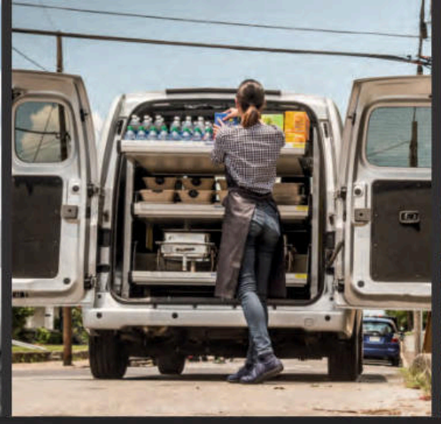
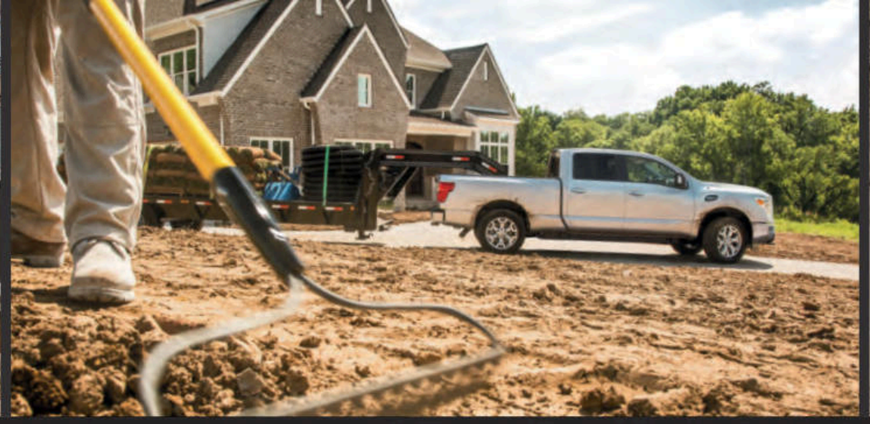
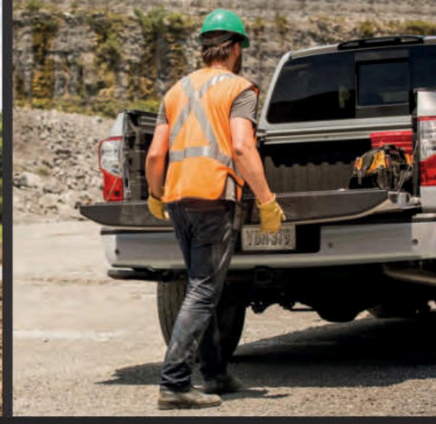
CONFIDENCE RUNS IN THE FAMILY

Whether you're using NV® Cargo as a workshop, towing a massive load with the TITAN XD,® navigating the worksite in a Frontier,® hauling a crew with NV® Passenger, or loading up the NV200® Compact Cargo, you can rest easy. That's because every Nissan Commercial Vehicle is rigorously tested and held to our exacting standards.[1, 2, 3, 4]







America's Best Commercial Van and Truck Warranty

5 YEARS/100,000 MILES
BUMPER-TO-BUMPER WARRANTY[5]

Including TITAN® (excluding Frontier®).
See dealer for limited warranty details.

Going above and beyond is the Nissan way. After passing all of our brutal quality and durability testing, we're sure you'll have a vehicle you can count on. To prove our confidence and our commitment, we are pleased to offer America's Best Commercial Van and Truck Warranty, a bumper-to-bumper limited warranty for 5 years or 100,000 miles, whichever comes first.[5] And that means we've got your back, so you can keep moving forward. For more details of the limited warranty, please go to **NissanCommercialVehicles.com** or ask your Nissan Business Certified Dealer.[5]

PROVEN TOUGH

530000 MI AND COUNTING

THE NISSAN ARIZONA TESTING CENTER

Think your drive is tough? Welcome to one of the most challenging places on earth. We test day and night, in scorching heat, freezing cold, on high-speed ovals and in torturous road conditions. But the results are worth it – some of the most rugged commercial vehicles you can buy.

SALT SPRAY TUNNEL

HEAT CHAMBER

To see how far we go to create a vehicle you can trust, go to **bit.ly/ncv20**

SO YOU CAN BE CONFIDENT MILE AFTER MILE

When it comes to making tough commercial vehicles, there's only one road to success. Exhaustive testing, testing, and more testing. Over 535,000 miles and 6,600 quality and durability tests, and it's no Sunday drive, either. We simulate years of corrosion in our salt spray tunnel. We then crank up the heat to 140 degrees and humidity to 95% in our heat chamber, recreating extreme climates. Our vehicles are also put through their paces on a challenging splash course, then pounded around the track, including on a specialized frame twist segment, to ensure they'll hold up to years of abuse.

Do we really need to go to such extremes, just to make a Nissan Commercial Vehicle the best you've ever owned? Yes, because every day, you depend on your vehicle to do your job. That's the motivation for us to do ours.
