RAM PROMASTER CITY

ALL-AROUND ADAPTABILITY

Focusing on low costs of operation, impressive resale value, and a list of best-in-class features that leave the competition looking on with envy, Ram ProMaster City® puts it all into perspective.

The advantages of the Ram ProMaster City models in a word? Superiority. The powertrain components include the 2.4L Tigershark® MultiAir® 2 I-4 engine and class-exclusive* 9-speed automatic transmission. Count on best-in-class† horsepower, best-in-class† torque and best-in-class† 28 mpg highway† fuel economy—the ideal assets to support your business.

Capability is also at the top. ProMaster City delivers best-in-class† payload—up to 1,883 lb⁴, best-in-class† cargo capacity—131.7 cubic feet* (for a fast comparison of this vast interior, that's pretty much the volume of three washer/dryer sets); and best-in-class† cargo width between the wheel wells—it's 48.4 inches, and it easily accommodates a standard pallet.

It just keeps getting better. Build strength starts with a steel backbone that helps enable an unsurpassed‡ towing rating to handle trailers up to 2,000 lb⁵. Finally, the all-important GVWR also gets a top-tier ranking: this best-in-class† GVWR of 5,395 lb** joins a no-nonsense GCWR that comes in at a solid and respectable 5,900 lb.†

THE FOCUS: LOW COSTS OF OWNERSHIP. EVERY DAY, EVERY MILE—AND OVER THE YEARS.

It's all about saving. Time. Money. Hassles. The gas-sipping 2.4L Tigershark[®] 4-cylinder with MultiAir[®]2 technology is mated to the super-efficient and class-exclusive¹ 9-speed automatic transmission. Think best-in-class² highway fuel economy and impressive on-road responsiveness with a 0-30 mph takeoff in only 3.7 seconds¹—ideal for everything from freeway ramps to suburban avenues.

Now factor in the driving range—which can reach up to 448 miles⁴ on a single tank of 87-octane regular. Consider oil change intervals as seldom as every 10,000 miles. Add the outstanding protection of a 5-Year/60,000-Mile Powertrain Limited Warranty³ and it's bottom-line clear: along with its wealth of best-in-class assets, Ram ProMaster City[®] also delivers superb value. Put it all together, and you've got America's Most Efficient Work Van⁵ at your service.

BEST-IN-CLASS² 28 MPG HWY¹

IT'S ALL ABOUT THE ECONOMY

**— AMERICA'S
MOST EFFICIENT

²Based on manufacturer testing. Always drive carefully, consistent with conditions. Always wear your seat belt and obey posted speed limits.

⁴EPA-estimated 21 mpg city/28 mpg hwy and 16-gallon fuel tank. Actual results may vary.

A USER'S GUIDE TO CAPABILITY

RAM PROMASTER CITY®: POWERTRAIN

THE CLASS-EXCLUSIVE¹ 9-SPEED AUTOMATIC TRANSMISSION Featuring Electronic Range Select (ERS), the 9-speed automatic is a major factor in achieving outstanding fuel efficiency. Considered to be superior in gear range, ratio spread and gear transitions to many of its 6-speed counterparts, it dispenses with conventional large-diameter friction discs in favor of dog clutches. With gear disengagement and actuation similar to that of a manual transmission, it uses shorter mid-range gears with near-frictionless operation and higher 7th, 8th and 9th transitions. Whether you're an accountant or a gearhead, Ram ProMaster City offers you a solid rationale for its exceptional performance.

