AUTOMOBILITY PROGRAM
CHRYSLER | JEEP | DODGE | RAM

1 Based on IHS Automotive V10 registration data for all brands of GVW 1 - 3 pickup trucks continuously sold in the U.S. since 1988. Dodge and Ram have the highest overall percentage still on the road. 2 Based on Standard Pickup class. EPA estimated 29 mpg highway based on EcoDiesel V6 4x2. Actual results may vary. 3 The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 4 No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. 5 Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. 6 Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 7 Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Gas Powertrain Limited Warranty. 8 Transferable. See dealer for complete details and a copy of the 5-Year/100,000-Mile Diesel Powertrain Limited Warranty.

THIS IS HOW WE WORK. WITH TOTAL QUALITY.

AMERICA'S LONGEST-LASTING PICKUPS*

RAM. THE BENCHMARK FOR COMMERCIAL-GRADE.

With Ram, you're looking at capability at the top of its game. This is an industrial-level family that gives you stellar attributes where they really count the most. Torque is indispensable—and Ram Heavy Duty pickups and Chassis Cabs equipped with the Cummins® Turbo Diesel put impressive available torque at your service. Comfort? Ram light- and heavy-duty pickups feature groundbreaking available suspensions for outstanding ride and handling. If your business needs efficiency and strength, Ram leads: Ram 1500 pickup with the available 3.0L EcoDiesel V6 delivers best-in-class² 29 mpg hwy¹ and 420 lb-ft of torque. Few pickups match the refinement of a Ram Laramie Longhorn® or Limited model with their premium leather interiors. And for sheer practicality, the Ram ProMaster® and Ram ProMaster City® models feature a wealth of best-in-class features, with Cargo Van interiors ready-made for your upfit of choice. Ram delivers it all: PTO versatility. Superb towing. Exceptional hauling. Get the big picture, at
