Jetta GLI

Volkswagen

This much fun tends to get noticed.

The Jetta GLI is a celebration of torque and transmission, and exhilaration. With five head-turning colors to choose from, the combination of performance and design on the GLI will be like music to your ears.

228-hp 2.0L TSI® turbocharged engine

Boasting 258 lb-ft of torque and a powerful 4-cylinder 228-hp engine, the Jetta GLI comes ready to fire on all cylinders.*

DCC® adaptive chassis control

Available DCC adjusts the optimal damping force, selectively applying it to the four wheels individually and offering three different settings of suspension firmness.

VAQ limited-slip front differential lock

VAQ continuously monitors performance indicators like vehicle speed, wheel rotation, and lateral G-forces.* This can help eliminate understeer by proactively making adjustments to help maintain optimum torque balance, transferring up to 100% of torque to one wheel.

Chrome dual exhaust tips with rear lower diffuser

This exhaust system features twin exhaust tips framing a lower rear diffuser for your performance-seeking pleasure. Inside, a distinct roar helps raise excitement levels even further.

*Always obey local speed and traffic laws.

FEATURES

Electromechanical progressive power steering system
6-speed manual transmission
LED projector headlights with LED Daytime Running Lights (DRL)
Black honeycomb grille with red accents and GLI badging
18" twin 5-spoke machined alloy wheels
Rear spoiler

AVAILABLE FEATURES

Power tilting/sliding panoramic sunroof
Black mirror caps (GLI Autobahn Black Package only)
Black rear spoiler (GLI Autobahn Black Package only)
18" twin 5-spoke dark gray alloy wheels (GLI Autobahn Black Package only)

Performance brakes

Large ventilated disc brakes with high-performance stopping power. Striking red calipers help them stand out. Not that you'll need any help standing out.

Performance Monitor

View your vitals in real time. This available monitoring system relays performance information like multi-directional G-forces,* boost pressure, and engine power usage.

7-speed automatic DSG® transmission with Tiptronic® and Sport Mode

Add some automatic adrenaline to your ride home. The available 7-speed DSG automatic transmission allows rapid shifting up and down with paddle shifters located just a finger's reach from the steering wheel.

*Always obey local speed and traffic laws.

A presence, even when parked.

The Jetta GLI has tons of attitude—and with eye-catching details in red and black strategically placed in all the right places, it serves up a look that's confident and bold.

10-color interior ambient lighting

Adjust the mood inside instantly with any of the 10 available ambient light color choices.

Leather-wrapped, multi-function sport steering wheel

In addition to steering, it can also give you easy access to music, driver assistance features*, and voice control. Talk about a multi-tasker.

GLI interior styling

Experience the truly unique in the Jetta GLI. Surround yourself with black decor, GLI-specific accents, and stainless steel pedal caps. Not to mention red LEDs on the door sills and a pop of red contrast stitching to let you know you made a bold choice.

Driver-focused interior

With a driver-angled dashboard, available memory seats, and VW Digital Cockpit for customizable displays, the Jetta GLI is truly designed with the driver in mind.

*Driver Assistance features are not substitutes for attentive driving. See Owner's Manual for further details, and important limitations.

Comfort sport seats with contrast stitching

Comfort, say hi to style. Comfortable sport seats feel great and look just as good draped in a confident Titan Black with red contrast stitching.

Ventilated front seats

These available ventilated surfaces help cool you down when the weather gets warm.

Leather seating surfaces

Want to make a bold statement? Available black leather with a pop of red at the seams will take care of that.

App-Connect*

App-Connect allows you to connect your compatible smartphone with Apple CarPlay® (below), Android Auto™, or MirrorLink® to access select apps on the touchscreen display. From streaming music to mobile apps, it can be accessed on the touchscreen.

Apple CarPlay integration for your iPhone shown.

FEATURES

- 6.5" touchscreen sound system
- Multifunction Display (MFD) with trip computer
- Bluetooth® technology with audio streaming for compatible devices
- Keyless access with push-button start**
- Climatronic® dual-zone climate control
- Heated front seats

AVAILABLE FEATURES

- Volkswagen Digital Cockpit
- 8" touchscreen sound system
- BeatsAudio®
- Remote start**

*Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android and Android Auto are trademarks of Google LLC. Apple CarPlay is a registered trademark of Apple Inc. MirrorLink is a registered trademark of the Car Connectivity Consortium LLC. **See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces, and consult local laws for any limitations on use.

Don't pass up a chance for peace of mind.

Driver Assistance features can help give you more confidence on your drive.

Rear Traffic Alert*

Rear Traffic Alert comes in handy when you're backing up. It has sensors that can alert you to detected vehicles crossing in your path when in reverse and can even help brake the vehicle if needed.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist)*

The Forward Collision Warning (included in Front Assist) system can help monitor traffic and can alert you acoustically and visually to a potential rear-end collision with the vehicle moving ahead. If it senses that a collision is imminent, Autonomous Emergency Braking (included in Front Assist) can support the driver with increased brake pressure or, if the driver does not react at all, it can apply the brakes automatically.

Blind Spot Monitor*

The Blind Spot Monitor is a feature that can sense what you might miss. If you attempt to change lanes, Blind Spot Monitor can help alert you to other cars that may be in your blind spot.

Specifications, standard features, options, fabrics, and colors are subject to change without notice. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about the availability of options and verify that the vehicle you ordered includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. "Volkswagen," the Volkswagen logo, "Jetta GLI," "TSI," and "Climatronic" are registered trademarks of Volkswagen AG. "Bluetooth" is a registered trademark of Bluetooth SIG, Inc. "Tiptronic" is a registered trademark of Dr. Ing. h.c. F. Porsche AG. Volkswagen navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other road system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost. For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW or just look us up at vw.com.