2.4L TIGERSHARK[®] MULTIAIR[™] 2 I-4 WITH BEST-IN-CLASS¹ HORSEPOWER AND TORQUE

As the only gas-powered 4-cylinder in the Ram portfolio, the 2.4L Tigershark I-4 takes full advantage of the refined MultiAir2 valve train system. Internal components include a high-pressure die-cast aluminum block and a forged steel crankshaft with powder-metal forged steel connecting rods and cast-aluminum pistons. Individual oil squirters help keep internal temperatures in the ideal range and the position of the exhaust manifold helps reduce noise in the engine compartment. Smart pulse-width modulation technology on the alternator and fuel pump helps contribute to operating efficiency. Acceleration is responsive: a mere 3.7 seconds from a full stop to 30 mph.*

PROMASTER CITY: MECHANICAL STRENGTHS

THE CLASS-EXCLUSIVE¹ BI-LINK REAR SUSPENSION A completely unique feature—and one designed specifically for Ram ProMaster City—is the bi-link rear suspension. This unrivaled configuration delivers comfort for passengers, enables confident hauling and offers enhanced stability. Our engineers employed a steel crossmember with an optimum weight/stiffness ratio to help improve reaction to lateral loads; the technology also contributes to improved handling. The steel, cargo-rated coil springs supply high-fatigue endurance and work with tough telescopic twin-tube hydraulic shocks designed for minimal mass and maximum performance. A 16-mm solid stabilizer bar with optimized torsional stiffness also ensures long-lasting durability.

ProMaster City. Properly secure all cargo.

TWIN-TUBE STRUTS; COIL SPRINGS

Our twin-tube MacPherson struts are large-diameter (52 mm); it's engineering that easily supports this best-in-class¹ GVWR. We also added GVWR-tuned high-performance stamped-steel clamshell-sectioned control arms with a steel crossmember, specifically tuned springs, a solid 26-mm-diameter stabilizer bar with cast-iron knuckles, and large-sized coil springs. The sum of it all translates into formidable capability, surprisingly nimble maneuverability and a phenomenally comfortable ride.

PREMIUM RACK AND PINION STEERING WITH FRONT-WHEEL DRIVE (FWD)

The importance of rack and pinion steering and FWD shows in the tight turning radius—and in the convenient flat-floor cargo area and easy step-in height. This hydraulic-assist system features a premium steering gear and is engineered and tuned to meet the rigorous demands of the commercial market: curb-to-curb turns are only 42 feet. The adjustable tilt/telescoping steering column—an unusual convenience in the commercial class—is standard on all models.

RESILIENT FRAME STRENGTH

A solid backbone was a major mandate for this body-frame integral (unibody) design. This chassis employs an integrated frame structure, strategically boxed frame components, multiple crossrails and a robust and very comfortable suspension. The engineering gives Cargo Van best-in-class¹ payload up to 1,883lb¹ and unsurpassed² towing up to 2,000 lb¹. More top-tier capability is built in: GVWR is a best-in-class¹ 5,395 lb¹ and backed by a solid GCWR rating—it's a substantial 5,900 lb¹

SAFETY AND SECURITY: WE'VE GOT YOU COVERED

You're carrying cargo, passengers or both. Protect all of it. Every Ram ProMaster City[®] features one of the most comprehensive and advanced technologies for handling and maneuvering: the Electronic Stability Control (ESC)[®] system. This system integrates the Antilock Braking System (ABS) with a variety of All-Speed Traction Control technologies that enable all four corners of the vehicle to respond to lateral movement and the steering input from the driver. ESC[®] helps maintain control under conditions such as wet or snow-covered roads, during tight turns and when the driver must utilize evasive maneuvers to help counter the unexpected. Calibrated to engine output, ESC[®] includes four-channel ABS, Brake/Lock Differential, a full-function All-Speed Traction Control system, Brake Assist, Engine Drag Control, Trailer Sway Control[®], Hill Start Assist and Electronic Roll Mitigation.

SLEEK AERODYNAMIC EXTERIOR DESIGN

Thoroughly wind-tunnel tested, Ram ProMaster City delivers a super-low drag coefficient (CD)—a mere 0.30. While this enables a remarkably quiet interior, reducing wind resistance also acts as a major contributor to impressive fuel efficiency.

INTELLIGENT FORWARD LIGHTING

Headlamps are high-mounted above common crash zones to help reduce damage (and costs) in the event of a collision. The system includes the Follow Me Home function, illuminating the front of the vehicle via the headlamps for a preset time.

