OVER 530000¹
MILES AND 6,600 QUALITY AND DURABILITY TESTS

When it comes to making the toughest commercial vans you can buy, we go the extra distance for you, and it's no Sunday drive. We simulate years of corrosion, soaking a vehicle with salt, baking it, then pounding it around a test track. We wreak havoc with suspension and body components by driving through potholes, dips, and over 4 x 4 beams. Special chambers crank up the heat to 140° and humidity to 95% to break down seals and age interiors. Do we really need to go to such extremes? Yes, because every day, you depend on your Nissan Commercial Van to do your job. And that's the motivation for us to do ours.

¹Claim based on years/mileage (whichever occurs first) covered under the New Vehicle Limited Warranty basic coverage. 2017 Nissan NV Cargo, NV Passenger v. 2016 Large Van Class; 2016/2017 Nissan NV200[®] v. 2016 Small Van Class.
