features vary by vehicle model year, model, trim level, packaging, and options. Please see Owner's Manual for important feature information. ⁵Monitor traffic conditions and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information. ⁶ProPILOT Assist cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. ⁷Automatic Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁸Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁹Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. ¹⁰Blind Spot Warning cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ¹¹Lane Departure Warning only operates when lane markings are able to be detected. See Owner's Manual for safety information. ¹²Use feature only when safe and legal. Compatible device and service required. Subject to third party service availability. For more information see [NissanUSA.com/connect/legal](https://www.nissanusa.com/connect/legal). ¹³Use Hands Free Text Messaging when parked in a safe location. If you must use while driving, monitor traffic conditions and keep both hands on the steering wheel to prevent collisions. Compatible device and data rates may apply. ¹⁴Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ¹⁵Available feature. ¹⁶Heating or cooling of the cabin while vehicle is charging may decrease range or extend charging time. See Owner's Manual for safety information. ¹⁷Some chargers may not be compatible with your LEAF. Contact charger manufacturer before purchase for information on compatibility and warranty. Nissan does not warrant and is not responsible for loss, including consequential, incidental, or other damages, charger defects, charger incompatibility or installation services. ¹⁸Charging capacity and times may vary based on battery temperature. ¹⁹Public charging networks are provided by independent companies, and are not within Nissan's control. Availability of charging stations not guaranteed. ²⁰Zero Gravity seats for driver and outboard passengers only. ²¹Leather appointments. ²²Extra cost option. ²³SV PLUS only. ²⁴Intelligent Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. ²⁵Intelligent Lane Intervention only operates when lane markings are detectable. See Owner's Manual for safety information. ²⁶Intelligent Blind Spot Intervention cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ²⁷RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. ²⁸Rear Door Alert System does not detect people or cargo. Always check rear seat before exiting. See Owner's Manual for safety information. ²⁹Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ³⁰Intelligent Around View[®] Monitor cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. ³¹Intelligent Driver Alertness cannot provide a warning in every situation. See Owner's Manual for safety information. ³²Genuine Nissan Accessories are covered by Nissan's Limited Warranty on Genuine Nissan Replacement Parts, Genuine NISMO[®] 5-Tune Parts, and Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See dealer, Warranty Information Booklet, or [parts.nissanusa.com](https://www.parts.nissanusa.com) for details. ³³Cargo and load capacity limited by weight and distribution. Always secure cargo. ³⁴Zero tailpipe emissions. ³⁵Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ³⁶Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. ³⁷Intelligent Trace Control cannot prevent collisions or loss of control. Driver should remain in control of vehicle at all times. See Owner's Manual for safety information. ³⁸Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information. ³⁹Air bags are only a supplemental restraint system. Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See Owner's Manual for safety information. ⁴⁰Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. ⁴¹Vehicle must be on for the Easy-Fill Tire Alert to operate. ⁴²For a period of 36 months/36,000 miles from the date the vehicle is delivered to the first retail buyer or otherwise put into use, whichever is earlier. '22 Nissan LEAF[®] 225811-N-6/21-60K-KSL

There's excitement. Then there's the kind of excitement that makes every moment behind the wheel a rush. Up to 226 miles of range on Nissan LEAF® S PLUS means your destination possibilities have opened up.¹ Put your compatible smartphone on the big screen and connect to your world.² Drive with more confidence, thanks to a suite of standard Nissan Safety Shield® 360 features that can look out all around you.³ The 2022 Nissan LEAF. This is how driving should feel.

EPA-ESTIMATED
RANGE UP TO

226

MILES ON S PLUS¹

SL PLUS shown with EPA-estimated
range up to 215 miles.¹

Nissan LEAF® SL PLUS shown in Pearl White TriCoat.

Feel the rush of instant acceleration

It's a thrill you never saw coming. Nissan LEAF's 100% electric drivetrain delivers instant acceleration as soon as you touch the pedal. Turn the wheel, and the fun continues, with a battery pack that sits low in the chassis, letting you hug the road.

e-Pedal – One-pedal driving

Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It's not only fun, but encourages you to drive more efficiently. Of course, going back to driving with two pedals is as easy as flipping a switch.⁵

ProPILOT Assist

Helps keep you centered – even in gentle curves⁶

Helps maintain your preset speed and distance⁶

Can even come to a complete stop⁶

Confidence has never come this easy

With available ProPILOT Assist, the Nissan LEAF[®] helps out with daily highway driving – assisting you by following the car ahead at a preset distance and helps keep you centered in your lane. It can even bring you to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again. It all adds up to a more confident, enjoyable drive.⁶

Standard Nissan Safety Shield® 360

Nissan Intelligent Mobility is changing how you move forever with technology that makes you feel more connected, confident, and excited.