SEVEN STANDARD AIR BAGS[†]

Few competitive vehicles in the class offer so many. Our system includes dual-stage driver and front-passenger air bags, side air bag inflatable curtains, front-seat-mounted thorax air bags, the class-exclusive¹ driver's-side knee air bag, dual front seat belt pretensioners and seat belt load limiters.

IN-FLOOR TIE-DOWN RINGS

In-floor tie-down rings (six on Cargo Van; four on Wagon) help secure cargo. They come as standard equipment on every model.

TOP-LEVEL CARGO MANAGEMENT

In-roof predrilled anchor points are already in place for numerous aftermarket accessories, including available Roof Rails from Mopar. Molded in color with a Silver finish, they carry a 150-lb max rating and will accommodate a variety of available assets, including Roof Top Cargo Carriers, Bike Carriers, Ski Carriers and Water Sports Carriers. For a complete inventory, search MOPAR.COM

PARKVIEW[®] REAR BACK-UP CAMERA[†]

Standard on every model, the ParkView Rear Back-Up Camera[®] automatically shows the rear scene in the Uconnect[®] 3 with 5-inch touchscreen display when in Reverse. The on-screen grid lines help when backing up to docks and trailers or into parking spaces.

PARKSENSE[®] REAR PARK ASSIST SYSTEM[†]

The available ParkSense Rear Park Assist System[†] is fast becoming an indispensable asset to keep the driver alert to his or her surroundings. Activated under 8 mph when in Reverse, it projects audible warnings that increase in intensity as the vehicle nears obstructions to the rear.

In-floor tie-down rings and seven standard air bags[†]

In-roof predrilled receptacles

Mopar Removable Three-Bar Utility Roof Rack

THE NATURAL WAY TO
GROW A BUSINESS

Properly secure all cargo.

IT'S ALL ABOUT GETTING IT DONE.

Interiors are adaptable, large and people-friendly—the ideal for one-hour jaunts or weeks on the road. Amenities include durable and easy-to-clean surfaces and smart and user-friendly interfaces with state-of-the-art electronics and communications. Seating is designed for maximum comfort, using long-lasting and easy-on-the-eye fabrics. Storage is everywhere. In short, convenience and functionality are integral design elements throughout this interior.

OUR SMARTEST CALL WAS TO STUDY THE SMARTPHONE.

Phones now perform far beyond making mere phone calls—and the standard and available radio and telematics systems for Ram ProMaster City® reflect comparable degrees of advanced technology.

Ram ProMaster City features a standard Uconnect® 3 with a vibrant 5-inch color touchscreen display and four speakers with Bluetooth® and Integrated Voice Command. Available Uconnect 3 NAV adds GPS Navigation and Points of Interest. Available SiriusXM® Radio⁹ includes a one-year trial subscription. With Ram ProMaster City and Uconnect audio and communications systems, you're always in touch and in the know.

UCONNECT 3 WITH 5-INCH DISPLAY

- ▶ AM/FM stereo
- ▶ MP3 capability with auxiliary input
- ▶ Integrated Voice Command
- ▶ Five-inch color touchscreen
- ▶ Four-speaker sound system
- ▶ ParkView® Rear Back-Up Camera⁴

UCONNECT 3 NAV WITH 5-INCH DISPLAY

All features of the Uconnect 3 with 5-inch display, plus:

- ▶ GPS Navigation
- ▶ Points-of-Interest accessibility
- ▶ Turn-by-turn Navigation

Uconnect TECHNOLOGY DESIGNED FOR PRODUCTIVITY

A COMPREHENSIVE SET OF DIAGNOSTICS FOR YOUR RAM PROMASTER CITY®

Engineered specifically for the Ram Brand and powered by Verizon, new Ram Telematics™* gives you instant and real-time on-screen monitoring, provides complete visibility of your fleet operations and helps reduce your total costs of ownership.

Tracking nearly 100 mechanical functions—everything from accelerator pedal position to engine info such as coolant level and oil life monitoring—the system helps keep your vehicle in top-notch condition, lets your drivers make better decisions and dramatically increases uptime. Real-life numbers for your business:

- 15% IN PRODUCTIVITY
- 20% IN VEHICLE UTILIZATION
- 25% IN FUEL EXPENSES
- 30% IN IDLE TIME
- 10% IN MILEAGE DRIVEN
- 15% IN OVERTIME

Optimize your assets to their fullest—and get the most from your Ram vehicle. Check out RAMTRUCKS.COM/TELEMATICS

STAY ON TRACK BY KEEPING TRACK.

