# Four-season, four-seater.

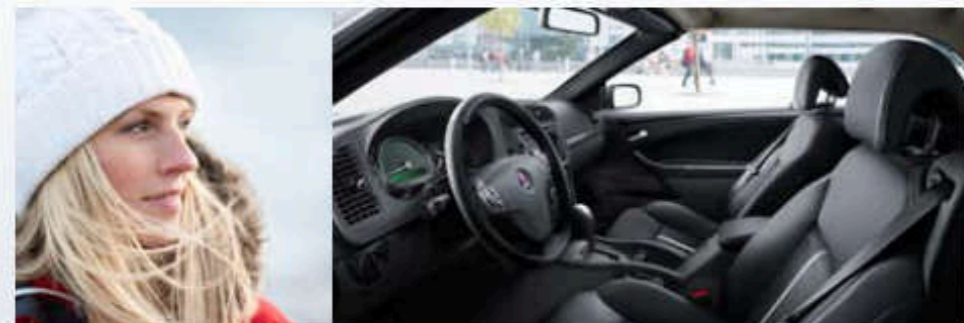

## Saab 9-3 Convertible.

This is a Saab icon that spotlights progressive Scandinavian design. An open car for an open mind. A four-season, four-seater that will empower your senses. Sporty, elegant and playful. You'll feel it in the dynamic driver's seat. In the turbo power, spirited performance and cutting-edge chassis design. Plus all the advanced features that enhance driving excitement and convenience even further. Did we mention world-class real-life safety? Prepare for it all – top up or top down.

### The Aero Griffin.

The top-of-the-line Aero Griffin model with dual sport exhaust pipes, sport chassis, front fog lamps with graphite fiber-effect trim, sport interior and matching equipment offers the most intense Saab driving experience.

### Cockpit and soft-top.

The new Griffin interior is designed to add even more sporty attraction and driving pleasure. The top raises and latches in just 20 seconds. Available with remote operation, it delivers excellent insulation from outside noise, heat and cold.

### Experience BioPower.

In the Saab 9-3 Convertible, you can enjoy the refined turbo power from our new E85-capable BioPower engine. It's equipped with advanced technical features such as direct injection, dual-variable valve timing and a twin-scroll turbo. The result? Power when you want it. Like when passing other cars. 258 lb-ft of torque is available from 2,000 to 4,000 rpm and delivered through a six-speed manual transmission, or six-speed automatic with manual shift mode.

# Bolder, brighter and very eager.

## Saab 9-3 Sport Sedan and SportCombi.

Just one look and you'll know it. The Saab 9-3 is designed for driving exhilaration beyond the ordinary. Boosted by the powerful sensation that comes from a new, highly efficient turbo engine. The driver-focused interior strikes you the very second you slide into the cockpit and discover all the ways it was designed to perform. So if you really want to enjoy true driving exhilaration, welcome to the Saab 9-3 Griffin.

### The Aero Griffin.

The top-of-the-line Griffin model with dual sport exhaust pipes, sport chassis, front foglights with graphite fiber-effect trim, sport interior and matching equipment offer the most intense Saab driving experience.

### The new Saab Turbo. E85-capable.

The Saab 9-3 has a new turbocharged BioPower engine, which means you can fuel it with E85, gas or any mix of the two. It produces power when you want it. Like when passing other cars. 258 lb-ft of torque is available from 2,000 to 4,000 rpm and delivered through a six-speed manual transmission or six-speed automatic transmission. Among all its technical features, you'll find direct injection, dual variable valve timing and twin-scroll turbo resulting in 220 hp maximum output.

# Designed to elevate your experience.

## Saab 9-3X.

The Saab 9-3X Griffin is designed around you – an active driver with an active life. A sporty wagon with a rugged exterior and elevated all-season performance, with standard Saab XWD™ (Cross-Wheel Drive) system. If you like a commanding view, the new Saab 9-3X is the perfect place to be. With its raised chassis you are seated a bit higher in the driver-focused cockpit. Experience instant turbocharged power at hand and a sensational feeling of control, in virtually all kinds of weather and road conditions.

### Turbo power when you want it.

The XWD™ system in the Saab 9-3X is perfectly mated by a new turbocharged engine. It provides a massive 258 lb-ft of torque from 2,000 to 4,000 rpm and maximum output is 220 hp.

### Saab XWD.

The Saab XWD™ system continuously senses your driving style and the road conditions. It then actively helps improve the car's behavior on the road. Designed to help provide better grip, faster acceleration, more agile cornering and improved stability. In virtually all kinds of weather.

### eLSD.

Standard on the 9-3X Griffin, the electronically controlled rear limited slip differential balances torque between the rear wheels, helping the car to turn even quicker and more easily.