As part of Nissan Intelligent Mobility, Safety Shield 360 consists of features that help you see more, sense more, and can give you an assist when you need it. The following features are standard on Nissan LEAF.^{3, 4}

Automatic Emergency Braking with Pedestrian Detection⁷

Rear Automatic Braking⁸

Rear Cross Traffic Alert⁹

Blind Spot Warning¹⁰

Lane Departure Warning¹¹

High Beam Assist

There's nothing like seeing it on the big screen

People to see? Places to be? Just ask Siri®. Equipped with Siri® voice control, standard Apple CarPlay® brings your contacts, favorite messaging apps, Apple Music® playlists, Apple Maps, and more on board to your Nissan LEAF. Simply plug in your compatible iPhone® and go.^{2, 12}

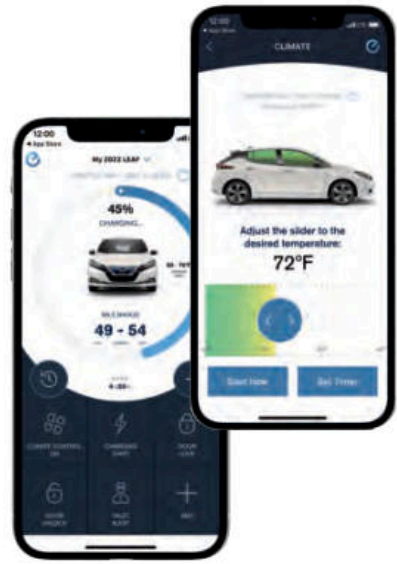

Talk to Google on Android Auto™ and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, "Hey Google" or long-press the voice control button on your steering wheel.^{12, 13, 14}

Get your day started with NissanConnect® EV & Services

Your Nissan LEAF® is powered up and you're connected – and you haven't even stepped out of the house yet. The NissanConnect® EV Skill for Amazon Alexa or the NissanConnect® EV Action on Google makes it possible. Or just use the NissanConnect® EV & Services app on your compatible smartphone to lock and unlock your doors, heat or cool your cabin while charging, and more.^{2, 12, 15, 16}

Connect the way you want

With NissanConnect® technologies, you can tailor how you stay in touch. Plug in and access your compatible smartphone. Available Nissan Door to Door Navigation makes driving to your next destination seamless. Bluetooth® and hands-free texting mean it's easier than ever to connect with your world. And you'll stay charged up with three standard USB ports, and a standard USB-C port.^{2, 12, 13, 14, 15}

Charging at home

Charge overnight, when electricity rates are often lower, using a 240-V plug.¹⁷

Qmerit

It's never been easier to get a home charger installed with Qmerit certified technicians and customer care specialists.¹⁷

At-Home 240-V Charging¹⁸

62 kWh BATTERY:
EPA Range up to 226 Miles on Nissan LEAF S PLUS!
Approx. 11.5 Hours = Full Charge¹⁸

40 kWh BATTERY:
EPA Range up to 149 Miles on Nissan LEAF S and SV!
Approx. 8 Hours = Full Charge¹⁸

EPA Range up to 215 miles as shown on Nissan LEAF SL PLUS.¹

Charging on the go

An ever-expanding network of public EV charging stations means you've got a lot of options for your next charge. Just use the available menu on your Nissan LEAF's center touch-screen display – you can even filter for the type of charger you are looking for, type of payment method, and more.^{12, 17, 19}

Public DC Quick Charging^{17, 18, 19}

62 kWh BATTERY:
EPA Range up to 226 Miles on Nissan LEAF S PLUS!
Approx. 45 Minutes = 80% Charge¹⁸ (100 kW)
Approx. 60 Minutes = 80% Charge¹⁸ (50 kW)

40 kWh BATTERY:
EPA Range up to 149 Miles on Nissan LEAF S and SV!
Approx. 40 Minutes = 80% Charge¹⁸ (50 kW)

NISSAN ENERGY PERKS by EVgo

Nissan has partnered with EVgo to provide LEAF customers with membership and charging credit (in select markets) on the nation's largest network of public fast chargers, all through the EVgo app. Available in the Apple App Store® and Google Play.™

EPA Range up to 215 miles as shown on Nissan LEAF SL PLUS.¹

Grab hold of a driver-centric design

It's all around you. Bold lines, distinctive touches, and the sense that this is a vehicle like no other. The Nissan LEAF's driver-centric environment proves you don't have to sacrifice comfort or convenience when driving electric. A "floating" touch-screen display puts your compatible iPhone® on center stage with Apple CarPlay.¹² Top it off with features like a telescoping D-shaped steering wheel and a distinctive center console, and it's clear this interior was designed with you in mind.