Zero complexity plus total visibility of your operations equals 100% effectivity. This is vehicle status and history that adds insights about driver behavior. Just a few of the many advantages:

- | | |
|----------------------------|---|
| VEHICLE DIAGNOSTICS | DRIVER BEHAVIOR |
| ▶ Oil Life Monitoring | ▶ Speeding vs. Posted Speed Limit |
| ▶ Tire Pressure Monitoring | ▶ Hard Braking/Accelerating |
| ▶ Diagnostic Trouble Codes | ▶ ABS/Stability Control Event |
| VEHICLE PERFORMANCE | DRIVER SAFETY & VEHICLE SECURITY |
| ▶ Fuel Consumption | ▶ Seat Belt Usage |
| ▶ Idling | ▶ Air Bag ⁷ Deployment |
| ▶ Odometer Readings | ▶ Unauthorized Vehicle Use |
| VEHICLE TRACKING | |
| ▶ GPS Location | |
| ▶ Geo-fencing | |

WHEN ADVENTURE CALLS PASSENGER WAGON IS THE ANSWER

LARGE ENOUGH FOR THE WHOLE CREW. STRONG ENOUGH FOR MORE. Seating for five. Area behind upright second-row seats: 74.1 cu ft*, folded, it's 201.7 cu ft*. By contrast, the volume of a standard wagon/sUV's cargo is around 48 cu ft. With payload up to 1,773 lb* and towing up to 1,800 lb. Passenger Wagon delivers the kind of efficiency to get there without breaking the back, an interior to get there in comfort and the capability to bring it all with you.

*When properly equipped. See dealer for details. Properly secure all cargo.

ONE SPACIOUS SHUTTLE BUILT FOR INNER SPACE

NOT MERELY PEOPLE-FRIENDLY. IT'S EVERYTHING-FRIENDLY.

Meet the smartly designed Ram ProMaster City® Passenger Wagon. Whether you manage an office team or coach your local baseball team, this Wagon delivers top-of-the-line assets for all: total comfort, a supremely quiet ride and welcome adaptability.

Seating is critical. Front tubular bucket seats feature spring suspensions, adjustable headrests with reclining seatbacks, durable fabrics and easy in-and-out access; manual lumbar support controls for the driver's seat and heated surfaces for the front seats are both available. The innovative second-row design reflects inventive practicality and a focus on comfort, employing the smart Fold-and-Tumble rear-seat design that enables up to nine configurations. Dual side doors slide open, and rear doors feature a smart and safety-oriented 60/40 split design; the larger of the rear doors is placed on the driver's side for good reason: the off-set design makes curbside loading easier and safer than conventionally designed doors.

Storage is abundant. In back, the cargo area width maxes out at 57.6 inches. In front, the large standard overhead front shelf system stashes everything from gloves to ice scrapers to notebooks. An oversized glove box (176.9 cu in) joins a large, open, 12x4-inch in-dashboard storage bin; the concave storage tray in front of the driver is ideal for valuables and personal devices. To that, add multiple storage pockets and trays around the media center, a center console with two cup holders, two 12-volt capped auxiliary power outlets and USB and auxiliary connections for smart and intuitive charging.

Properly secure all cargo.

Properly secure all cargo.

UPWARD MOBILITY

THE NEW DEFINITION

RAM PROMASTER CITY®: A MOVING EXAMPLE OF OUR COMMITMENT TO THE AUTOMOBILITY PROGRAM.

When you design and build a vehicle with this level of adaptability, you create the means to deliver new levels of independence. When it comes to mobility-minded upfits and personal customization, few deliver like a Ram ProMaster City. The expansive side door openings provide huge, unimpeded access, and the 60/40 split rear doors can easily accommodate a wheelchair with occupant. The in-floor D-rings on all models (four on Wagon and six on Cargo Van) ensure secure anchoring for wheelchairs and accessories, while ProMaster City Passenger Wagon adds more comfort measures—like optional power second-row windows and variable seating dynamics. Top it all off with silence—namely, the welcome quietness that comes from a carpeted cabin throughout.

SMART THINKING ENABLES EMPOWERMENT FOR ALL
 Converting a Ram ProMaster City for wheelchair or disabled access is a designed-in advantage. For left, controlled by third-party after-market electrohydraulic controls, this user-friendly swing-out front seat shows how convenience becomes freedom of movement. Near left, this upfit utilizes an after-market lift for wheelchairs or scooters; the rear area is large enough to store it while not in use.

It all comes together for all the right reasons: impressive GVWR and huge, adaptable interior with generous door openings on both sides and in the rear.

Automobility upfit is after-market only. Properly secure all cargo.

AUTHENTIC ACCESSORIES BY MOPAR®

When it comes to your Ram ProMaster City®, not all parts and accessories are created equal. As the official service, parts and customer care provider for the Ram Brand, only Mopar Parts and Accessories can ensure the proper fit, finish and functionality. That's because they're original equipment; engineered by the same people who designed your vehicle, which means you can customize your vehicle with complete confidence.

Mopar is also more than parts and accessories. We're here to help you properly maintain and care for your vehicle. Our certified technicians are trained to know your vehicle best and our Mopar Express Lane service departments are set up to get you in and out quickly. From parts and accessories to expert service and more, always be sure to choose Mopar. Learn more at MOPAR.COM

The fast lane for small business.

THE DEALER NETWORK FOR YOUR BUSINESS.

Your **BusinessLink** dealer is committed to providing you, the small business owner, with the vehicle support you need for your business, from servicing all makes and models of your existing vehicles to selling you the right vehicles needed to perform the work that you do. Your **BusinessLink** dealer provides priority service because we know downtime is costing you money. Your **BusinessLink** dealer has sales professionals trained to properly "job-rate" the right vehicle for your work application along with providing commercial finance options. New vehicle sales to qualified small business owners also receive a free alternate transportation contract in the event your vehicle is in for service.

Membership in the **BusinessLink** program is free. Membership helps us to identify you as a small business owner so we can provide you with both the service you deserve and update you with offers that can help reduce the cost of doing business. Ask your **BusinessLink** dealer to register today.

BusinessLink has you covered.

- ▶ Full Range of FCA Commercial Vehicles
- ▶ Free Membership
- ▶ Priority Service
- ▶ Extended Service Hours
- ▶ Dedicated Staff of Commercial Vehicle Experts
- ▶ Free Alternate Transportation
- ▶ Generous Incentives
- ▶ Expertise in Commercial Financing Options
- ▶ 24/7 Towing Service Available

For more information, log on to FCAUSFLEET.COM or call us toll-free at **877-2THELINK (877-284-3546)**.

INCENTIVES FOR SMALL BUSINESSES.

Running a business presents plenty of challenges. Like cutting costs, not corners. Like saving time and money while avoiding hassles. The **ON THE JOB**² commercial incentive program provides assistance in customizing and servicing your business vehicles.

ON THE JOB² allowances make your business more profitable!

- ▶ **NO-EXTRA-CHARGE 2-Year Gas/4-Year Diesel Lube-Oil-Filter Allowance**
- ▶ **UP TO \$1,000 Commercial Graphics Program Allowance**
- ▶ **UP TO \$1,000 Commercial Equipment/Uplift Allowance**
- ▶ **\$300 - \$1,000 Allowance on Select Mopar® Service Contracts**

See your dealer for specific program rules and details. Log on to FCAUSFLEET.COM or call us toll-free at **877-ONTHEJOB (877-668-4356)**.

A commercial line of credit from Chrysler Capital is ideal for qualified business customers looking for a flexible, easy way to manage growing vehicle needs. Chrysler Capital streamlines the process. With prequalification, you're ready to buy a vehicle when you need it. Ask your **BusinessLink** dealer for details.
